NOMINATION TO STAND

Hoover Firm for Judge Parker

Justice Department Answers Tirade of Unionist Head on Old Ruling

Carolinian's Decision Shown as Carrying Out Dictum of High Tribunal

BY LAURENCE M. BENEDICT
"Times" Staff Correspondent

WASHINGTON, April 13. (Exclusive)—Sticking to his guns in the nomination of Circuit Judge John J. Parker of North Carolina for a place on the Supreme Court in the face of stiff opposition from labor union officials, President Hoover today made public a Justice Department memorandum analyzing the Parker decision in the Red Jacket mine suit, showing that he simply carried out a clear-cut ruling by the Supreme Court in an almost identical situation.

Nowhere in the opinion, according to the memorandum, did Judge Parker express any personal judgment. To refuse to confirm him under the circumstances, the Department of Justice stated, would be to refuse confirmation "because he followed out and gave binding effect to the decisions of the Supreme Court of the United States."

HOOVER'S LAST WORD

The White House action in giving out this defense of Judge Parker is regarded as its last word in the matter and as showing all the more the President's determination to insist upon the appointment. Parker has been selected to the place vacated by the death of Justice Sanford of Tennessee. In spite of all the agitation, confirmation is believed certain when the Senate finally gets to a vote.

However, the American Federation of Labor is continuing a vigorous fight. Its president, William Green, issued another statement this afternoon charging Judge Parker with judicial bias against the working classes and asserting it "inconceivable" that the Senate should confirm him. The statement declares that the "laboring people over the country" are "aroused as never before" over an appointment to the Supreme Court.

After sifting the Red Jacket litigation step by step from the West Virginia courts up to the Circuit Court of which Judge Parker was one of three members, the Department of Justice memorandum concludes:

HAD NO CHOICE

"There does not appear to be a point decided in the Red Jacket Coal Company case on which Judge Parker assumed to exercise any independent judgment or opinion. He and his associates felt bound by the Supreme Court decisions. In holding the contracts valid and that outside efforts to induce the union men to break them were properly enjoined, he merely quoted rulings to that effect in the Hitchman case. Nowhere are expressed or indicated any personal views about

NEW NAVAL ERA HAILED

Rivalry at End, Says Stimson

Moral and Material Gains Achieved at Conference, Radio World Told

Italy Causes Hitch in Treaty Drafting, Producing Fear for Delay in Signing

LONDON, April 13. (AP)—Broadcasting to America today, Col. Henry L. Stimson, American Secretary of State and chief of the United States delegation to the naval conference, proclaimed the success of the conference to his fellow-countrymen.

The Secretary outlined the moral as well as the material advantages achieved by the five delegations, concluding with a special tribute to his own colleagues, Senator Reed, Senator Robinson, Secretary of the Navy Adams, Ambassador Dawes, Ambassador Morrow and Ambassador Gibson.

LIMITATION CONTINUOUS

Of the work that the conference has accomplished, Mr. Stimson spoke with restrained enthusiasm. He still holds to the principle he announced at the first conference meeting last January that naval limitation is a continuous process, and disarmament a goal to be reached by successive steps, frequent revision and far-sighted improvement.

As he left the microphone, reports circulated here to the effect that a hitch has occurred in the work of drafting the proposed London treaty, which may prevent the signing of the pact Thursday, as had been hoped for.

The drafting committee, with Ambassador Morrow at the head of the American members, labored today from 10 a.m. to 8 p.m. Although Mr. Morrow, on returning to American headquarters, declared great progress has been made with the work, it was said the Italian delegation has temporarily blocked progress.

ROSSO BALKS AT CLAUSE

Signor Rosso, representing Foreign Minister Grandi of Italy, said he cannot agree to the insertion in the treaty of a clause dealing with methods of limitation. He feels this question should be sent back to the League of Nations for consideration at a future conference.

Grandi, who is confined to his room with illness, is expected to attend the plenary session scheduled by the chief delegates for tomorrow. The difficulty can probably be smoothed over then, and the drafting committee will return to the attack on it in the morning.

In any case Secretary Stimson is confident that the American delegation will sail for home aboard the liner Leviathan around the 22nd inst., even if the formal signature of the treaty is postponed for a few days after Thursday.

Mr. Stimson in his radio address asserted the London naval conference has reached a lower level of fleet limitation agreements "than any of

ORTIZ RUBIO BACKS WAR ON ALCOHOL

State Executives Asked to Assist in Campaign Started by Portes Gil

MEXICO CITY, April 13. (AP)—President Ortiz Rubio today summoned the whole-hearted support of his government for the anti-alcohol campaign started by former President Portes Gil.

In a signed order the President directed the National Anti-Alcohol Committee, acting through the Department of the Interior, to remind all State governments that it is the President's desire that the anti-alcohol campaign be continued and intensified.

"My government earnestly desires and requests the co-operation of all officials, with all the means possible, in the antialcohol campaign," the President's order said.

Ortiz Rubio and the Secretary of the Interior, Portes Gil, also circularized all State and territorial governors ordering them to enforce strictly the religious laws, especially making sure that religion is not taught in private or public schools as this is contrary to the law. The government recently ordered closing of schools for violation of the religious statutes.

Instructions sent to governors also commanded them to see that priests register as prescribed by the law and that the number of priests in each State does not exceed the number permitted by the State Legislature in accordance with the Constitution.

New Victim Sets Bus Crash Death Toll at Twenty

ALBUQUERQUE (N. M.) April 13. (AP)—The death toll of the transcontinental bus wrecked by a Santa Fe train at Isleta last Friday stood at twenty today, with all but three bodies identified.

The twentieth victim, Jack Bergman of Canton, O., died at a hospital late last night from injuries received in the crash.

Identification today of one of the two men's bodies at the morgue as that of Richard Childers of Artesia, Cal., was established through information supplied by the Elks' Lodge of Artesia. He was between 60 and 70 years of age.

With the inquest into the accident set for 10 a.m. tomorrow, authorities continued their efforts to establish the identity of the bodies of one man and two women.

Father Ricard Able to be Up

SAN JOSE, April 13. (Exclusive) Father Jerome S. Ricard was reported today feeling "pretty good" at O'Connor Sanatorium. The Padre of the Rains was up most of the day, it was said at the hospital, although he did no walking. Saturday he walked a little with assistance of a nurse. There is no likelihood, however, it is said, of his leaving the sanatorium for some time.

BURIAL ALIVE INTIMATED

Kentucky Grand Jury Will Investigate Story of Woman's Suspected Horrible Fate

GRAYSON (Ky.) April 13. (AP)—A story that Mrs. Susie Vickers, 63 years of age, may have been buried alive two weeks ago, without the services of an undertaker, is to be investigated by a grand jury here tomorrow.

On the assertions of two women, who said they formerly employed her, that Mrs. Vickers was subject to fainting spells and would remain in a state of coma for hours, Circuit Judge Wolfford of Carter county announced he will convene a grand jury to make an investigation.

Mrs. Vickers was stricken apparently with a heart attack while preparing the evening meal in her home at Denton, Ky., near here, on March 27. She was pronounced dead and brought here March 29. Funeral services were conducted here the same day at the Baptist Church and interment followed.

Judge Wolfford said he was told by Mrs. George B. Clay and Mrs. Honchell Johnson, sisters, of Catlettsburg, that they had investigated the woman's death and funeral and that several persons had told them that moisture had been wiped from the woman's face during the services.

They told him, Judge Wolfford said, that moisture was noticed during the funeral services and again at the grave, and both times wiped away. The body was buried in the cemetery here.

Reports here are that the State Board of Health at Louisville had been notified, with the aim of having an investigation from that source, but officials at Louisville said they have not been notified officially.

PLAYWRIGHT AND SOCIETY GIRL ELOPE

"Strictly Dishonorable" Author Weds Park-Avenue Woman in Connecticut

NEW YORK, April 13. (AP)—Miss Eleanor P. Hutton, Park-avenue society girl, and Preston Sturges, playwright, have eloped.

The wedding is believed to have taken place somewhere in Connecticut and the honeymoon couple today are said to be in New England, but no other details are available.

The bride is 20 years of age, and was one of eight society women presented at the court of St. James two years ago. She is the daughter of Mr. and Mrs. Edward F. Hutton. Hutton today confirmed reports that the family had been opposed to the marriage.

Sturges is the author of "Strictly Dishonorable," now playing on Broadway, and other plays.

Flyer Slightly Hurt in Plane's 4000-Foot Dive

SACRAMENTO, April 13. (AP)—Miraculously coming out of a dive that sheared away part of the landing gear of his plane at the municipal airport here today, Lieut. Harold Bundy of the Army Air Corps landed the craft in a near-by field and received only minor injuries.

The plane, owned by Eric Nelson, round-the-world flyer, was badly damaged.

Bundy was participating in an altitude race for civilian planes—part of the airport dedication. He zoomed downward from an altitude of 4000 feet. It was his intention to level off the craft as its wheels touched ground, the first plane in the race to touch earth being the winner.

PORTUGAL TO BUY GUNBOATS

LISBON, April 13. (AP)—The government today announced decision to purchase six gunboats of the latest type for coast defense. The vessels will be bought abroad.

ELECTRICITY KILLS THREE IN AIRPLANE

Machine Strikes Wires in Landing and Occupant and Rescuers Die

YPSILANTI (Mich.) April 13. (AP) Three men were electrocuted today after a plane became entangled with high-tension wires while attempting a landing at Ypsilanti airport. Those killed were Levi Keppler, 24 years of age, bank teller of Ann Arbor; Harry Walters, 31, superintendent of the airport, and William Clawson, 60, retired farmer of Ypsilanti.

Leon Hanselmann, 23, of Ann Arbor, owner of the plane and licensed pilot, was injured slightly.

According to witnesses, Hanselmann swung the plane too low approaching the field. It struck some high-tension transmission wires, became entangled and remained suspended in the air. A wire came in contact with Keppler, killing him. The plane burst into flames.

Walters ran to the plane carrying a fire extinguisher, witnesses said. As he turned on a stream of chemicals electric current followed the liquid and knocked him to the ground. Clawson tried to assist Walters and was killed. Walters was taken to the University Hospital at Ann Arbor but died before the ambulance reached the hospital.

Hanselmann jumped from the plane, which continued to burn until employees of the Detroit Edison Company cut the wires. An inquest was ordered.

Mayor Accused of Aping Nero

MEXICO CITY, April 13. (AP)—Dispatches from Tampico today said Mayor De La Garza of Panuco has been charged with emulating the Roman Emperor Nero by setting fire to the neighboring town of Mendez last Monday. The town was burned with a good deal of material damage.

The charge was brought by a Vera Cruz State Deputy.

NEW JUDGES PROPOSED

Federal Bench Plan Revealed

Bills in Making Will Provide for Eighteen Additions to Ease Congestion

Program Substitute for That of Enforcement Group to Speed Up Courts

WASHINGTON, April 13. (AP)—A plan to lay aside the law-enforcement commission's proposals to relieve Federal Court congestion and to offer a substitute program looking to the appointment of eighteen additional Federal judges to speed up court work became known today with the preparation of bills to provide for the increased number of jurists.

The substitute program was prepared by Representative Bachmann of West Virginia, a Republican member of the House Judiciary Committee. He conducted a study of crowded court dockets at the request of Chairman Graham of the committee and Representative Christopherson, Republican, South Dakota, chairman of a subcommittee in charge of the Wickersham program. It will be introduced tomorrow.

The study was undertaken after the committee had repeatedly failed to agree on measures to provide for juryless trials of liquor-law violators before United States commissioners and to define misdemeanors under the Jones law.

APPROVAL OF BOTH SIDES

The bills to provide the additional judges are to be brought up for consideration by the committee Wednesday by Chairman Graham, who has conferred with wet and dry leaders on the program. It is understood that both sides of the prohibition controversy have agreed that the plan is more practical to effect immediate relief, particularly in view of the divided opinion among committee members on the Wickersham bills and the Attorney-General's opposition to the Stobbs bill to amend the Jones law. Several members of the committee have conceded that the group is deadlocked on the commission's program.

Exclusive of those in the territories, the new program would increase the number of Federal district judges to 165.

ONE FOR CALIFORNIA

New York State would receive the largest number of new judges, the total being five, one each for the eastern, western and northern districts and two in the southern district.

Other judges would be authorized as follows:

One each for the Western District of Washington, the Eastern District of Louisiana, the Northern District of Georgia, the Southern District of Texas, the Eastern District of Michigan, two for the Supreme Court in the District of Columbia; one to assist judges in both the Northern and Southern districts of California; one to aid the judges in the three Oklahoma districts, and one for the Eastern and Western districts of Missouri.

Family Called to Bedside of David Warfield

SAN FRANCISCO, April 13. (Exclusive)—David Warfield, 63 years of age, born and reared in San Francisco and famed for his creation of many stellar dramatic roles, is seriously ill in the Post Graduate Hospital, New York, it was disclosed tonight when a telegram summoned relatives from here to his bedside. The veteran actor was operated upon a week ago for fistula, it was learned, and supposedly was recovering.

Warfield underwent a similar operation in January.

Fire Threatens Hoover Camp; Town Enveloped

BUCHANAN (Va.) April 14. (AP) The town of Buchanan and its population of 800 was entirely surrounded by forest fires at midnight.

The worst fire in the three-day siege of blazes raging up and down the Blue Ridge Mountains was reported to be spreading rapidly and closing in on the town. In Madison county the fires have crept near the Hoover camp on the Rapidan River.

Assassin's Shot Kills Wisconsin State's Attorney

MAUSTON (Wis.) April 14.—Dist.-Atty. Clinton G. Price of Juneau county was shot from ambush in his home last night and died in the Mauston Hospital early today.

The District Attorney less than a month ago was acquitted of Federal conspiracy charges which grew out of a raid on a giant still at Kilbourn, Wis.

At his trial Price testified he had received many threatening letters from bootleggers.

Will Rogers Remarks:

BEVERLY HILLS, April 13. [To the Editor of The Times:] At Sacramento yesterday nineteen army planes reached an altitude of 30,000 feet. It was 40 below zero. All used oxygen tanks. When one flyer used to reach that altitude we thought it was a miracle. Yet here was nineteen flying in formation. These are the greatest air maneuvers ever held. That's one mighty satisfying thing about our country, our fine young men can get us ready for wars faster than our diplomats can talk us into them. It took forty experts and statesmen three months in London to sink the poor Utah and Florida, these nineteen would have sunk London, including all the delegations, before breakfast any morning.

Yours,
WILL ROGERS.

PRESIDENT'S SON BOASTS NEW CHILD

Mrs. Herbert Hoover, Jr., Has Six-Pound Daughter at Hospital Saturday

President Herbert Hoover was presented with a new grand-daughter early Saturday morning, when a girl was born to Mrs. Herbert Hoover, Jr., at the Good Samaritan Hospital. Both the mother and infant are reported as progressing favorably. The baby weighed 6 pounds.

Herbert Hoover, Jr., assistant to the president of the Western Air Express and in charge of radio communication between the planes of the company and its land stations, was absent from the city at the time of the birth but arrived at the hospital Saturday night.

Mrs. Hoover was Margaret Watson of Palo Alto and attended Stanford University at the same time as the President's son.

The father was appointed to his position with the air transport company February 1, 1929, and has been credited with the successful installation and operation of a complex system of radio communication adapted for airplane use. The couple live at 1635 South Los Robles avenue, San Marino, and have two other children, Herbert Hoover III, and a daughter, Peggy.

PARAGUAY TIGER-CAT KILLS BABY

Father Slays Beast With Machete After Battle as Animal Enters His Home

ASUNCION (Paraguay) April 13. (AP)—The newspaper El Diario today published a dispatch from Colon, in the Palomares district, describing a battle in which a laborer killed with a machete a large tiger-cat which entered the man's home and slew his child.

The dispatch said the baby's cries roused the family, and the father succeeded in driving off the animal, but not, however, in time to save the child's life. Later the tiger-cat returned for its prey, and fought the man until it was killed.

The tiger-cat is an American wildcat ranging from Mexico, on the east of the Andes, to Paraguay and the central forest region of Argentina. It is considerably smaller than a jaguar.

FILMS LURE ZIEGFEL

Producer Plan Huge Enterprise

Glorifier of Girls Revea Heavy Backing for New Picture Combine

Screen Version of Music Show to Follow Study in Hollywood

NEW ORLEANS, April 13. (E clusive)—With the backing of $1,000,000,000 combine consisting some of the nation's wealthiest me Florenz Ziegfeld, New York thea rical producer who passed throug here en route to Hollywood, w go into the motion-picture produ tion business in August, startin with a film based upon his famo Follies, to be followed by picturi tion of "Simple Simon." Ziegfe made this announcement shortl before boarding his private car f Hollywood, where he is scheduled arrive Wednesday.

Other than to say that behin him were some of the richest me in the country, Ziegfeld would n reveal names of his backers. No in course of formation, the ne $1,000,000,000 organization will known as the Ziegfeld Moviet Company, the producer said. Initi plans for the gigantic combine we laid during the past winter in Pal Beach, Fla., where Ziegfeld has bee with his wife and daughter.

WILL FILM FOLLIES

Upon his return to New York August from Hollywood, Ziegfe says, he will produce his twenty fifth edition of the Follies, aft which he will film it, this will his first independent motion-pi ture production and will be followe by "Simple Simon." His trip Hollywood is partly in interest the forthcoming Ziegfeld-Goldwy Inc., film, "Whoopee," featurin Eddie Cantor.

"My prime purpose in going Hollywood," he said, "is to watc listen and learn. It would be har for anyone to tell anything to thos men out there who are making millions. I am going to learn how it done. I haven't been making millions.

SHOW PROFITS MEAGER

"While my shows may have bee artistic, my profits have bee meager. I always spend so much t produce them. Eddie Cantor in th stage production, 'Whoopee,' received $750,000 in salary in tw years. Playing to capacity house of more than 1,000,000 in that tim 'Whoopee' only netted me abou $50,000," Ziegfeld continued.

Decision to make his first independent venture into the movie with a film production of the Follie results from his belief that the Follies have always been his masco

"They have been poison to everyone else," he said. "I pleaded wit Fox not to take the title of Follie He did. And look how it wrecke him."

Hoover Gains as Radio Speake

By a "Times" Staff Correspondent

WASHINGTON, April 13. (Exclusive)—President Hoover is making something of a record as a radio speaker. When his speech tomorrow night before the opening session of the D.A.R. is broadcast over a nation-wide hook-up it will be his nineteenth appearance before the "mike" since his inauguration as President, a little more than a year ago.

This will be more than half the thirty-seven times Calvin Coolidge talked over the radio in all his seven years in the White House.

EX-CONSUL MURPHY DIES

STOCKHOLM, April 13. (AP)—Dominique J. Murphy, former American Consul-General to Sweden, died here today. He was 83 years of age and had spent thirty years in consular service.

"HUNCH" NETS RUM RUNNERS

Vessel and $200,000 Cargo Captured as Result of Officer's Radio-Inspired Idea and Dream

NEW YORK, April 13. (AP)—A "hunch" which came to Deputy Surveyor McGill, head of the customs enforcement bureau, while he was listening to the radio Saturday night, resulted in the capture early today of the $25,000 sub-chaser Junior Annapolis with a cargo of 2000 sacks of high-grade liquors valued at about $200,000, and the arrest of her crew of seven.

The hunch, McGill said, came to him in the form of a song "3 O'clock in the Morning" on the radio, and was strengthened by a dream in which he saw a subchaser "passing a long, protecting point of land."

As a result he dispatched a Coast Guard boat to Rockaway Point at 3 a.m. and the capture was effected.

The Junior Annapolis, McGill said, has been chartered to Boy Scout and church organizations during the daytime by bootleggers to divert suspicion.

"I was sitting by the radio Saturday night," said Mr. McGill, "getting distant stations. On three stations I heard the same song, 'Three O'clock in the Morning.' Since this is a great hour for bootleggers, it gave me a hunch."

Cogitating over that hunch, he said he figured that the Brooklyn shore was the most likely place for a rum boat to try to land because the other shores are fairly well guarded. So when he received a message that the Junior Annapolis had put out to sea from Arthur Wills, N. J., he dropped off to sleep thinking hard.

"In a dream," he said, "I saw a sub-chaser with a party of Boy Scouts aboard, passing a long projecting point of land."

The projecting point, McGill reasoned, must be Rockaway Point. So he telephoned orders for a Coast Guard boat to be there at 3 o'clock. Sure enough, at just about that hour the sub-chaser appeared, was pursued and taken, although its crew beached it in an attempt to escape.

The present ownership of the sub-chaser was not established. McGill said it was at one time the property of a New Jersey clergyman, who sold it some time ago.

The prisoners described themselves as William Pengelly, James Birkhead, John Smito, Benjamin Dana, Gus Olsen, William Larkin and John Hol, all of New York.

NAVY COMPETITION ENDED BY PACT, SAYS STIMSON

Results of London Parley Surpass Hopes of Any Delegation, He Tells World Audience

(Continued from First Page)

us on any delegation felt confident could be attained when we came here.”

Mr. Stimson reviewed the history of naval limitations efforts to say that the primary objective of the London conference was “to stop the dangers of competition in armaments.”

“So far as the fleets of Great Britain, Japan and the United States are concerned,” he said, “that purpose has been achieved. There can now be no competition between us. The relation of the fleets is fixed.

“Furthermore, the habit of mutual agreement has received one more successful precedent. The principle of limitation is strengthened by its successful practice. . . .

“We have every hope that France and Italy will eventually join in a limitation of their fleets similar to that which we have attained.”

TEXT OF ADDRESS

The full text of Mr. Stimson's address follows:

“Almost three months ago the American delegation landed in England to take part in the London naval conference. In order to understand its purpose and to appraise the results which have been accomplished it is necessary to view the background and history of which it is a part. Naval limitation has formed a part of the organized efforts of the world to limit international suspicions and promote good relations. It is a new effort and has grown gradually.

“At the first Hague conference in 1899 the subject of limitation of arms was one of the purposes for which the conference was called, but all that resulted was a resolution favoring restriction as a desirable end. At the second Hague conference in 1907 it was considered too dangerous to put on the program. Naval competition was going on unchecked in those days as it had been in one shape or another for centuries.

“This particular naval race ended in the great war in 1914 and when that was was over another competitive naval building race had begun. This later one included the United States. For the first time in our history we found ourselves facing the irritations and ill will arising from naval competition. Neither the experiences of the war nor the exhaustion which it caused prevented the world from resuming naval competition and we found ourselves entangled in it.

HISTORIC PROPOSALS

“Under these circumstances President Harding called the Washington conference and Mr. Hughes made his historic proposals. They were historic because they changed the moral standards of the world. Before those proposals were made human experience seemed to indicate that naval competition was inevitable. Since that day the conscience of the world has insisted that naval limitation by mutual agreement shall take the place of competition. The Washington conference achieved enough to prove that what the conscience of the world demanded was a practical possibility. From the date of ratification of the Washington treaty not a battleship has been laid down by any nation in the world.

“But though the success of that conference was great it was not complete. Only two kinds of warships were limited; cruisers; destroyers and submarines were not; and after the conference adjourned competitive building began in those types—competition which bade fair to become dangerous. The preparatory commission of the League of Nations tried again and again to agree upon methods of limitation but failed. In 1927 President Coolidge called the three-power conference at Geneva but that conference failed to reach an agreement.

PRINCIPLE LIVES ON

“Yet the work of these meetings was not entirely lost, for each one gave tangible evidence that the world believed in the principle of limitation and agreement. But each failure showed the extraordinary difficulty of reaching an international agreement upon that most vital concern of every sovereign state—national defense.

“And the aftermath of each failure made it more and more evident that an agreement was necessary to the good relations and stability of the naval world. International suspicion, irritation and ill-will, the ugly children of naval competition, began to show their heads again. At the very time when the world needed all its resources to recover financially and economically from the exhaustion of the great war the navies of the world were beginning to build up an expensive and dangerous rivalry. It was time to try again to halt this process.

“The other naval powers suggested that Great Britain and the United States should see if they could get close enough together in their figures to give assurance that the failure of Geneva would not be repeated. Long negotiations took place last summer culminating in the visit of Prime Minister MacDonald to the United States. Then followed this naval conference.

DIFFICULT PROBLEM

The problem which faced the American delegation here was difficult and complicated. Since the Washington treaty the United States has laid down no battleships, no aircraft carriers and no destroyers—and only three submarines. Impelled by the cruiser construction of the other nations our Congress had instituted a cruiser program but only two ships of that program were in the water. Our navy was ill-balanced. The end of the battleship holiday instituted by the Washington treaty was approaching and most of our other ships were becoming old and approaching their normal time for replacement.

“The question was, should the United States replace the bulk of its navy on a competitive basis or upon a basis of limitation reached by mutual agreement with the other naval nations of the world? Would the other countries whose navies were in better condition than ours agree to such limitation without taking advantage of their better bargaining position? It is to the credit of the faith in the principle of limitation held by Great Britain and Japan that they made no such effort.

“Our principal objective when we came here was to extend the principle of limitation by agreement so that it should cover all the elements of the fleet and thus complete what had been left undone at Washington, at the League and at Geneva. So far as the fleets of Great Britain, Japan and the United States are concerned, that purpose has been achieved. There can now be no competition between us. The relation of the fleets is fixed.

“ONE MORE PRECEDENT”

“Furthermore, the habit of mutual agreement has received one more successful precedent. The principle of limitation is strengthened by its successful practice. At the first meeting of the conference in January, I made this statement: ‘Naval limitation is a continuous process. We regard disarmament as a goal to be reached by successive steps, by frequent revision and improvement. Human affairs are not static, but are moving and we believe improving . . . For that reason we feel that the sound and obvious course is to reach such agreements as may be possible now, with the knowledge that they are open to revision at appropriate periods.’

“By our present agreement the favorable attitude of the world is made stronger than ever. The benefit of this momentum will not be limited to the three powers who have actually reached a basis of mutual agreement, but will extend also to the efforts of our friends, the French and the Italians, to achieve that goal in the future. Limitation to be effective must be made willingly and with confidence. We have every hope that France and Italy will eventually join in a limitation of their fleets similar to that which we have attained, but that is a result, which to be effective, must come only when each country fully realizes the advantages which will follow.

BENEFITS INCREASE

“As I have thus pointed out, the main purpose for which this conference was called was to stop the dangers of competition in armaments and to establish the mutual confidence and good-will which come with agreement. It is this purpose which connects the conference with the great movement for world peace. Reduction in expenditures, important as it is to each individual nation, is merely a by-product of the other and primary purpose. Moreover, reduction is a benefit which will be increasingly realized as the nations of the world progress in the security obtained by agreement.

“It is only as mutual confidence develops with increasing experience that nations reduce more and more drastically their military protection. Thus experience under the Washington treaty in regard to battleships has been such that the nations are eager now to reduce the battleship fleets more rapidly than was thought possible in 1922.

ECONOMIES OUTLINED

“Nevertheless, it is proper for me to point out the great reductions and economies which our agreement will accomplish.

“The first great economy which we shall achieve is not a reduction but a holiday or postponement of construction of ships. Under the schedules of the Washington Treaty the United States was to lay down ten new battleships and to complete five of them during the next six years. Under our present arrangement none of these vessels will be laid down. This means that approximately $300,000,000 which would otherwise have been spent during the next six years will not be spent.

“Furthermore, this holiday will, we believe, pave the way for further economies in battleship construction. There is a strong movement under way for a reduction either in the number or the size of our existing battleships. But there is a difference of opinion among the nations concerned as to which of these methods will furnish the best avenue for such reduction. This holiday gives an opportunity to settle this question and to decide upon the method for this further economy.

COMPARISONS GIVEN

“In estimating the actual reduction which will result from the present conference you have doubtless read many varying sets of figures. These differences have occurred because of the different methods employed by the writers. Some have counted overage ships which happen still to be in commission, while others did not. Some others have counted ships authorized though not yet built; while others did not. And there have been many other variations. I will, however, give you two comparisons on battleships, cruisers, destroyers and submarines which I think will present the fairest picture of the reductions we have accomplished.

“The first is to compare the limitations which we have fixed with the lowest limitations which were entertained at the unsuccessful conference in Geneva in 1927. In 1927 the lowest tonnage figures which Great Britain would discuss for cruisers, destroyers and submarines taken together were 590,000 tons. In addition to this she insisted upon retaining until 1936 25 per cent of overage tonnage.

LARGE REDUCTION

“As against this her tonnage in these types of ships under our present agreement will be 541,700 tons; a reduction of 48,300 tons. Japan has agreed to a reduction of 17,950. In addition to this reduction Great Britain has agreed to scrap immediately 133,900 tons of her battleship fleet. We are to scrap immediately 69,900 tons of our battleship fleet and Japan 26,330 tons. If you add the total difference for the three fleets of these three nations between the Geneva proposals and our present agreement there is an aggregate reduction of 340,000 tons. And this is without counting the 25 per cent overage ships which were to be retained under the Geneva proposal.

“The other comparison which I suggest is between the three fleets as they stand today, including ships built and building and appropriated for, and the same three fleets as they will stand in 1936 under our agreement. Taking these three fleets together there will be nine battleships scrapped and not replaced. Their combined tonnage is 230,130 tons. Their numbers are the same as the number of Japan's total fleet of battleships under the treaty.

CUT IN DESTROYERS

“Next there will be a reduction of 205,000 tons in the destroyers of the three powers. That amounts to nearly 40 per cent more destroyer tonnage than will remain in any of the three fleets in 1936.

“There will be a reduction of 68,000 tons in submarines, and that is nearly 16,000 tons more than will be allowed to any of three countries in 1936.

“In American cruisers there will be an actual increase under the new agreement. But this is due solely to the fact that we have been idle in cruiser building for nearly ten years and now find ourselves with less than a quarter of the normal proportion of cruisers which we should have in respect to the rest of our fleet. Therefore, in order to create a smaller but better-balanced fleet than we now have and to achieve parity with Great Britain it is necessary for us to increase our cruiser tonnage.

TOTAL CUT LARGE

“This increase is comparatively small because the British have agreed to reduce their tonnage by twenty cruisers in order to meet us, and for that same purpose the Japanese have agreed not to increase the number of their cruisers. As a result the total net reductions in the three fleets built, building and appropriated for is in the neighborhood of 460,000 tons. That reduction alone is greater than the total present Italian fleet.

“Thus far, I have been speaking only of fighting ships. There are also, as you doubtless know, many service ships in the Navy which are not classed as combatant, but in discussing economy these ships very properly enter into the picture. In the three fleets of Great Britain, Japan and the United States there are 220,000 tons of these ships which under our present agreement will not be replaced after they are retired for age. This means ultimately a reduction of 220,000 tons and a corresponding reduction in expenses.

“In our present agreement we have reached the lowest level of limitation that I have ever heard seriously discussed before. We have reached a lower level than any of us on any delegation felt confident could be attained when we came here.

MORAL ADVANTAGES

“Furthermore, this conference has achieved certain great moral advantages. The experience of our negotiations has made it clear that naval rivalry between the United States and Great Britain is definitely at an end. No negotiations could have been more frank and cordial and satisfactory than those we have had with the British delegation. The same applies to our relations with the Japanese delegation. They have shown a readiness to join in the great aims of the conference, which is beyond praise.

“The very great improvement in the friendly relations between the United States and Japan, which followed the Washington conference, will certainly be intensified and continued by this conference. As our naval problems do not reach those of France and Italy we have not directly participated in the negotiations of those countries but our contacts with their delegations have been uniformly friendly and we believe that we have contributed to the present spirit of good-will, which makes it now seem probable that they will ultimately agree among themselves and add the limitation of their fleets to our present treaty.

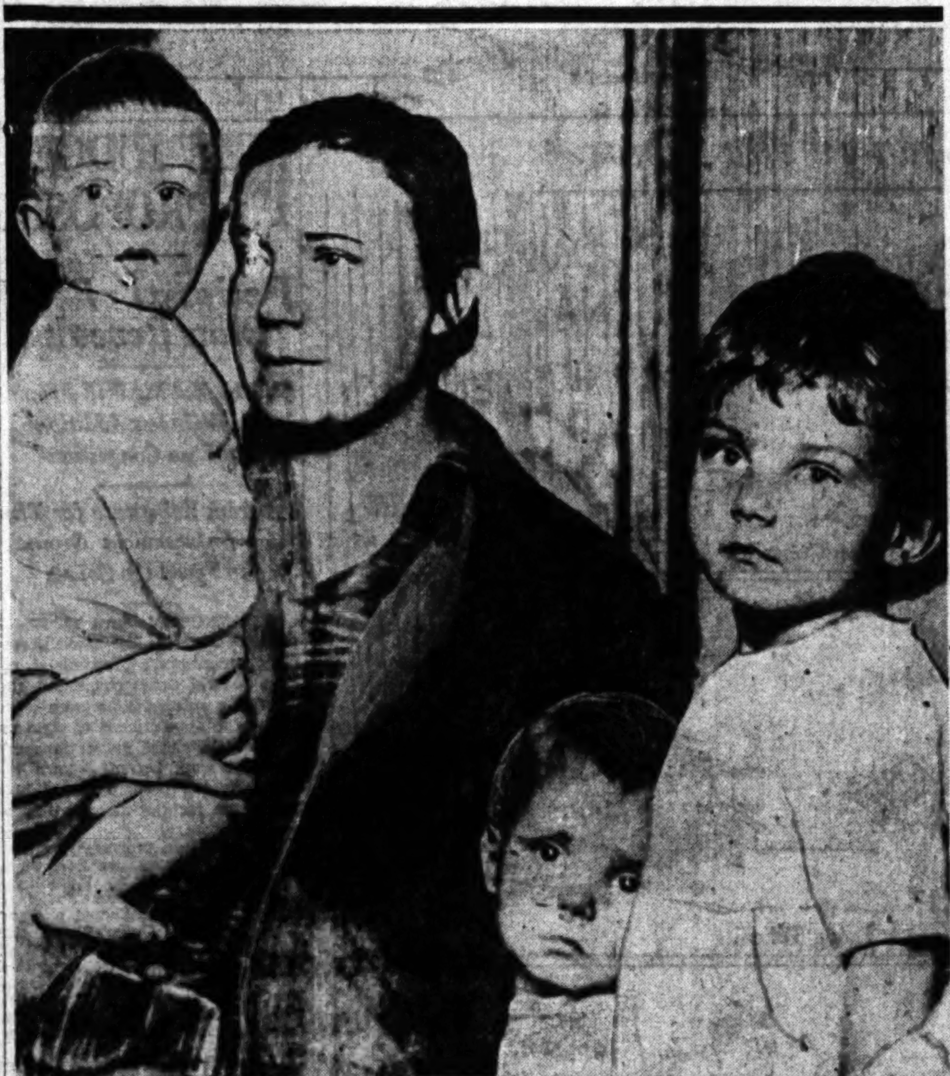
AIDES PRAISED

“And now a word about our own delegation. It has consisted of seven delegates who have worked together as a harmonious group. Every decision of importance has been discussed by every member before it was taken and every such decision has been unanimous. In technical matters we have had the advice and assistance of Admiral Pratt, the commander-in-chief of the United States fleet, and his very effective assistants, and until his departure a few weeks ago on account of illness we had the able help of Admiral Jones. In addition to this we have had the advantage of the wisdom and advice of the loyal and capable staff of the Department of State and the American Embassy in London.

“We believe we have successfully accomplished the mission with which we have been entrusted by our country.”

COUPLE RELATE TALE OF POVERTY

Oakland Pair Prove Asserted Cruelty Just Precaution



[A. P. Photo]

Mrs. Mary Tymn and Her Three Children

OAKLAND, April 13. (Exclusive)—While Oakland police today attempted to find work for Ernest Tymn, 25 years of age, the three children of Tymn and his wife were cared for at the Alameda County Juvenile Detention Home. Their case will be brought to the attention of the Juvenile Court this week in an effort to find a means of helping the unemployed father and mother support their family.

Tymn and his wife were arrested by Oakland police Saturday on the complaint of neighbors, who declared that the children were tied up and being mistreated. Officers found the oldest child tied to a chair and the two younger ones tied to a crib.

Mrs. Tymn, who expects to become a mother again next month, and who is suffering from tuberculosis, said that often she and her husband had gone without food for three or four days to feed their children. The youngest child, James, frequently has had nothing to eat but bread soaked in water, the mother declared.

After being questioned by Inspector Mulhern, Mr. and Mrs. Tymn were released from the city prison, where they had received their first wholesome meal in several days.

“I love my babies and I want to keep my family together,” Mrs. Tymn told Mulher tearfully. “I have to keep them tied up while I go out to look for work and for food. They are getting so big that they might turn on the gas or get into the matches, and they are too young to know danger.”

UNEMPLOYMENT DAY OBSERVANCE ASKED

NEW YORK, April 13. (AP)—A “call” for observance of “unemployment Sunday” on the 27th inst. by religious, business, labor and social-welfare groups throughout the country was issued today by the National Unemployment League.

Supreme Court Nomination Given Defense

Justice Department Studies Red Jacket Case

Says Judge Merely Upheld Legal Precedent

(Continued from First Page)

any of these questions. He had no freedom of judgment on any of them; he was bound by decisions of the Supreme Court which he could not refuse to follow.

“The Hitchman case itself had originated in the Circuit Court of Appeals of the Fourth Circuit before Judge Parker became a member of that court. The Circuit Court of Appeals had denied an injunction, and its decision was reversed by the Supreme Court. What would have been the fate of a decision by Judge Parker in the Red Jacket case contrary to that which he rendered is indicated by the fact that the United Mine Workers filed a petition for a writ of certiorari with the Supreme Court of the United States asking that court to review Judge Parker's decision and the petition for certiorari was denied.

FOR DOING RIGHT

“To refuse to confirm the nomination of Judge Parker for his decision in the Red Jacket case will amount to refusing to confirm him because he followed and gave binding effect to the decisions of the Supreme Court of the United States. At least he considered the cited decisions of the Supreme Court to be controlling in the Red Jacket case and no one has yet pointed out any ground on which the Hitchman case and the Red Jacket case may properly be distinguished.

“The question is not whether the Supreme Court was right or wrong in its conclusion. The question is whether Judge Parker was dealing with points which had been settled by the Supreme Court, which he was bound, under his oath of office, to follow. He and his two associates put their decision upon the controlling authority of the Hitchman case, as they were constrained to do, but even in this they were careful not to go beyond the dictates of that decision. It was argued that the decree in effect forbade any lawful or proper argument addressed to plaintiff's employees in favor of union membership. Answering this contention Judge Parker said:

“ ‘If we so understand the decree we would not hesitate to modify it. As we said in the Bittner case, there can be no doubt of the right of the defendants to use all lawful propaganda to increase their membership . . . What the decree forbids is this “inciting, inducing or persuading the employees of plaintiff to break their contracts of employment;” and what was said in the Hitchman case with respect to this matter is conclusive in the point involved here.’ ”

In his statement President Green of the American Federation of Labor said his organization “cannot believe that the Senate will confirm Judge Parker.”

SPEAKS FOR “PEOPLE”

“It is inconceivable,” Green declared, “that a man who has shown such judicial bias against the working people can be elevated to the highest judicial tribunal of the land. The confirmation of Judge Parker would shake the confidence of the masses of people in the Federal courts and create widespread indignation.

“The reports which reach the offices of the American Federation of Labor show that the working people in all section of the country are aroused as never before in opposition to the selection of a member of the Supreme Court.

“The decision of Judge Parker in the Red Jacket case, which in effect consigned thousands of miners in West Virginia to a condition bordering on industrial servitude, shows that he places a greater value upon property than upon human rights. We have appealed to the President to withdraw the appointment and we are now appealing to the Senate to reject it.”

Road Group to Organize Today

PORTLAND (Or.) April 13. (AP) The International Highway Association will be formed here tomorrow with delegates from Oregon, Washington, California and British Columbia, who arrived today, prepared to adopt resolutions, appoint executive committees and elect officers to head a permanent organization.

Previous sectional meetings of the organization, which has for its object a highway extending from Point Barrow, Alaska, to the southern tip of South America, have been held in the four States, but this meeting tomorrow will be the first actual session with all delegates attending.

Gives $3.50 Truss to Ruptured Men

Pay No Money, Now or Ever, for This Truss, Says Doctor-Inventor

Kansas City, Mo.—In order to introduce a method that has helped thousands upon thousands of people, Dr. Andrew Kaiser, well known Hernia Expert, offers to give a $3.50 truss to any person with reducible rupture. His newer method does away with leg straps, elastic belts and cruel binding springs. Many people, some with very bad ruptures, have declared it brought them quick improvement and freedom from the hampering and discomfort of previous truss wearing. It is Dr. Kaiser's ambition to have all those afflicted with rupture enjoy the relief, comfort and blessing of his method and he offers to give a $3.50 truss to get them to try his method so they may tell their friends of it. Write today to Dr. Andrew Kaiser, 1815 Koch Bldg., 2906 Main St., Kansas City, Mo., for his free offer.—[Advertisement.

Infected Teeth Are Hidden Cause of Many Serious Ills

By DR. PAINLESS PARKER
Founder of the E. R. PARKER SYSTEM

Very many people have infected teeth without knowing it. The tooth roots are often diseased and still there may be no pain or any outward sign of trouble.

Physicians say that many cases of inflammatory rheumatism, chronic stomach troubles, Bright's disease, nervous diseases, epilepsy and even insanity are caused by infected teeth. Some go as far as to declare they are the greatest single source of danger to public health today.

If your health is not as good as it should be, the cause may be infection at the tooth roots, where poisonous pus forms and is
up by the blood and carried
through the system.

Have your teeth
ly examined by the

ENDURO

Storage Cabinets

To Live Merchants:

The ENDURO line of steel office furniture is on its way to a position of authority and leadership in western markets. This California-made line should appeal to progressive office equipment merchants who deal in quality merchandise.

ENDURO steel storage cabinets protect the "lesser valuables" in the office, home, apartment, store, and factory, from dust, dirt, moisture, vermin, sun rays, and minor fires. ENDURO cabinets are not safes, yet they are strong, durable, tight-fitting, and capable of shielding their contents from all ordinary hazards. These cabinets pay for themselves with the savings that they accumulate. ENDURO cabinets come in various sizes, shapes, and finishes. They are attractive pieces of convenience furniture that enhance the appearance of any room in which they are used. Office equipment dealers are now showing ENDURO storage cabinets and wardrobes.

MINE GIVES UP ALL OF VICTIMS

Seventeen Bodies Taken Out of Carbonado Shaft

Village in West Washington Shrouded in Grief

Dust Blast Believed to Have Snuffed Out Lives

TACOMA, April 13. (AP)—Seventeen seared and blackened bodies lay side by side in a morgue today and told their own mute story of the explosion that snuffed out that many lives late Saturday in the Carbonado mine of the Pacific Coast Coal Company.

Carbonado, a tiny mining village high in the foothills of the Cascades some twenty miles east of Tacoma, was shrouded in grief today, indifferent to the investigation now in progress to determine the cause of the blast. Until the last body had been brought to the surface at 1:30 o'clock this morning the grief-stricken relatives and friends of the dead miners stood behind the rope barriers that held them back from the mine entrance and watched as the bodies, two at a time, were brought to the surface. There was no hope of any of the seventeen having survived the blast. All were known to be dead but the vigil of the townspeople continued until the last man was back from his fatal trip into the bowels of the earth.

The official list of dead follows:

John Flood, L. B. O'Neal, Mike Sheridan, R. C. Legge, William Kennedy, Thomas Shackley, Victor Pete, L. Parkin, Ray Glackin, S. Barker, William Matson, E. Wall, John O'Leary, John L. Bates, Dave Hughes, W. E. McMurphy and P. Fleis.

Twelve victims were married men who leave, besides their widows, twenty-three children.

Coal company officials at the scene could only hazard guesses as to the cause of the blast. A dust explosion is considered most probable as it is regarded highly improbable that Dave Hughes, shift foreman and one of the victims, would have permitted a charge to be fired with gas present in noticeable quantities.

The Town House

wishes you to know—

That the cost of lunching or dining at The Town House is not higher than elsewhere in town in spite of the superior quality of the food and service.

Crowded with attractive guests the Restaurant is a gay and metropolitan scene at lunch and 'tis there you will see the interesting and worthwhile people.

At night you may dine, perhaps before the theatre, without the strain and inconvenience of driving through traffic.

Ask your friends about the delicious food and great beauty of the Restaurant.

Eight-cylinder PIERCE-ARROW

~~Re-Perfected~~

Club Sedan

YOU are offered the unusual opportunity of purchasing a late model Pierce-Arrow, straight eight sedan of the close coupled model, at a price comparable with a new, medium priced eight or a good six-cylinder car.

The fine qualities and performance of a straight eight Pierce-Arrow are so well known that they need not be discussed.

This particular model is a Club Sedan with six wire wheels, the spares being mounted in forward fender wells. A folding arm rest divides the tonneau seat when wanted. The finish needs no retouching, tires are good, and the car must be most critically inspected to disclose any difference in its lines from the models of this season.

With operating costs quite a bit lower than one expects from a car of 125 horsepower and 135 inch wheelbase, this Pierce-Arrow qualifies for those whose budget for travel must be carefully administered. It is quite economical in every respect.

(Because of the time which must elapse between the preparation of this advertisement and its publication this car is advertised subject to prior sale.)

STAGE LOSES LURE FOR SOCIETY GIRL

[P. & A. Photo]

Elvira Enders

NEW YORK, April 13. (Exclusive) The stage has lost its lure for Miss Enders, Connecticut society debutante who became an actress to avoid being bored. She is one of a dozen society buds who sought new thrills behind the footlights during the present season, but she has announced her engagement to wed George A. Percy, Boston banker, and her marriage will mean the end of her theatrical career.

She has been called Connecticut's prettiest girl.

BARRANCAS CONQUERED BY AUTOS

Pathfinders Win Way Into Valley and Next Prepare to Tackle Great Precipice

BY HARRY CARR
"Times" Staff Representative

IXTLAN (Nayarit, Mex.) April 13. (Exclusive)—A brief message from a little frontier telegraph in the bottom of the wild barrancas country today stated that two picked cars of the Automobile Club of Southern California won the fight down the side of a precipice nearly a mile high and they have gained the bottom of the valley.

The brief message states that the drive was one of terrible difficulty and danger, but that the party is safe. From the little town in the valley the side of the opposite precipice rises 2000 feet over what is practically a goat path. If the club cars succeed in negotiating it the last obstacle to an automobile road down the west coast has been shattered.

If cars can get through without a road it is obvious that a road can be built.

The objective of the party is Magdelena from where there is a good road to Guadalajara.

Reprieve Given to Balk Hanging on Good Friday

SACRAMENTO, April 13. (Exclusive)—Declaring that the idea of a hanging on Good Friday is "obnoxious to the sentiment of that religious holiday," Gov. Young today granted a week's reprieve to Joseph Troche, sentenced to be hanged at San Quentin next Friday.

Troche was sentenced to the gallows after confessing to the murder of his sweetheart, Mary Lorenzo, San Francisco telephone operator, while they were on their way to be married in El Dorado county in 1927.

Family at Bed of Pickering

KANSAS CITY, April 13. (AP)—Mrs. W. R. Pickering, invalid wife of the millionaire lumberman, arrived here today in a chartered airplane to be at the bedside of her husband, ill with internal hemorrhages. Mr. Pickering, in a critical condition when his wife took off Saturday from Santa Monica, Cal., is recovering, physicians said, after two blood transfusions. He is president of the W. R. Pickering Lumber Company.

Mrs. Pickering was accompanied on the flight by Dr. Oscar Anderson, her personal physician, and a nurse. A daughter, Miss Cynthia Pickering; a son, R. C. Pickering, and his wife also made the trip.

SCOUTMASTER DIES TRYING TO SAVE BOY

BOWIE (Ariz.) April 13. (AP)—James E. Puschol, Bowie schoolteacher and Scoutmaster of the Bowie Boy Scout troop, was drowned today at Indian Hot Springs in an unsuccessful effort to save Myron Adrich, 13 years of age, from a like death. Both bodies were recovered. Puschol's parents live at Kempton, N. D.

FLUNKED STUDENT SHOOTS

BUENOS AIRES, April 13. (AP)—Infuriated by failure in his final examinations in medicine, a student named Robles at Cordoba University today shot and critically wounded Dr. Antenor Tey, one of his examiners.

GANDHI PARADES BRING DISORDER

Three Injured as Karachi Marchers Hurl Stones

Ultimatum Issued by Leader Against All Violence

Bombay Dispatches Indicate Arrest Imminent

KARACHI (India) April 13. (AP)—Two great processions of young men wearing "Gandhi" caps passed through this northwestern city today, demonstrating in disorderly fashion. It was estimated that between 10,000 and 15,000 persons took part.

Several automobiles were damaged by stones thrown by the demonstrators and three persons were injured.

The march ended at Ram Raugh recreation grounds, where two jugs of sea water were set upon a fire and salt was manufactured from the boiled water. No arrests were made.

EFFIGY CAST INTO SEA AT CLOSE OF CEREMONY

BOMBAY (India) April 13. (AP)—A crowd of enthusiastic Indians tonight closed the ceremonies of India's "national week," a time of mourning for the shootings at Amritsar in 1919, by throwing into the sea an effigy representing the salt tax, against which Mahatma Gandhi and his volunteers now are directing their attack.

The ceremony, which was orderly, was like a great Nationalist edition of the "Boston Tea Party." A parade of volunteers to Chowpathy Sands began the events of the day, and the volunteers listened to speeches and made salt illegally until evening, as though they were on a picnic.

The crowd was estimated at 500,000.

ACTION AGAINST MAHATMA EXPECTED

LONDON, April 14. (Monday) (AP) Bombay dispatches to the Daily Mail this morning said it is generally believed there that the arrest of Mahatma Gandhi, Nationalist leader, is imminent.

According to the Mail, the government of Bombay presidency now feels that Gandhi's defiance of the salt monopoly in the Gujerat district has caused a grave situation, and an urgent message has been sent to the Viceroy, Lord Irwin, at New Delhi. The Bombay authorities are waiting for a reply before taking further action.

"PASSIVE RESISTANCE" THREAT FO FOLLOWERS

JALALPUR (India) April 13. (AP) Speaking to a large meeting of volunteers, Mahatma Gandhi today threatened to use "passive resistance" against his own followers if they caused any sort of violence during the present civil disobedience campaign. He declared he will "observe an eternal fast" if they do not live up to the spirit of his nonviolence precept.

Gandhi solemnly asked the men to refrain strictly from participating in the Nationalist picketing of shops selling liquors and foreign cloth lest violence should result.

Though India has a right to offer violence, he said, it is not his way.

Addressing the gathering of women, the Nationalist leader told them that in the nonco-operation movement of 1921 he had made the mistake of intrusting to men the picketing of shops selling liquors and foreign cloth. Such work, he explained, is the work of women; if men undertake it there will be violence, whereas women can stand being beaten.

He announced, therefore, that from tomorrow women will begin picketing liquor shops at Bhimrad. A number of women volunteers immediately enlisted for this service.

C. K. MOHLER SUCCUMBS IN CHICAGO

Widely Known Engineer Formerly With Board of Public Utilities Here Dies

CHICAGO, April 13. (AP)—Charles K. Mohler, 66 years of age, nationally known consulting and valuation engineer, died last night at his home of a heart attack. Funeral services will be conducted Tuesday afternoon and burial will be in Carroll, Iowa.

Mohler participated in the construction of many of the country's railroads and street railways.

He became chief engineer of the Board of Public Utilities of Los Angeles in 1912. The cities of Los Angeles, Minneapolis, Kalamazoo, Mich.; the Public Service Railway of New Jersey, and many other systems called on him for valuations in rate-making cases. One of the treatises on earth pressure won him the Chanute medal in 1910.

Mohler leaves his widow, formerly Miss Henrietta Hesselberger of Los Angeles, whom he married in 1917; a sister, Mrs. Jessie Wasmund of Los Angeles, and two brothers, John and Millard Mohler, both of Carroll, Iowa.

Tax Payment Pledge Frees Seized Train

AVON PARK (Fla.) April 13. (AP) Assured at a conference here today that the Atlantic Coast Line Railroad will pay its taxes in Highlands county promptly, County Attorney Lee instructed Sheriff Wolff to release temporarily from attachment Passenger Train No. 191-192, three locomotives, several motor cars, freight cars and sixty-odd miles of track and other equipment levied yesterday.

The release was made in time to permit Train No. 192 to make its scheduled run to Haines City today to connect with north and southbound trains there. Train No. 192 is not a mail train on Sundays.

Nadia
PRESENTS ANOTHER FASHION PREVIEW

Monday
2 to 4:30

So enthusiastic was the response to the Nadia promenade of Fashions last week . . that Nadia announce another of these smart Previews. Here, between two and four-thirty P. M. "Vest-Parkers"

...A Petite Pen and Pencil for Pocket or Purse—Each Convertible Instantly to Desk Set Use as Well... New Members of the Parker Duofold Family

Vest-Parkers will delight you with their jewel-like loveliness—their practical value—their diminutive size.

For Vest-Parkers are midget-size Duofold Pens and Pencils. They nestle easily in the hand while writing—they cuddle in purse or pocket like a latchkey. Together they weigh but three-quarters of an ounce!

Each is instantly convertible from use "on the go" to Desk Set use simply by obtaining a desk base now, or later. Polished tapered ends for both are included with the base. Thus they serve you doubly.

Lovely Streamlined Shape

Vest-Parker Pen writes with the famous Parker Pressureless Touch.

Its ink capacity is 17.4% greater than any comparable pen. It is 28% lighter than rubber. And it is guaranteed for life.

Both the pen and pencil are matched in flashing loveliness. Jewel-like jade—mandarin yellow—lacquer red—lapis lazuli blue—jet-black and gold—and the new Parker pearl and black, loveliest combination of all.

See Vest-Parkers at any fountain pen counter. Try them in your hand. Feel their poise, their lightness. Also see the new Parker Duofold in other sizes, all in the new streamlined shape.

THE PARKER PEN COMPANY
JANESVILLE, WISCONSIN
Sales and Service Station: 230 Phelan Bldg., San Francisco, California

"Convertible" Vest-Parkers

In Duofold colors, the pen $5.00, the pencil $2.50. In de luxe black and pearl, $6.00 and $3.50. Sold singly or in Duette Sets. Desk Sets with double sockets, including pen and pencil, $15 up. Pens guaranteed for life.

QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 20 years, and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Olive Tablets do not contain calomel, just a healing, soothing, vegetable laxative safe and pleasant.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They help cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you should find quick, sure and pleasant results from one or two of Dr. Edwards Olive Tablets.

Thousands take them every night to keep right. Try them, 15c, 30c, 60c.—[Advertisement.

New Local Anaesthetic for Painful Corns

Nagging foot troubles disappear as soon as RED TOP, the new medicated tape, is applied. Hard corns, soft corns, callouses are quickly absorbed—healthy flesh restored. Only 35c for 25 sq. in. handy spool at stores—or from Kinox Co., Rutland, Vt.—[Advertisement.

HIGH TRIBUTES FOR JEFFERSON

Leaders of Three Religious Faiths Speak Praises

Dill and Fess Also Heard at Monticello Celebration

Eulogy Over Radio Network Scheduled for Today

CHARLOTTESVILLE (Va.) April 13. (AP)—Thomas Jefferson, the crusader for the right of religious worship, was eulogized by representatives of three religious faiths and two major political parties observing the 187th anniversary of his birth, at Monticello this afternoon.

Senator Dill, Democrat, Washington, and Senator Fess, Republican, Ohio, spoke from the portico of the mansion on the mountain top. After a procession to Jefferson's grave, there was a prayer by Bishop Collinsdenny of the Methodist Episcopal Church, South, Protestant representative, and brief remarks by Rabbi Edward N. Calish, Richmond, representing the Jews, and Rev. John A. Kelliher, Richmond, speaking for the Roman Catholics.

A score of wreaths were placed on the grave, among them a simple design of palms and magnolia leaves sent by President Hoover, placed on the monument by Senator Fess.

An airplane, circling overhead, dropped flowers.

Today is the second of the three-day observance commemorating the birth of Jefferson. Yesterday, at the Founders' Day exercises at the University of Virginia, he was remembered as Jefferson, the educator; tomorrow in an address over a nation-wide radio hook-up, Dr. Edwin Anderson Alderman, president of the university, will eulogize Jefferson, the statesman.

Senator Fess characterized the Virginia statute for religious freedom as "the greatest yearning of the enfranchised human mind that we have in history at this time."

Senator Dill said:

"If we were to write a new Declaration of Independence under the inspiration of Jefferson's principles, we should write it in the terms of 1930. That new declaration should not be a repudiation of monarchy, but a vote against the rule of money. It should not be a breaking away from feudalism, but an overturning of monopolies and mergers whereby a few individuals exploit millions of people by profiteering practices that defy the government. That new declaration should be a clarion call to a revolution with ballots to prevent our becoming a nation of employees under an oligarchy of money kings."

IRATE BASS PUT IN PADDED CELL

Vicious Fish Try to Dash Out Their Brains on Sides of Concrete Tank

LINCOLN (Neb.) April 13. (AP)—Something new in fish stories, and this one is vouched for by Frank O'Connell, a State game warden.

Black bass, taken from the Sand Hill region of Western Nebraska to the receiving station operated by the State Game Department, are so wild that O'Connell has ordered packing placed around the edges of the concrete tank to keep them from injuring themselves as they strike viciously against the tank's sides.

METHODISTS DECRY VOTE IN DRY POLL

Questions Framed to Aid Wet Contentions, States Board of Temperance

WASHINGTON, April 13. (Exclusive)—The Methodist Board of Temperance, Prohibition and Public Morals today loosed a dry broadside in its weekly clipsheet against the Literary Digest poll.

The clipsheet editors said they were "not surprised that the returns from the Digest questionnaire are unfavorable to prohibition."

"The form of question is absolutely unfair," they stated. "The wets are given two questions, the drys one, and two questions always win against one."

The method of selecting ballots is unfair to the drys, said the Methodist board statement, because more ballots reach men than women, and more reach city dwellers than rural people. Further, it pointed out, "psychology also works in favor of the wets," because the "outs" always are more energetic than the "ins."

Wet Plea Made at Celebration for Jefferson

NEW YORK, April 13. (AP)—Revolt against the Eighteenth Amendment "involves no disrespect to the Constitution of the fathers," Representative Beck, Republican, Pennsylvania, declared tonight at a celebration of the 187th birthday anniversary of Thomas Jefferson.

Speaking on "Prohibition and the Constitution," the former Solicitor-General of the United States and a prominent constitutional authority told an audience at Carnegie Hall that the way to "escape from the intolerable conditions in which the country now finds itself" is to elect men to Congress who will repeal the Volstead law. The amendment, he said, does not have to be enforced.

Boy Camper Dies of Shot

SAN RAFAEL, April 13. (AP)—A camping party ended in tragedy today when Merle Ritter, 15 years of age, San Francisco, was shot and killed accidentally by one of his companions, Clifford Peichner, 13, of the same city.

The boys, with two others, established a camp at Tocaloma last night. Today young Peichner was practicing with a .22 rifle. A bullet ricocheted and struck Ritter behind the ear, killing him.

Count Injured in Auto Tests

CASA BLANCA (Morocco) April 13. (AP)—Count Bruno D'Harcourt, son-in-law of the Duc De Guise, pretender to the throne of France, lay in a hospital tonight suffering from serious injuries received while testing a racing automobile yesterday.

The Count, descendant of one of the ancient families of Normandy, whose nobility goes back to feudal times, was to have competed in the Grand Prix of Morocco under the pseudonym of Bruni.

WALES REACHES KHARTUM

KHARTUM (Anglo-Egyptian Sudan) April 13. (AP)—The Prince of Wales arrived here this afternoon after a 400-mile flight from Malakal. His party, traveling in a dozen airplanes, circled the city before landing.

WHITE RUSSIANS PLOTTING COUP

Czarist Exiles in London to Form Vast Army

Red Officials Will be Held as Hostages

Return of Ruler to Throne Object of Scheme

LONDON, April 13. (Exclusive)—The baffling abduction of the famous White Russian leader, Gen. Alexander Koutiepoff, in Paris on January 26, last, has furnished the pretext for a fantastic attempt by Czarist exiles in London to form a vast White army for the purpose of kidnaping soviet officials and holding them as hostages and restoring a czar to the Russian throne, according to a sensational story which will be splashed across the front page of tomorrow's Daily Herald, the official British Labor party newspaper.

Recruiting volunteers by an inconspicuous announcement buried in the midst of the Morning Post's want ads, the invisible command of the White army is trying to assemble soldiers, sailors, airmen, doctors and nurses who will be at the disposal of the "Russian monarchist high command," the Herald will say.

THE ADVERTISEMENT

The advertisement read:

"Gen. Koutiepoff. Will those in sympathy with the work of, and anxious as to the fate of this gallant soldier, please communicate with C. R. N. 3275 Morning Post?"

According to the Daily Herald, all answering the advertisement received a confidential circular advising them to consider themselves bound by sacred duty to further the work of exterminating Bolshevism and restoring the rule of the Romanoffs. They were also requested to recruit friends who were able to serve through the pen, oratory, physical strength or technical knowledge. The ultimate end of the organization, however, is the kidnaping of officials as hostages for Gen. Koutiepoff and forcibly overthrowing the Red regime in Russia, the paper asserts.

INVESTIGATION BEGUN

A special branch of Scotland Yard is taking energetic steps to investigate the activities of the scheme and the promoters, the Herald says. Thus far the identity of the advertiser has not been revealed. It is asserted that he commands his correspondents to write to headquarters every two weeks, otherwise their names will be erased from the roll call.

A volunteer is being sought who will provide premises to serve as a meeting-place where a huge mass meeting can be called in the near future. Here officers will be elected and the work of organized members will be designated by figure instead of name. Meanwhile sympathizers are requested to pray for spiritual aid for their cause.

GRUNDY AND BROWN GET MELLON AID

Candidates for Senate and Governor Indorsed in Pennsylvania

PITTSBURGH, April 13. (AP)—W. L. Mellon, former State Republican chairman and spokesman for the Mellon interests in State politics, today announced his support of Francis Shunk Brown and Joseph R. Grundy in their race for Republican nomination as Governor and United States Senator, respectively.

Brown and his running mate for United States Senator, Secretary of Labor Davis, have the indorsement of the Vare organization of Philadelphia.

Grundy, until today, apparently had been forced into a virtually independent candidacy with the withdrawal of his co-candidate for Governor, Samuel S. Lewis, former State Treasurer. Grundy and Vare lieutenants have differed sharply on campaign issues.

The Mellon declaration of position today, however, places the Mellon, and presumably the Vare interests, in harmony on a candidate for Governor, while leaving them decidedly at odds on a candidate for the United States Senator. The primary will be held May 22.

Reduction in Air Accident Ratio Shown

By a "Times" Staff Correspondent

WASHINGTON, April 13. (Exclusive)—An increase in the number of miles flown for each accident in civil aeronautics in the United States for the last six months of 1929 over the same period in the previous year, is shown in the semiannual report of aircraft accidents made public today by Clarence M. Young, assistant Secretary of Commerce for Aeronautics.

In scheduled air-transport operations the report shows there were 15,940,161 miles flown and as there were fifteen fatal accidents, the mileage flown for each fatal accident was 1,062,677. In 1928, for the same period, there were 6,188,838 miles flown and seven fatal accidents, which placed the miles per fatal accident at 884,120.

BROMLEY ANNOUNCES NEW TOKIO FLIGHT

MEXICO CITY, April 13. (AP)—Harold Bromley, American aviator who failed in an attempted non-stop flight last July from Tacoma, Wash., to Tokio, has announced he is returning to Tacoma to make another try at the trans-Pacific flight. He has resigned his job as commercial pilot on the El Paso-Mexico City mail and passenger line and will go to Tacoma immediately. His monoplane, City of Tacoma, was wrecked at the start of his attempt last summer, but he was uninjured.

CRAZED WOMEN IN BLAZE PANIC

New York Asylum Scene of Lunatics' Dash

Ninety-two Flee Gibbering From Flames

Fire Believed to Have Been Outsider's "Prank"

CENTRAL ISLIP (N. Y.) April 13. (Exclusive)—Fire in a madhouse at midnight transformed a ward of the largest asylum for the insane in the world, at Central Islip, into a pitch-black gehenna of gibbering, screaming, groaning insane women for an hour early today.

After ninety-two women, eerie creatures in white nightgowns, had been herded from the stifling smoke clouds to safety, the fire was attributed to a fire bug—some madman at liberty who wished to see how crazed people in cages would act amid the terrifying scenes of a fire.

It was several hours before the last howls of the women had died away. Some of them, who wandered off into the smoke-filled labyrinth of hospital corridors, stretching for more than a mile, were missing for hours after the blaze attacked the waxed flooring of the ward. But finally all were herded into a dining-room and given coffee. They presented a weird spectacle.

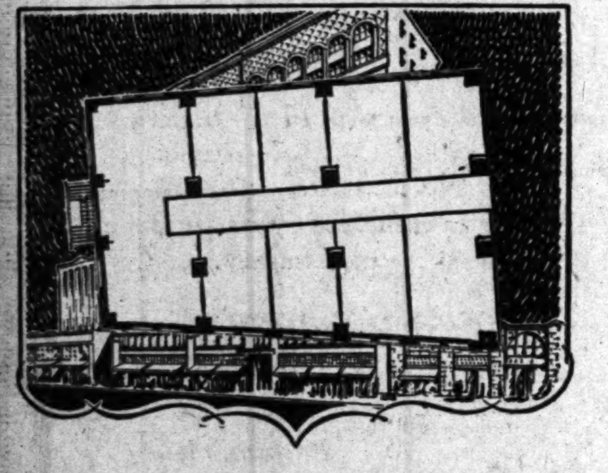
Clad in nightgowns, many of these women without minds giggled and frolicked like children at this nocturnal breach of the monotonous routine enforced on them. They seemed to take the thing as a lark.

While the crazed women, all listed as "disturbed"—meaning patients easily excited and hard to handle—sat in the dining-room drinking coffee, eight fire departments toiled at extinguishing the blaze, which was baffling because of the heavy smoke and little flame.

West Australia Laborites Lose

PERTH (Western Australia) April 13. (AP)—The latest figures in the State elections of Western Australia today indicated that the Labor government has been defeated.

The Nationalists and country party coalition have twenty-eight seats and the Labor party twenty-two.



Choice

Office Space

Subdivided the most efficient way

Available in units of 1500 to 4000 square feet

You will find this choice space subdivided in the most efficient way, with practically every office flooded with light and air—made possible because the WESTERN PACIFIC BUILDING is in "H" shape.

Your clients can reach you with greater convenience in this strategically located building—on Broadway. Quick access provided to all main automobile arteries. Within one block of 69% of all yellow carlines and Hollywood and west coast beach cars. Several parking stations, with low rates, are nearby. You can reach any part of the city without "fighting traffic." Yet rentals are more moderate here, because the WESTERN PACIFIC BUILDING is adjacent to, but just outside the high-valued downtown retail district. See this choice space today. Only a limited amount remains.

ROLPH TANGLES PARTY LINE-UPS

Many Democrats Switching to Support Mayor

Registration Figures Show Shift in Allegiance

Reardon Giving His Silent Consent to Situation

BY FLOYD J. HEALEY
"Times" Staff Correspondent

SAN FRANCISCO, April 13. (Exclusive)—Mayor Rolph's formal entry into the race for the Republican nomination for Governor has given political prophets a new problem in vote analysis which may develop into an interesting phase of the campaign.

A lot of Democrats, it appears, are going to be Republicans when the August 26 primary election rolls around.

Mayor Rolph, even though he won the Democratic nomination for Governor in 1918 when he ran on both tickets, is a Republican. He failed to attain the nomination of his own party in that primary, but a good deal of "Sunny Jim's" political strength in the Bay district lies in an organization of municipal subexecutives who have voted the Democratic ticket as a matter of family legacy since Thomas Jefferson. The 1918 Democratic nomination serves to some extent as a barometer of what he may expect from the Democrats of the State-at-large in the coming campaign.

MANY SWITCH TO MAYOR

The question resolves itself into how many Democrats will be willing to forego family tradition or principle for the sake of boosting the cause of the man who has been Mayor of this city uninterruptedly since 1912.

In San Francisco it has become obvious many of them are switching to the Mayor as a matter of political expediency.

The registration figures to date are not an accurate indication of conditions because registration has been hampered somewhat by the taking of the Federal census, but enough of the pronouncements are in to afford a partial glimpse of the realignments.

San Francisco county registration for the 1928 Presidential primary exceeded 200,000 by a slight margin. Of this number 60,057 registered as Democrats.

To date total registration is approximately 135,000 and of the total 27,550 have registered as Democrats, or less than half those who marked the Democratic side of the ballot two years ago.

REARDON IN TIGHT PLACE

Timothy Reardon, president of the Board of Public Works and Democratic chief high potentate of the county, is in a difficult position. He wants to help the Mayor but he has deep-seated scruples about his party. He appears to have compromised by assuming a hands-off attitude toward his henchmen, giving them silent permission to become Republicans for a day.

The Mayor says nothing. He knows he will eat into the Republican votes to be cast for Gov. Young and Dist.-Atty. Fitts, and he is not averse to garnering all the votes he can muster from the party for which Will Rogers pumps the pulmotor.

More than a handful of Democrats have declared they will support Rogers if he'll renounce Claremore, Okla., long enough to pack a saddle to the race as a Mohican of the Jeffersonians.

At a meeting in Santa Rosa yesterday, which amounted, in effect to the firing of the first gun in his campaign, Rolph told hearers gathered from Marin, Sonoma, Mendocino and Napa counties, that Democrats in large numbers are rallying to his cause.

Chicago Woman Held in Warsaw as Red Plotter

WARSAW, April 13. (AP)—Clara Mercel, an American citizen from Chicago, was arrested as a conspirator today by police who seized what they described as important documents she was carrying.

The authorities said the woman is a member of the Communist Internationale at Moscow, and came here a fortnight ago to meet a courier from that city. Her arrest was part of a campaign of precautionary investigations the police outlined for April to prevent Communist trouble May Day.

Suspect Grilled in Girl's Death

WASHINGTON, April 13. (AP)—Capital police today detained a married man who is said to have been friendly with Miss Mary Baker, government worker, whose mutilated body was found crammed in a culvert near Arlington Cemetery yesterday. After several hours of questioning he was taken to Arlington county, Virginia, where investigation of the murder is being carried on.

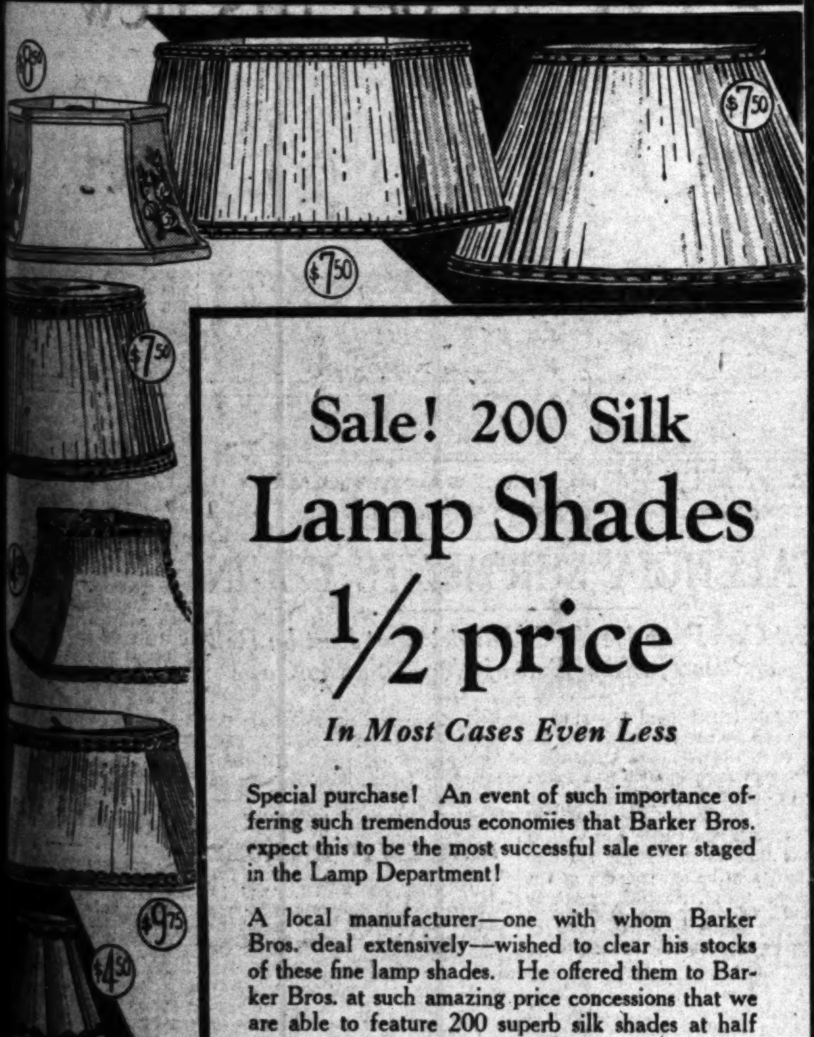
Police officials decline to say what connection the man might have with the case and refuse to divulge his name.

Student Takes Death Plunge

NEW YORK, April 13. (AP)—The body of Dudley Davis, Jr., 20-year-old Harvard junior, and member of a wealthy New York family, was found early today beneath an open window of his parents' sixth-floor Park-avenue apartment. Although police in their first report did not list the case as one of self-destruction, the youth's father, Maj. Dudley Davis, life-insurance attorney, expressed the belief the young man had taken his own life.

Maj. Davis said he knows of no reason for his son's act.

GOLDEN JUBILEE SALES
at Barker Bros.



Sale! 200 Silk
Lamp Shades
1/2 price
In Most Cases Even Less

Special purchase! An event of such importance offering such tremendous economies that Barker Bros. expect this to be the most successful sale ever staged in the Lamp Department!

A local manufacturer—one with whom Barker Bros. deal extensively—wished to clear his stocks of these fine lamp shades. He offered them to Barker Bros. at such amazing price concessions that we are able to feature 200 superb silk shades at half price and less.

All the season's newest styles—tailored and pleated silk (the most outstanding fashion note of the season)—correct and smart to the smallest detail of design and finish.

Not One Shade Over $10

Although there are bridge, junior and table sizes as well as boudoir types, not one of these exquisite shades is priced over $10—in fact the great majority are considerably less. The sketches give some idea of the marvelous selection here, but you will want to come in to see for yourself what a truly exceptional event this is.

NEWS OF SOUTHERN COUNTIES

DETECTIVE HEAD STARTS INQUIRY

Capt. Hayes of San Diego to Enter Smithwick Case

He Plans Investigation of Death Mystery

Open Verdict of Coroner's Jury Not Sufficient

SAN DIEGO, April 13.—Investigation of the mystery death of Henry Smithwick, 46-year-old tourist, received new life today when Captain of Detectives Paul J. Hayes announced he planned to begin immediately a personal inquiry into the case. "I'm going to see what is at the bottom of this case," he detective head said.

Hayes's action came after a Coroner's jury recently returned an open verdict, declaring that Smithwick came to his death from concussion of the brain and partial suffocation received under circumstances unknown. Smithwick was dragged from the bay at the foot of Fifth avenue eight days ago by a taxi driver and three sailors. The taxi driver previously had taken Smithwick from his hotel to the waterfront, and after discharging his passenger and starting back to the city, returned to the bay front because of Smithwick's peculiar actions.

About $200 in money which Smithwick is known to have had in his possession on the day before his death was missing when the body was dragged from the bay. This money has not been traced.

A number of bruises and abrasions on the face and head were unexplained at the Coroner's inquest, although the supposition was advanced that Smithwick might have leaped into the bay and struck a submerged piling, incurring the brain injury which caused his death.

Three Men Held for Giving Girls Liquor on Ride

YUCAIPA, April 13.—Judge C. O. Potter presided at the trial of William McCulley, Cecil Eaton and Pinis Cowan, charged with giving liquor to two local girls, 13 and 16 years of age, respectively. Judge Potter ordered the three defendants held to answer to the Superior Court. McCulley, a middle-aged man and uncle of Cowan, 18, who, according to the testimony, had furnished liquor which was drunk and which caused Eaton and one of the girls to become intoxicated, was ordered held on $500 bond. Eaton and Cowan were ordered released on their own recognizance. They will appear in Superior Court Monday. McCulley was represented by Attorney Loeb Cossack and did not testify. The three defendants were arrested by Redlands police last Monday on complaint made by W. W. Hall. Since their arraignment they have been held in jail in default of $500 bail.

The four young people, two boys and two girls, according to the stories related in court, had planned to spend Sunday evening together with an automobile ride and attendance at a show, vaguely planned. Coming to Redlands from Yucaipa, they had gone to East Highlands, where they had picked up McCulley in accordance with previous promise by Cowan to return the former to this city. A bottle of liquor was produced and drunk on the way to Redlands and another bottle, also assertedly furnished by McCulley, was brought forth and drunk following lunch at one of the local restaurants, it was testified.

Eaton and one of the girls became intoxicated as a result, according to stories related from the witness stand, and Cowan drove the automobile after McCulley had been transported to some point in this city. The condition of the young girl who was considerably intoxicated was discovered by her father upon her return home.

WILD PARTY RESULTS IN MECHANIC'S ARREST

REDLANDS, April 13.—Roy Estes, San Bernardino automobile mechanic, is to go on trial in the Superior Court in San Bernardino this week as a result of the wild party assault case which developed in Redlands a few days ago. Estes is charged with having run amuck at a party given at a private residence and with having slashed a sailor, who was at the party, with a knife. Estes, it is declared, could remember nothing of what happened at the party.

Prominent Characters to Be Seen in Ramona Bowl, as They Are in Daily Life and in Their Roles

HEMET, April 13.—Leading citizens in all walks of life are making preparations to abandon their daily tasks and don grease paint for their annual appearance as thespians in the 1930 Ramona Pageant, opening in the Ramona Bowl here on the 26th inst., for six performances.

For eight consecutive years many of them have re-enacted events in the lives of their ancestors in the spectacular play glorifying early California tradition and romance. Through portraying the same roles year after year they have attained a perfection approaching that of leading professionals.

Edward Poorman, cattle baron, and president-manager of the pageant association, will appear for the eighth consecutive time in the role of Juan Canito, the old overseer. Mrs. Nancy Miller, wife of a prominent physician of San Jacinto, widely known for her hobby of raising parrots, will make her eighth appearance in the role of Marda.

Frank Felt, known as the bard of the Sespe for his poems, and a former automobile dealer of Hemet, will appear as Father Salvadierra for the eighth time. Adelaide Clarke, a prominent musician and instructor of Hemet, also will be seen as Senora Moreno for the eighth year.

Two prominent attorneys of Hemet will be seen in leading roles, including James A. Hall in the part of Frank Hayton, and Oliver P. Ensley, who portrays the character of Jake, the latter for the eighth time. Dr. J. W. McCann, chiropractor of Hemet, will be seen in the role of Merrill for the seventh year.

Maure Hurt, superintendent of the Hemet cannery, will appear in the role of Jim Farrar in the play. M. B. Rideout, a prominent orchardist, will portray Dr. Morong. Mrs. H. B. Jones will characterize Aunt Ri Hyer for the seventh time this year. Dorise Schukow has appeared in the title role for six consecutive years.

Many other members of the cast have portrayed the same roles from two to six years and several who first appeared as child dancers have graduated into more important roles. Through the fact that many of the players live the roles they portray, the outdoor drama has come to be known as Southern California's historical Oberammergau through its analogy to the Bavarian Tyrol Passion Play.

The pageant will be repeated on the 27th inst., May 3 and 4, and May 10 and 11, each performance starting at 3 p.m.

BEAN GROWERS ENTHUSED

Telegram From Congressman 'Announces Successful End for Three-Cent Tariff on Dried Article

SANTA ANA, April 13.—Bean growers were cheered and their marketing situation vastly improved by a telegram from Congressman Phil D. Swing to County Auditor W. C. Jerome, local authority of the bean industry, announcing the successful culmination of the fight for a 3-cent tariff on dried beans.

Word that Senate and House conferees on the tariff bill had agreed upon the increase of the dried-bean tariff from 1 3-4 to 3 cents per pound, was accompanied by congratulations from the Congressman, who has been pressing the matter before the conference committee.

"This tariff increase completes a set of circumstances that augurs extremely well for the bean growers as they go into the new market," said Jerome. "The old crop of last year is all disposed of and a new marketing outlet is now being established in the form of canned dried lima beans, an article that is taking well, and which will dispose of about 50,000 bags of beans annually, or about 5 per cent of the crop. Added to these factors, now, is the tariff increase, which pretty well fills the cup of Southern California bean growers."

The only possible drawback to the tariff angle, said Jerome, is that the increase may stimulate larger plantings in other sections which may tend to hold down the prices.

The principal foreign sources of dried beans, which will be affected by the increased American tariff, according to Jerome, are those of Manchuria, Madagascar, Japan and China.

BOY TREATS RATTLER BITE

Fourteen-Year-Old Richard Holmes Cuts Wound on Finger and Applies Tourniquet Himself

PASADENA, April 13.—Fourteen-year-old Richard Holmes of 528 Concordia Court, did not cry or scream for help when a snake, believed to have been a deadly rattler, fastened its poisonous fangs in the middle finger of his right hand today. Instead, he calmly opened his jack knife, cut into the poisonous wound, and tied a piece of rope about his wrist to keep the poison from reaching his heart.

After taking these drastic measures the boy hurried to the Pasadena Emergency Hospital where Dr. Howard L. Hatfield applied antidotes and pronounced the snake-bite victim out of danger.

"It is unusual for a small boy to display the courage which Richard showed, and if the snake actually was a rattler, his presence of mind may have saved his life," the physician asserted.

Young Holmes, a McKinley Junior High School pupil, wants to be a forest ranger. He asserted that he was trailing a small animal through heavy grass on the Arroyo Seco bank near Devil's Gate, when a two-foot snake struck a distance of about eight inches and clamped its jaws on his finger.

"I thought it was a small rattlesnake, and as nobody was around, I just did the best I could," he declared, proudly displaying the self-inflicted knife wound.

Inquiries made at the local United States Forest Service headquarters, elicited the information that rattlesnakes are becoming active at a much earlier date than usual this year.

Python Vanishes From His Cage at Long Beach

LONG BEACH, April 13.—Hope that a thief took a thirty-five-foot python from a cage on a trailer in the amusement zone was held by the owner and police today as they feared that the 250-pound snake may be at large in the amusement zone.

Searching parties sought under piers and through concessions for the snake today after its disappearance was discovered this morning.

The snake eats a small pig at a meal and authorities fear that it map trap a child if it is loose.

CITY MADE DEFENDANT IN ACTION

F. Aufdenkamp, Laguna Beach Theater Man, Asks $3703.25 Damages

SANTA ANA, April 13. — Fred Aufdenkamp, who found he needed his boots for patrons and diving suits for the orchestra at his Laguna Beach Theater, following the rainstorm of last January 11, has filed a suit in Superior Court against the city of Laguna Beach, demanding $3,703.25 damages.

Aufdenkamp, who is joined by his wife, Elloene Aufdenkamp, as plaintiff in the action, charges the city government with responsibility for diversion of storm waters which, it appears, formed a lake about the Lynn Theater on the Coast Boulevard and turned its interior into the likeness of a marine landscape.

The city's efforts to regulate drainage by the construction of gutters, culverts and conduits are asserted by Aufdenkamp to have made the situation worse instead of better. Storm waters from the northeastern part of the city, which formerly drained directly into the ocean or the slough to the west, were sent in a torrent down through the busines district, it was said, when 1.77 inches of rain fell on January 11.

The Aufdenkamp complaint was filed through Attorneys Harvey & Harvey of Santa Ana.

VALENCIA SHIPMENTS BEGIN

First Cars From Redlands District Start East by Rail and Boat; Many Cars of Navels Still to Go

REDLANDS, April 13.—First shipment of Valencia oranges from the Redlands district for this season was rolling east today having been sent out from the Elephant Orchards Packing House last night. The shipment goes from here to San Pedro where it is loaded on a boat bound for the Atlantic Coast.

Despite the fact that shipment of Valencias is now under way, a check shows that there are yet 150 cars of navels to be shipped out of the district. This fruit will probably be sent to the market this month and that will clear the way for the Valencia crop, which is said to be a good one.

The Mutual Orange Distributors here have about fifty cars of navels to ship before the season ends and will not start shipping Valencias for a week or so. Most of the Mutual Orange Distributors houses will finish their shipments in a week or so, A. D. Knight, sales manager, says.

"Nice sizes are apparent in the Valencia crop, particularly in Orange county. They are slightly larger in this district. Florida orange shipments are supposed to be over by Tuesday, unless the quarantine is delayed. There has been considerable Florida fruit placed in storage outside the State, so that the effect of a cessation of Florida shipments will be felt in the market gradually. At any rate, there should be improvement in the prices paid for California fruit," Knight said.

"One of the biggest cantaloupe crops in years is soon to go into the market. That is another factor to be considered in prophesying orange prices for the next few weeks. The melon shipments probably will not last more than two months, however," he concluded.

The first Mutual Orange Distributors houses to wind up with navels are expected to be the Orangedale, Crafton and Brynmawr houses. Allen Break, at Brynmawr, expects to stop work on navels Monday or Tuesday.

MAN HURT BY TRUCK RETURNS TO HIS HOME

HUNTINGTON PARK, April 13. C. E. Herold of this city, who was injured about the head when he was struck by a truck a few weeks ago, in front of the city fire department, has been returned to his home from the Mission Hospital. He had suffered the loss of his eyesight since the accident, but this is gradually returning, it is stated. The truck was driven by J. E. Hanson of La Habra.

DEPOT FOR BOATS PLAN

San Diego to Build Structure to Accommoda Craft and Water-Taxis Plying The

SAN DIEGO, April 13.—Construction of a depot to concentrate excursion boat and water front is to be started soon on Harbor street Director J. W. Brennan announced today. reinforced concrete construction, eighty feet The architecture will harmonize with that Building and the structure will be one story deck will be provided on the roof of the build ble the size of the waiting-room.

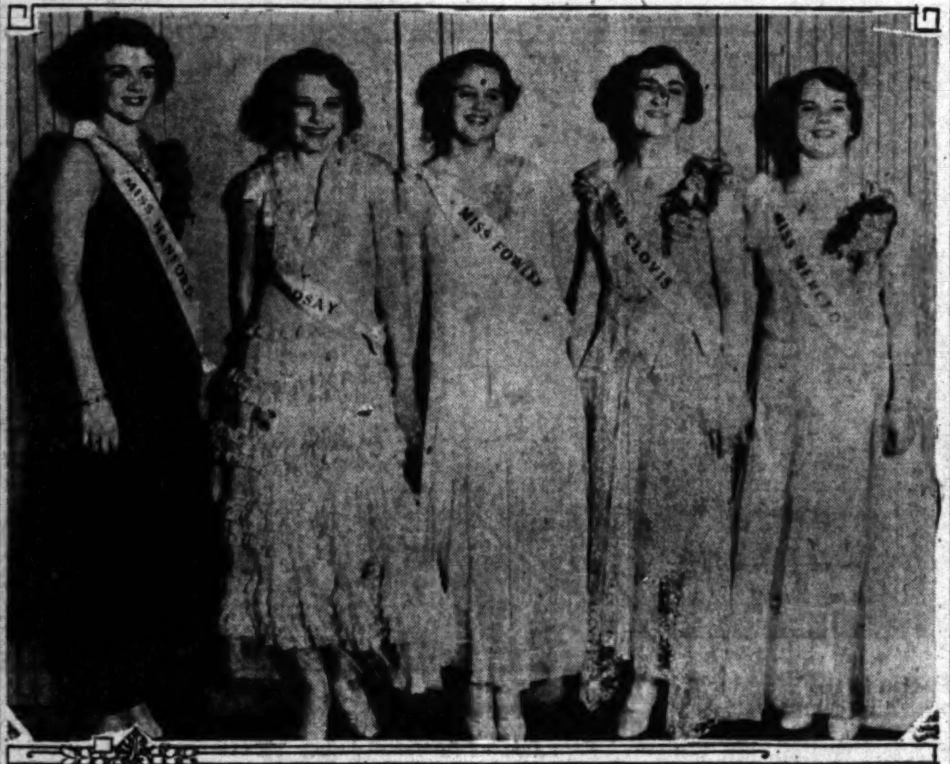
FOWLER GIRL WILL BE RAISIN QUEEN

Selected to Reign Over Coming Valley Festival



Fresno Fete Ruler and Her Maids of Honor
Left to right, Jean McCarthy of Hanford, Belle Everett of Lindsay, Queen Harriett Brown of Fowler, Ida Edmiston of Clovis and Doone Wheeler of Merced.

FRESNO, April 13. (Exclusive)—Harriet Brown of Fowler, 17-year-old senior at the Fowler High School, was chosen last night to reign as queen of the California Raisin Festival here on the 26th inst., a role in which she will share the throne of the San Joaquin Valley's greatest annual celebration with Charles Paddock, noted athlete, who will be the royal consort. Miss Brown, a petite blond, was selected from a group of sixteen girls representing as many cities of the six southern counties of the valley.

Runners-up for royal honors, who will participate in the Raisin Day pageant and festival as maids of honor to Queen Harriett are Jean McCarthy of Hanford, Belle Everett of Lindsay, Ida Edmiston of Clovis and Doone Wheeler of Merced.

The selection of the queen was the occasion of a public ceremony and dance which attracted more than 3500 spectators and participants and followed a public reception and dinner at which the sixteen candidates made their first public appearance in a group.

BYRD STEAMER LOSES TO BARK

Old Sailing Vessel Arrives at Papeete Before Rival

Vessels Will Leave Together on Journey to Panama

Party Expected to Land at New York June 14

DUNEDIN, April 13. (AP)—Dispatches from Rear-Admiral Richard E. Byrd's expedition ships today disclosed that the bark City of New York has beaten the steamer Eleanor Bolling to Papeete, Tahiti.

The bark left here nine days before the steamer, the crew of which believed it could overtake the sailing ship on the first stage of the homeward journey to New York. The City of New York was hove to, midway between here and Papeete for three days during a gale but sustained the faith of her captain expressed before sailing from Dunedin that the "old ice ship always gets there." The Eleanor Bolling is due at Papeete Monday.

From Papeete the ships together sail for Panama, where Admiral Byrd will board the City of New York for the final leg to New York City. They are expected to reach home about June 14.

Admiral Byrd is resting at Roturua, the site of a large meteorological station, where William Haines, meteorologist of the Antarctic expedition, is conferring with meteorologists of other Antarctic expeditions. Haines proposes to issue a report on his observations when he arrives at Panama. Admiral Byrd will return here next Friday to spend a final week before sailing from Wellington for Panama.

AIR CRASH HURTS ANGELENO

LINCOLN (Neb.) April 13. (AP)—Charles Smith, 23 years of age, of Los Angeles, a student aviator, was injured slightly today in a 600-foot plunge in his biplane.

Usher Averts Fire Disaster

WOBURN (Mass.) April 13. (AP)—The courage and cool headedness of Jerome Lynch, a 17-year-old usher boy, saved 300 children from a fire which swept the Strand Moving-Picture Theater here late today just before the show started.

As it was, fifteen persons were slightly cut or burned and the theater was damaged to the extent of $50,000.

ARTIST AVIATOR HUNT GOES ON

Society Girl Heads Searchers for Missing Flyer

Ralph Skelton Believed to Have Gone Into Lake

Plane Disappears Between Ann Arbor and Chicago

CHICAGO, April 13. (AP)—With Miss Betty Cook, Evanston society girl, in the leadership a fleet of six airplanes today continued without success the search for Ralph Fisher Skelton, young artist-aviator who disappeared last Thursday while flying across Lake Michigan for Chicago.

The aerial party left for the Palwaukee airport in midmorning and skirted the southern curve of Lake Michigan as far as Benton Harbor, Mich.

At that point the planes swerved inland to comb dunes, prairie and wooded country near the path believed to have been followed by Skelton.

Hope was still held that Skelton was able to make a safe landing in some isolated section of Michigan, although searchers thought it more probable he had been forced down in the lake where the biplane would have sunk almost immediately.

Skelton took off from Detroit, but stopped at Ann Arbor, Mich., to refuel before venturing out over the lake. At the Ann Arbor field, it was said the plane's fuel tank had developed a bad leak.

POOL PLANS APPROVED

ROSCOE, April 13.—The City Playground and Recreation Commission has approved plans for the erection of a bath house and swimming pool here. A total of $35,000 is available for the purpose. The pool is to be 50 by 150 feet in dimension. Plans also have been approved for a large swimming pool in the new Reseda Park at Reseda, another town in San Fernando Valley.

NEWS OF MIDDLE WEST

These news briefs of happenings in the Middle West are collected by The Times' Chicago correspondent, and are sent by leased wire to Los Angeles. Efforts are made to obtain late news which will be of interest to the many former residents of that section, who are now in California.

MISSOURI

Mrs. Charles L. Brazelle, formerly Miss Roberta Acuff, daughter of the late Alonzo Acuff, died of pneumonia in a Paris hotel, after a trip through Italy and South France. She was 37 years of age.

An effort to obtain financial assistance fro mthree or four banks to pay Kansas City's needy patrolmen, who have gone without their salaries since March 15, is under way.

St. Louis permits for the fiscal year ending April 9 for structures valued at $22,211,105, lowest in seven years.

The first definite step in the reorganization of the Farmers' Trust Company of Marysville was taken in the appointment of a depositors' committee of five to co-operate with the officers and stockholders of the closed bank.

The Grand-avenue Methodist Episcopal Church, of all churches in Kansas City the owner of the most valuable property, extended its holdings. The church bought the property at 909-11 Grand avenue from Mrs. Edwin W. Shields for $175,000.

John Sears, 55 years of age, was convicted at Neosho, Mo., of the murder of his long-time friend and neighbor, Charles Schroeder, 50, near Peirce City. A sentence of ten years' imprisonment was specified.

KANSAS

The Kansas board of administration is considering the purchase of some bullet-proof vests for the guards at the State penitentiary at Lansing.

A high wind that swept the parched Kansas soil with terrific force, carrying soil from one county into the other, caused further damage to crops. The wind frequently went above fifty miles an hour.

Mrs. Carrie Thompson, long-time resident of Clay Center and one of the best known women of the city, died at her home in Clay Center, following a stroke of paralysis.

The job of making a transcript of all records of the Farmers' State Bank at Leon has been completed and the next move will be the appointment of a receiver. This bank was closed voluntarily by the board of directors as a step toward liquidation.

MICHIGAN

Gov. Fred W. Green hinted in a brief talk before a State group of lumber dealers and builders that he will not be a candidate for a third term.

Mrs. Hester Kellogg, who died February 2 in Glendale, Cal., left $24,000 in trust for the Altrusa day nursery at Battle Creek. In event the nursery is discontinued the residue is to go to one of the Battle Creek hospitals.

March spelled a deficit of $112,626 for the Detroit Department of Street Railways against a net profit of $44,766 a year ago.

The Peoples Wayne County Bank, the Bank of Michigan, and Peninsular State Bank, units of the Detroit Bankers' Company, are to be merged.

G. H. Burt, superintendent of schools at Byron, complained to State conservation officials that there was fishing out of season near his home. Investigators, some days later, found two men fishing illegally in the mill pond. They were arrested and fined $50 each. One of the fishermen was G. H. Burt.

WISCONSIN

Suicides accounted for 451 deaths in Wisconsin in 1929, the highest ever recorded for any one year in the State. The lowest suicide rate was in 1920, when the rate was 10.1 per 100,000 population. The rate in 1929 was 15.5.

Several hundred shares of oil stocks, mostly of the Seyler system, are declared valueless in the inventory of the estate of John H. Campbell, in Milwaukee. The entire estate is valued at $16,137.41. Carrie Sanderson, widow of Martin Sanderson, left $23,000 real estate and $40,000 personal property.

George Olde, Milwaukee assistant secretary of the Wadhams Oil Corporation, died after a long illness at his home, 1145 Forty-eighth street.

Trial of Larry Lawrence and E. H. Stewart at Appleton on a charge of robbing the Bank of Black Creek last November came to an abrupt halt when it was announced that a man held in Minneapolis had confessed to committing the robbery.

IOWA

Des Moines trade territory has been increased by nineteen counties in the last year due to paved roads, and the potential buying power increased approximately $120,000,000, N. H. Nielson, secretary of the Retail Merchants' Board, announced.

John N. Dakin, 86, the city's most widely known horse dealer and resident of Des Moines for thirty years, died at his home there after an illness of several months.

The Macksburg National Bank at Macksburg will discontinue business under an agreement reached with three Winterset banks.

Mrs. Emma Meader, 81, widow of George Meader, pioneer merchant at Sibley, died there suddenly of heart disease.

Eight children of Mr. and Mrs. Charles Kent of Ottumwa fell ill of measles at the same time about two weeks ago. Pneumonia developed with five and death has taken two, with little hope for another.

NEBRASKA

Edwin B. Snyder, 50 years of age, recently resigned as chief clerk in the finance department of the Seventh Corps Area, was found by Opal Margerum, 19, of 4135 North Forty-third street, a South High School senior, breathing gas from two open jets in the kitchen of his home at 2727 South Twenty-fourth street. He was revived after half an hour's work by the Brailey Dorrance inhalator squad.

John A. McShane, son of the late Mr. and Mrs. James H. McShane of Omaha, died at Walter Reed Hospital in Washington, D. C., of appendicitis.

Called to the bedside of his mother, Mrs. Rebecca Castleman, Omaha, who is gravely ill at the Clarkson Hospital, Nat Castleman, former Omaha boy, came from Los Angeles to Omaha in twenty-nine hours and fifteen minutes over established air-mail lines.

Mrs. Chamber Toll, 70, early resident of Elm Creek, fell and broke her shoulder and hip.

MINNESOTA

Two bandits held up and robbed the First National Bank at Dawson of $2500, locking seven men and a woman in the vault.

Elmer Walls, 21 years of age, received a fatal gun shot wound when he tripped and fell while on a hunting expedition in the country near Clarkfield.

Mrs. Mathilda Blodgett has just been renamed postmistress at Ghent and will begin her eighth four-year term.

Rev. A. Q. Weniger, who has been pastor of the First Baptist Church at Pipestone, resigned and left for Bend, Or., to accept a call there.

Arnold Nagler, an insurance writer of Tracy, was electrocuted at his home when he grasped an electric cord as he fell from a ladder.

INDIANA

Any Indianapolis city employee seeking office in the elections this year must resign. "You can't spend your time on your candidacy and draw money from the city," Mayor Sullivan ordered.

Unless Communists and other dissenters get violent they may rant and demonstrate all they care to in Indianapolis, the Board of Safety ruled. "So much government is rotten, it's high time somebody started thinking about overthrowing it," one board member asserted.

Mrs. Jerry Mugivan, widow of the late president of the American Circus Corporation of Peru, gave $50,000 to St. Charles Catholic parish at Peru for the erection of a school building in memory to her husband.

A $50,000 fire at Bluffton destroyed the Grand Theater and adjoining offices.

ILLINOIS

Into the Southwest with a trunkful of literature attesting to Chicago's innate good character, thirty-five business leaders left on the first good-will tour through that region since 1911. Col. Robert Isham Randolph, president of the Chicago Association of Commerce, headed the party, and will visit fourteen cities in six States during the next two weeks.

Michael Klem, secretary and director of the Dnipro Building and Loan Association, Chicago, has disappeared leaving a shortage of at least $50,000. Klem has not been heard from for ten days.

The Henry Denhart Bank, oldest in Washington, Ill., closed to prevent further heavy withdrawals. Officers said the bank was not in danger. It listed deposits at $650,000.

OHIO

John Epple, 62 years of age, is dead at his home in Pomeroy after an enforced fast of forty-one days, due to a throat affliction which made it impossible for him to take food.

Fire caused considerable damage to five downtown stores in Canton and for a time threatened an entire block adjoining the Public Square.

Mrs. J. B. Taggart of 725 East Market street, Akron, is entering a claim for part of an estate in Philadelphia, after being informed by a Philadelphia law firm that she is one of the heirs of Michael Becker, a Prussian immigrant who died a century ago in the Quaker City, leaving $1,000,000 in trust which now approximates $4,000,000.

KENTUCKY

Clyde Brock, son of State Senator Hiram Brock of Harlan, a student at the University of Cincinnati, is near blindness as the result of battery acid getting in his eyes.

A heavy flow of gas was struck in an oil well being drilled about one mile south of Greenville.

J. W. Dillohay of Calhoun has been re-elected by the McLean county Board of Education for a four-year term as County School Superintendent.

Evelyn Nesbit Under Arrest

PANAMA CITY, April 13. (Exclusive)—Attired in a red hat and a trailing evening dress, Evelyn Nesbit, former wife of Harry K. Thaw, was arrested yesterday morning at 3:30 o'clock with eleven other Americans, five of them being cabaret girls, and charged with playing roulette in the poker rooms over the Metropole Hotel. Later they were released in $100 bail.

Miss Nesbit is employed here at Kelley's Cabaret.

Marconi Talks to Argentina

GENOA (Italy) April 13. (AP)—Senor Guglielmo Marconi has talked from Europe to Buenos Aires, Argentina, using the wireless telephone on his yacht Electra, he told the Associated Press today. The power of the yacht's transmitter is three-fourths of a kilowatt.

Signor Marconi said he is constructing a radio-telephone station in Italy which in six months will enable regular communication between the two countries without relay stations.

Princess Helen Down With Grip

BUCHAREST (Rumania) April 13. (AP)—Princess Helen, mother of King Michael, was suffering today from an attack of grip, with moderate fever.

Physicians said she is progressing favorably.

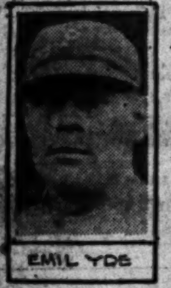
Fields Faces Thompson in Titular Bout

DETROIT, April 13. (AP)—Jackie Fields, welterweight champion, will defend his title against young Jack Thompson, Chicago negro, at Olympia arena May 9, Manager Dick Dunn announced today. Contracts for the bout, which is scheduled to go fifteen rounds, were signed this afternoon. Thompson will be the first negro to fight for the welterweight title in about twenty years. Fields won his title from Joe Dundee of Baltimore on a foul in Floyd Fitzsimmons's stadium at the State fair grounds here last spring.

STARS SPLIT DOUBLE BILL WITH ACORNS

Sheiks Take First Tilt by 10-to-5 Score, But Drop Second, 3 to 2

OAKLAND, April 13.—Oakland broke even today with Hollywood, losing the morning game, 10 to 5, but winning in the afternoon, 3 to 2, in eleven innings. The Acorns led until the eighth, when the Stars knotted the count at two apiece.



EMIL YDE

The two battled on even terms until the last of the eleventh, when Arlett led off with a double. Vergez singled infield Fenton was purposely walked and Ricci came through with a single to send Arlett over with the winning run.

The Oaks scored in the fifth on a single by Uhalt, a stolen base, sacrifice fly by Brubaker and a single by Martin.

In the seventh Arlett started with a triple and scored on Fenton's single.

Martin Dumovich pitched no-hit,

Yesterday's [illegible] the first for Tucker in [illegible] uniform this season, he [illegible] but recently recruited. [illegible] only thirty seconds [illegible] game opened that [illegible] booted the first [illegible] the uprights for [illegible]. Tucker soon [illegible] and afterward scored again to bring the interval count up to 2 to 1.

Monsterrat's cross from the left wing was headed into the net by Tucker soon after the second half opened to give the Hungarians a 3-to-1 advantage. Harry Owens scored for the Mercuries, but with the count 3 to 2 the Magyars took another spurt and Johnny Hodgert and Tucker both scored additional goals to make the final score, 5 to 2.

In yesterday's opening game the Richfield and Viking elevens played to a 2-to-2 draw in a City League game. At the end of the first half the Oilers were leading, 2 to 0, but the Norsemen managed to tie things up in the last forty-five minutes of play.

Next Sunday's 3 p.m. game will bring the Magyars against Hollywood at 3 p.m. for the cup championship, while the Scots meet Pasadena A.C.C. at 1 p.m. in a City League game.

SPRING'S SONG OF SWAT

The long sleep is over—the Nation is waking,
The dead epoch fades and the live one is back;
The old earth rebounds with a quiver and quaking
And high flies the dust as he thuds on the track;
The atmosphere reels—and it isn't a comet—
The air is a-whirr with the stir of the day,
As pitchers are quivering, writhing and shivering,
Poised on their toes for a swift get away;
The infielders mutter,
The outfielders flutter,
The throbbing pulse gallops and rides,
As facing his fate again,
Back to the plate again,
Big Babe the batterer strides.

The dead days are past with the live ones beginning,
As on to the frolic he moves in a stream;
For now comes the revelry back to its inning
Where pallid existence moves out of its dream;
The bustle and tussle—the rustle and Hustle—
The let-er-go gallagher—lay-on McDuff—
The rackety-kax of the fence busting muscle,
And damned be the pitcher who hasn't the stuff;
A moment of waiting,
Of anxious debating,
And then the big bludgeon collides,
As out from the mist again
Back to his tryst again,
Bim Babe the batter strides.

The Pursuit Race

FOURTEEN ball clubs in two big leagues will start out on a double chase tomorrow in the biggest pursuit race of the year.

Seven clubs in the American League will be chasing the Athletics. Seven clubs in the National League will be in hot pursuit of the Cubs. Maybe the pursuit in each league will be hot, and maybe, it won't be so hot after July 1, or sooner.

When the two races settle down to summer form will any club be able to catch the Athletics or Cubs? I don't think so and neither do many others who might have happened to think about it. When the odds are only about 2 to 1 that both the Athletics and the Cubs win out you can see the spot they are in. The Athletics are around 3 to 5 and the Cubs around, 6 to 5.

They are not sure things, of course. Let something of an untoward nature happen to a battery that works under the trade mark of Grove and Cochrane. Let something equally fuzzy attack Hornsby and Hack Wilson. One or two injuries or accidents of a serious nature can make a good ball club look seedy in a week's time, if such injuries happen to hit certain vital spots.

But in rating pennant chances one has to figure in advance that the run of luck will be about even. Connie Mack once said that all luck in a pennant race was practically even, outside of injuries to players. If luck in injuries runs about even up and down the line, the Athletics and Cubs should square off in the next world series for the simple reason that both have too much combined pitching and batting strength. At least this is all the reason one needs to look for.

The Better Teams

Who are more likely to be the main pursuers when the squabble opens? The Yankees would be a lot better off if Babe Ruth had been given more rest and had been worked in only about half the exhibition season—possibly only in a third.

Their only chance to beat out the Athletics is to get a lot better pitching than they now look to have. As it is they will have no easy time choking down the Tigers, the Cleveland Indians and the Browns—and possibly the White Sox.

Cleveland and Detroit have first-class possibilities and you can always bank on Donie Bush for a hustling outfit, which means a lot.

Pursuit racing in the National League should be even keener. Brooklyn and Cincinnati will be far different ball clubs than they were a year ago. If it weren't for the Cubs the National League race would be

(Continued on Page 10, Column 4.)

CASABA RULES AMENDED

But One Free Throw Now Allowed Player Fouled in the Act of Trying for Field Goal

NEW YORK, April 13. (AP)—The international joint basketball rules committee, meeting here yesterday, made several alterations in the rules, but rejected the one suggestion that has aroused the most discussion—that the center jump be abolished. Following the recommendation of the National Coaches' Association and of the majority of those who answered a questionnaire sent out last summer, the committee voted to retain this feature of the game.

The voting in answer to the questionnaire was 330 to 128 in favor of retention of the center jump, and of those who voted 215 said they had experimented with the proposed change. The only concession to the opponents of the jump was the decision to continue experiments with other forms of putting the ball into play.

Perhaps the most important rule change was that a player who is fouled in the act of shooting a goal now gets credit for the field goal if he makes it, but gets only one free throw. Formerly he got two foul shots whether the field goal was scored or not. Likewise, if the goal is made and the foul shot missed, the ball is in play instead of being returned to center for a jump off.

Other rule changes were concerned principally with the center jump. One rule was that on a jump ball, the ball may be tapped not more than twice by either player jumping in or out of the circle. But if one jumper runs out of the center, the penalty was made a technical foul with one free throw for the opponent instead of merely giving it to the opposing team on the sideline. An exception to the rule was made where a jump off is made near the basket and one player tips the ball in while the other runs out. Then the field goal counts and the foul is disregarded.

Another rule, made to allow more actual playing time, is that on a free throw, the timer's watch shall not be started until the ball leaves the thrower's hands.

A rule was passed limiting overtime play in high school games to three overtime periods with a five-minute intermission between the first and second. The decision as to whether the third period should be a "sudden death" affair with the game going to the first to score, or whether the tie should be decided in some other manner was left to the discretion of local officials.

PURPLE RIDERS TAKE POLO CUP

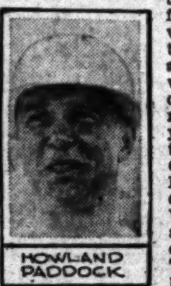
Boeseke's Team Wins Trophy at Midwick Club

Players Battle It Out to 7-to-7 Score

Santa Barbara Will Tackle Local Four Next

BY FRANK ROCHE

Coming with a rush in the last three chukkers, long-legged Elmer Boeseke's Purple poloists not only tied the White four led by the veteran Carleton Burke, but also managed to win the finals of the Honeyman Cup play yesterday at the Midwick Country Club Field. By virtue of catching the White team and tying the count yesterday, 7 to 7, the Purple riders took possession of the Honeyman trophy by a plus-two margin. The Purples scored that many more goals during the tournament than the Reds, captained by Eric Pedley and the Whites, led by Burke.



HOWLAND PADDOCK

Yesterday's polo game was a humdinger. Nearly every man in the game came out with some sort of a cut or bruise on his hands and face so furious was the riding and mallet swinging during the afternoon. The Whites had a 6-to-3 lead at half-time, but Boeseke's boys started to come in the last half and they tied the thing up in a sensational manner in the last three periods.

Jim Spalding and R. B. Honeyman scored the final two goals in the eighth chukker, which sent the game into a deadlock and gave the Purples the polo cup. The Whites had to beat the Purples by three goals in order to take the trophy and they just weren't capable of doing it despite some fine polo turned in by Neil McCarthy, Steen Fletcher, Gordon Cronkhite and Carleton Burke.

When Boeseke, Honeyman, Paddock and Spalding started to come on in the last half of the game it was very evident that they were going to take the honors in the round-robin tournament or die in the attempt. They rode like madmen up and down the field with Boeseke leading the attack in real Wild West fashion.

Despite the rain which fell after the sixth chukker the teams battled on with great gusto. When the Pur-

Red Cagle to Become Coach

MEMPHIS Tenn.) April 13. (AP)—The Commercial-Appeal says Christian Keener Cagle, all-American halfback of the Army, has accepted terms of a two-year contract to be assistant coach of the Mississipi A. & M. football team, beginning next season.

Cagle, who ends his four years at West Point in June, accepted the terms of the two-year contract to be first assistant to coach Duhy Nobles in a telegram to Dr. B. M. Walker, president of A & M., tonight, the paper says.

Whether it will be necessary for Cagle to resign his commission in the army to accept the coaching job is not stated.

ODDITIES FEATURED IN BOXING

Primo Carnera Makes His Weekly Appearance in Go at Oakland Tonight

NEW YORK, April 13. (AP)—A few high spots, most of them notable for their oddity rather than their importance, mark the national boxing schedule this week.

PRIMO CARNERA

The battles range from the professional debut in New York night of Allie Wolff, former intercollegiate middleweight champion from Penn State, through the weekly appearance of Primo Carnera at Oakland, Cal., Monday, to a three-round exhibition by Jack Johnson, who lost the heavyweight championship in 1915, at Boston. The other two of these fistic freaks take place Tuesday night.

In the matter of importance, the appearance of Panama Al Brown, who is recognized as bantamweight champion here and there but not in Ohio, in a ten-rounder at Toledo Tuesday night holds the best spot. Brown meets a local battler, Kayo Morgan. His title, such as it is, will not be at stake.

In New York, the leading encounter is a ten-rounder tomorrow night between Ted Sandwina, Sioux City (Iowa) heavy-

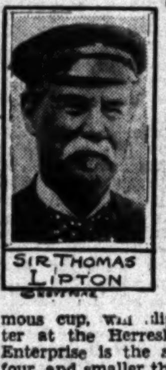
SHAMROCK V TAKES TO WATER

Lipton Launches Challenger for Famous America's Cup as First of Yankee Defenders Slips Down Ways; Enterprise Smaller Than British Rival

BRISTOL (R. I.) April 13. (AP)—While Uncle Sam is launching a defender, John Bull will launch a challenger for the famous America's Cup, emblematic of yachting supremacy, tomorrow, weather permitting.



SIR THOMAS LIPTON

At Gosport, Eng., Sir Thomas Lipton's latest challenger, the Shamrock V, is scheduled to slide down the ways.

Here at Bristol, the Enterprise, the first of the four prospective defenders of the famous cup, will slip into the water at the Herreshoff yard. The Enterprise is the smallest of the four, and smaller than Sir Thomas's Shamrock V.

W. Starling Burgess designed the Enterprise for a New York syndicate consisting of Harold S. Vanderbilt, Winthrop W. Aldrich, Vincent Astor, George F. Baker, E. W. Clark, Floyd L. Carlisle and George Whitney. Her amateur afterguard, Vanderbilt, Aldrich, C. S. Hoyt, C. F. Havemeyer and Burgess, the navigator, have wide reputations in yachting circles.

The Enterprise is named for the lucky little Enterprise, a navy schooner which won renown a century ago against the Barbary pirates. Her dimensions are: Length over all, 120 feet, nine inches; water line, 80 feet; beam, 21 feet eight inches; displacement 128.5 tons, and sail area, 7583 square feet. Her professional sailing master will be Capt. George H. Monsell of Greenport, N. Y.

The dimensions of the Shamrock V, show her to be slightly larger, tough slimmer, than the Enterprise. The Shamrock V, is 119 feet 10 1-4 inches over all, 81 feet 1 1-4 inches water line, and 19 feet 7 1-2 inches beam, displacement 134 tons and sail area 7600 square feet. Capt. Edward Head, famed Bright Lingsea skipper, has been selected by Sir

(Continued on Page 12, Column 2)

S.C. NINE FACES BRONCS

University of Southern California's baseball team arrives in the San Francisco Bay region today for a four-game series with rivals in the California Intercollegiate Baseball Association that will have much to do with deciding the league championship.

The Trojans wil meet Santa Clara today, St. Mary's at St. Mary's tomorrow, California at Berkeley Thursday and Stanford at Palo Alto Friday. There is a possibility that the Trojans will stay in the north on Saturday and play off a tie game with Santa Clara, making five contests on their bay district invasion.

TROJANS WILL DEFEND TITLE

Little Competition Looms for S.C. Squad

Dyers' Sprint Win Boosts Cards' I.C.4-A. Stock

Clean Sweep in Javelin Pleases Cromwell

BY BRAVEN DYER

Having tallied the most lop-sided score in ten years of track competition between Stanford and Southern California, the Trojans will take life easier this week, working up gradually to their next major engagement which will take them to Fresno for the annual west coast relays, slated for one week from Saturday.

JOHNNY MORRISON

That 84½-to-46½ score has been approached but once. This was in 1922 when Stanford crushed the Trojans, 85 to 46. In all other meets between the two institutions the margin of difference has been considerably less.

CARDS OUT OF IT

It seems likely that Dean Cromwell's team will have very little competition at Fresno. Stanford will enter no men due to the fact that the Cardinals have a dual meet with Washington at Palo Alto on the same date. California has never made a practice of concentrating very heavily on the Fresno meet and it wouldn't make any difference to the Trojans this year if the Bears did bear down. The L.A.A.C. will send its best men, and this is likely to be the extent of Troy's opposition.

Stanford officials claim that S. C. backed down on an agreement, made last year, to remain out of future Fresno meets. It is said that the Cards, Bears and Trojans so decided and that Stanford then went ahead and scheduled a meet with Washington, only to find out that S. C. was going to enter the Fresno program again. Opposition to the Fresno meet was said to be based on failure of Fresno officials to help pay expenses of competing teams.

What in years gone by has been referred to as "The Big Meet" comes off this week-end when Stan-

(Continued on Page 12, Column 2)

STATZ'S HOMER CINCHES CLASH

Jigger Gets Circuit Clout With Two on Bases

Walsh Replaces Barfoot and Gets Victory Credit

Seraphs Annex Five Out of Six From Portland

BY BOB RAY

It might have been great weather for ducks out at Wrigley Field yesterday but not for the Portland Ducks, who dropped a rain-soaked 12-to-7 decision to Jack Lelivelt's ambitious Angels. The boys and the field got so wet in the opener that Umpire Fanning called off the second game, so the Seraphs had to be satisfied with capturing the series from Portland by a 5-to-1 margin.

JIGGER STATZ

After starting off with five runs in the opening inning, the Cherubs saw their big lead dwindle until it had disappeared altogether in the sixth, when the Ducks forged to the front, 7-6. However, Dallas Warren clicked a homer to tie the score in the home half of the sixth and in the seventh Jigger Statz rammed out another circuit clout with two men on to cap a four-run rally and sew up the struggle.

A crowd of 6400 fans, rather a surprising turnout, considering the rainy weather, turned out for the bargain bill and seemed to get quite a kick out of the heavy-hitting despite the fact that they saw only one game instead of two for their money.

WALSH GETS VICTORY

Clyde Barfoot, who held the Ducks to four hits in the season's opener, started on the mound for Los Angeles but lasted less than six innings. Augie Walsh came to Barfoot's rescue and was credited with the victory, his first of the season. Joe Cascarella, starting Portland pitcher, was even less fortunate than Barfoot, failing to get by the first inning, in which the Cherubs rammed across their first five runs. Joe Bloomer replaced Cascarella and did right well until the seventh when a four-run barrage ruined his efforts and caused him to be charged with the defeat.

The contest was featured by four home runs, the Seraphs getting three of the circuit clouts. Fred Haney joined Warren and Statz in rapping the ball out of the lot, while Mack Hillis, Portland second-sacker, contributed one for the cause of the great Northwest.

The Angels collected a total of

Dave Shade to Challenge Walker If Victorious Over Joe Anderson Tomorrow N

GO WITH CHAMP BOXERS' GOAL

Dave Meets Joe Anderson Tomorrow Night

Lanterned-Jawed Battler Expects to Win

Olympic Main Event May Prove Humdinger

BY KAY OWE

Dave Shade expects to go to the offices of the State Athletic Commission this week and deposit a check for $2500 to force a title bout with Mickey Walker.

The Concord (Cal.) fighter is so sure he will whip Joe Anderson Tuesday night at the Olympic he already has the check indorsed and in his pocket.

Shade is a slight favorite over the Kentuckian. This is due to the fact Shade won his last start in the Olympic while Anderson lost on a technical knockout.

Jim Dougherty, who arrived yesterday from Philadelphia, thinks Shade might as well tear up that check.

Anderson defeated Shade here over a year ago in a great middleweight fight. So on paper there doesn't figure to be much edge either way.

Jack Kearns is serious about offering to let Walker defend his title here in June. But Kearns wants money—lots of money—just as he has always done.

CUT NICE CHUNK

He took around $80,000 for Walker's share when he defended the middleweight title against Ace Hudkins at Wrigley Field. The gate ran $150,000, setting a new record for the West.

Hudkins, by coincidence, was heated up for the Walker shot by beating Anderson. Now Anderson is in the same spot with a Walker fight looming for Tuesday night's winner.

Anderson has been fighting in form since the first of the year. He has beaten Vincent Forgione, Jim Mahoney and Hank Hanson.

Both Shade and Anderson have chased Walker ever since the Rumson Rocker won the middleweight title from Tiger Flowers.

Walker has steered clear of Shade ever since the New York fight as welterweights. That fight was Shade's toughest battle and probably Walker's too. However, Walker has had several—one of them being with Harry Greb.

Shade was credited with winning from ten to fourteen rounds, but Walker had his hand raised and kept the welterweight title.

The announcement by Kearns yesterday he was willing to fight Shade—or Anderson if he beats Shade Tuesday—is a new turn in the situation.

Kearns plans to take Walker to England this summer for several matches. The N. B. A. is trying to force Mickey to fight Shade in the East. Kearns has been in one jam with that body and doesn't relish another.

"If I have to take a Shade fight I'd rather Walker would defend his title in Los Angeles than New York," says Kearns. "But Los Angeles will have to outbid New York. Chicago also wants that fight."

TWO WINNING STREAKS

Both Shade and Anderson have won all their fights this year. Shade has just beaten Joe Roche, Johnny Burns, George Dixon, Herman Brunden and Jack Willis.

Shade and Anderson will box at catchweights Tuesday night. Both will be close to 160 pounds.

With the Walker title bout as the bait the fight should turn into a great battle. It would hardly be enough just to win a decision. Shade or Anderson must win decisively to warm things up sufficiently for an outdoor show.

Benny Miller and Harry Burrows are down to weight for the semi-wind-up. They are making 150 pounds. Miller has won six of his last seven fights by knockouts.

PURPLE RIDERS TAKE POLO CUP

(Continued from Ninth Page)

ples tied the count in the eighth chukker, the spectators waited figuring on a play-off of the game, but when the players rode back to the paddock they figured the tournament had gone to the Purples so they called it a day.

Capt. Wesley White, Midwick polo manager, announced that Santa Barbara would open a series with the Purple riders next Sunday.

IRISH CHAMP WANTED HERE

Ryan Seeks Fighter From "Auld Sod"

Tommy Ryan, Retired Undefeated Welter and Middleweight Champion, and Jack Glenister. Ryan is on Right

SANTA MONICA, April 13.—In an effort to regain Ireland's waning prestige as the home of ring champions, J. W. Glenister, wealthy New York publisher of Fight Stories Magazine, and president of the Fiction House, Inc., chain of popular magazines, is going to Erin to comb the Emerald Isle for an "Irish Hope" who can be trained to check the triumphant march through the heavyweight ranks of the giant Italian, Carnera. Glenister completed arrangements late yesterday with Tommy Ryan, shrewd old master of ring science, who "made" Jeffries and other champions, to take charge of instructing and training the big boy he hopes to find and bring back to this country. Headquarters will be at Jim Jeffries ranch in Burbank.

"We are after a big, husky, loose-muscled lad of about 19," Glenister declared after a conference with Tommy Ryan at the latter's Culver City home. Tommy chipped in: "An' he's got to have one of these typical fightin' Irish dispositions, plus a lot of weight and speed. We want a boy weighing over 250 pounds who hasn't been spoiled by city life an' sophistication—one of these clean-livin', healthy lads. The less he knows about professional fightin' the better I'd like him. I can show him all the science he's goin' to need. If I get one that's never been spoiled by learnin' wrong, I won't have to waste a lot of time unlearnin' him."

Glenister stated he was determined to scour the entire "Auld Sod" if need be to obtain just the boy he wants for building into a champion and redeeming the waning prestige of Ireland as the home of prize-fight champs. "We won't be in a hurry to match him against the Italian man-mountain," Glenister declared. "Tommy Ryan will take him over to the Jeffries ranch and handle him as he handled Jeffries and a score of boxers who became famous under his tutelage twenty-five years ago. Tommy is a master boxer, teacher and conditioner. Jeff, Corbett and others will tell you Tommy was the best fighter of the age. I am pretty sure I can locate the boy I want, and Tommy will make him a combination of Dempsey and Carnera—and such a combination will lick any man in the world."

The New York publisher, who has been making his winter home at the Embassy Apartments in Santa Monica, said that in past trips to Ireland he had seen candidates of the type he now seeks. "In those days I had neither the time nor the money to develop a fighter," he declared; "but now I have, and I believe I will get what I am after."

Glenister has booked passage on the steamship Columbus, sailing from San Pedro on the 27th inst. He expects to reach Plymouth May 15, next, after sailing from New York.

ANGELS DEFEAT BEAVERS, RAIN PREVENTS NIGHTCAP

(Continued from Ninth Page)

fourteen hits off the combined mound efforts of Cascarella, Bloomer and Posedell, with Moore, Dittmar and Harper getting three each. Walter French, Beaver right-fielder, accounted for three of Portland's eleven bingles off Walsh and Barfoot.

SCORE FIVE IN FIRST

Starting out as though they intended to make a rout of the affair, the Seraphs bunched three hits with a couple of walks, a sacrifice fly and an error for five runs in the opening round. Haney led off by beating out a bunt to Walters, who slipped and fell as he attempted to field the ball. Moore punched a rousing single to center. Sigafoos sacrificed and all hands were safe when Cascarella, after fielding the ball, gave a perfect illustration of the old saying, "he who hesitates is lost." The Duck pitcher first decided to throw to third, changed his mind and looked toward second and finally decided on heaving the ball to first. Sigafoos beat the throw to fill the sacks. Harper's infield out scored Haney and moved the runners up a base. Cascarella then walked Jacobs and Statz to force Moore in with a run. Dittmar's single to right tallied Sigafoos and Jacobs. Cascarella cut off French's throw-in and heaved the ball to Walters in time to retire Statz only to have the ball trickle through the third-sacker's hands for an error. Dittmar moved to second on the boot. That was all for Cascarella, Bloomer replacing him. Warren sent a sacrifice fly to Williams that scored Statz with the fifth run of the round.

Portland got two in the second on Hillis's single, Johnson's double and Walter's drive past Haney, but the Angel third-sacker got one of those runs back in the home half, when he poked one over the left-field bricks.

Singles by French and Williams and Hillis's circuit clout gave the Ducks three runs in the third and cut the Angel margin to a single score.

The Ducks went ahead in the sixth with two more runs. Walters singled to open the inning, took second on a passed ball and went to third on an infield out. Bloomer's sacrifice fly to Statz brought Walters over the plate. When Chatham doubled to right Lelivelt lifted Barfoot and sent in Walsh. French singled infield to Dittmar, putting Chatham on third. French and Chatham then worked a double steal, the latter scoring, and French continued to third on Warren's low throw that went to center.

WARREN RAPS HOMER

But Warren made up for that low heave in the home half of the sixth by ramming one over the right-field screen to tie the score, 7-all.

The Angels sewed it up with four runs in the seventh. With one away, Moore doubled but was out at third on Sigafoos's grounder to Bloomer, whose throw to Walters trapped Johnny. Harper, however, doubled over French's head in right field and Sigafoos scored all the way from first. Jacobs then walked and Statz followed with his homer over the left-field fence to put the game on ice.

Posedell was the victim of the final Angel run in eighth, a walk to Moore and singles by Harper and Jacobs doing the business.

ODDITIES ON BOXING CARD

(Continued from Ninth Page)

weight, and Napoleon Jack Dorval of Emporium, Pa. The winner is scheduled to meet George Godfrey in the semifinal of the milk fund program, which features Jack Sharkey and Max Schmeling.

Carnera's opponent this week is, as usual, the largest but not the best available, Leon Chevalier, 225-pound San Francisco negro. The bout will take place in the Oakland (Cal.) baseball park. The former collegian, Wolff, is due to battle six rounds at the Broadway Arena, New York, Tuesday, against Jerry Garfield of New York. Jack Johnson's exhibition with "Gentleman" Jack O'Brien is a feature of the Boston Tuesday program, which has a ten-rounder between Dick Finnegan of Boston and Johnny Farr, Cleveland lightweight, as its principal attraction.

Other fights on the national schedule include:

Monday—At Chicago: Ted Goodrich, Atlanta, Ga., vs. Duke Tramel, Oklahoma City, welterweights, ten rounds. At Louisville—Elmer Bezenah, Cincinnati, vs. Jack McCarthy, Chicago, welterweights, ten rounds; Larry Peyton, Cincinnati, vs. Bill Thomas, Louisville, middleweights, six rounds.

Tuesday—At Los Angeles: Joe Anderson vs. Dave Shade, middleweights. At Toledo: Bobby Allen, Chicago, vs. Pee Wee Wilson, Detroit, bantamweights, eight rounds. At St. Louis: Otto Von Porat, Chicago, vs. Jack De Mave, New York, heavyweights, ten rounds. Al Stollman, St. Louis, vs. Mack Dennison, Cincinnati, middleweights, ten rounds. At Portland, Or.: Young Firpo, Burke, Idaho, vs. Harry Dillon, Winnipeg, light-heavyweights, ten rounds.

Wednesday—At Cincinnati: Joe Medill, Chicago, vs. Billy Rose, Cincinnati, welterweights, ten rounds.

Thursday—At Los Angeles: Homer Sheridan vs. Joe Peregrina, middleweights.

MARSHALL LIKED TO TRIP LEWIS

Strangler is Underdog in Olympic Mat Bout

Former Champion Held Even by Ira Dern

Sandow Thinks Match Will be Sensational

Everette "Lindy" Marshall, the airplane spin expert of the mat game, has been established as a slight favorite to defeat Ed "Strangler" Lewis in their best two-out-of-three fall finish mat battle at the Olympic Wednesday night.

STRANGLER LEWIS

Those who have made the young star a favorite believe the headlocking giant is slipping. They are of the opinion that the 235-pound Kentuckian, whose crashing style of wrestling and paralyzing headlocks have kept him around the top of the heavyweight division for the past fifteen years, has passed his peak and is now on the decline.

In support of this statement, his recent match with Ira Dern, the airplane exponent from Salt Lake City, is cited. Lewis agreed to meet Dern, who rates next to Marshall with the airplane hold, in a two-hour bout. The match ended in a draw at the end of that time, each scoring a fall. Dern, who took the second one, snapped Lewis into the air with the airplane hold, whirled him around a half-dozen times, and then set him down on the back of his neck.

Dern weighs 200 pounds. Marshall's weight yesterday was 224 pounds. Dern is said to have repeatedly refused to meet Marshall, who claimed the Rocky Mountain heavyweight title three months after turning professional.

If Dern was able to hold Lewis even, the fans and experts of this section believe Lewis will be tossed by Marshall as easily as the young star has beaten such veterans as Joe Malcewicz, Stanley Stasiak, Howard Cantonwine, Dr. Karl Sarpolis and Nick Lutze.

Billy Sandow, Lewis's manager, declares Marshall is due for the first decisive defeat of his career. It is believed that he intends to send the former champion into the ring with instructions to wage a fast, rough, crashing battle against Marshall, to wear him down and beat him as quickly as possible. The bout is expected to develop into one of the most spectacular ever seen at the Olympic.

Nick Lutze will clash with Rex Smith, a 215-pound mat star from Flint, Mich., in the special event, while Steven Strelich, the "Terrible Swede" who kicked his way to victory here two weeks ago, will meet Ad Hermann, the rough Dutchman, in the opener.

SPORTLIGHT BY GRANTLAND RICE

(Continued on Page 10, Column 5)

one of the greatest in many years with New York, Pittsburgh, St. Louis, Brooklyn, Cincinnati and Philadelphia all pretty well lumped.

Your Uncle Wilbert Robinson has one of the best-looking clubs Brooklyn has seen in many seasons. Dan Howley has bolstered up his Reds by at least 30 per cent. Philadelphia has been climbing steadily for over two years. If anything of an upsetting nature should attack the Cubs, the older league would be in for one of the wildest pennant scrambles it has ever known.

The Spanish Battery

When some umpire announces Adolfo Luque and Alfonzo Lopez for Brooklyn some afternoon, one of the most colorful batteries of baseball will go to work.

It used to be Walsh and Sullivan or Ehret and Peitz—Irish or German. No more. The Irish and the Teutons still keep going, but the box scores are replete with Poles and Checkos, Spaniards and Cubans. In this same connection it might be said that more college ball players will collect their pay from the two big leagues this season than baseball has ever known. About 70 per cent of the old sand-lot or town-lot entries are going in for caddying, swinging a mashie on the side. There are about 500,000 of these and twenty years ago most of them would have gone in for baseball.

Such college stars as Mathewson, Tenney, Overall, etc., were rarities. Now there are nearly 150 ex-collegians perspiring freely under the two big tops.

How Many Fans?

If April and early May happen to feed out a fairly decent brand of weather, neither too raw nor too wet, the two big leagues this season have a chance to break all attendance records. All this in spite of reports that baseball is slipping. If in addition to this the Athletics and Cubs remain somewhere near the rest of the mob, there will be no question about a new attendance record.

But there are hundreds of thousands who follow the careers of teams and individual players who rarely go to a ball game. They are box-score fans who keep track of Ruth, Hornsby, O'Doul, Herman, Simmons, Lazzeri or some other star—or who watch the pitching records of Grove, Hoyt, Malone, Alexander, Vance, Grimes, Earnshaw, etc. There are still enough fans around if anyone can furnish them with the weather and a fairly interesting pennant race.

With good weather on Tuesday it would not be surprising to see all opening-day attendance records broken—and this is no part of a ballyhoo. Anyone who thinks interest has faded should try to wedge his or her way into the park on Tuesday when the Athletics and Yankees square away.

Fremont High Has Eighteen in Prep Meet

More than 1000 prep athletes will participate in the C.I.F. meet on the 26th inst., Seth Patten, Commissioner of Athletics, announced yesterday. Fremont High School has qualified eighteen athletes for the meet. The Minor City League has 101 boys in the competition, Patten pointed out. This is an exceptionally good showing, he stated.

Sacs Blanked by Missions

SACRAMENTO, April 13. (AP)—Sacramento drew its first shut-out of the 1930 season here today when "Dutch" Lieber, Mission rookie, turned them back runless in nine well-pitched innings. The game, a 1-to-0 affair, and full of action, and sensational fielding, was decided by Joe Cascarart's home run in the third inning. Gould hurled for the Solons and matched his opponent's six-hit performance but the circuit clout was too big to overcome. The Sacs threatened in the eighth and ninth which were opened by doubles but Lieber bore down and escaped without a run. The series wound up in a 3-to-3 deadlock as the morning game at Stockton was rained out. The score:

MOTOR BIKE EVENTS HALTED BY WEATHER

The program of motor-bike race were halted yesterday by the sudden rain which came just after the first two events had been staged at the American Legion Speedway.

FAYOUM NABS RACE

LONGCHAMPS (France) April 13. (AP)—Fayoum, owned by the Belgian liquor king, Jacques Wittouck, captured the Juigne Stakes, first real test for 3-year-olds of the 1930 crop.

Seattle Drops Pair of Games

SAN FRANCISCO, April 13. (AP)—The San Francisco Seals took both games of a double-header from Seattle here today, winning the opener, 11-3, and the afternoon game, 6-1. The Seals found Blevins for nine of the eighteen hits in the morning clash. Knothe and Barbee turned in homers for Seattle and Donovan hit a four-bagger for San Francisco.

The afternoon was another chapter of the same story with the Seals taking an early lead and holding it and Kallio allowing eleven of the twelve hits. Coleman and Donovan homed for San Francisco.

LOS ANGELES WOMEN CLASH

Annual Club Tourney Starts Today

BY EDWARD LAWRENCE

MRS. C. J. WOERNER

Qualifying play for the annual Los Angeles Country Club women's golf championship is scheduled today over the north course.

An interesting tournament is looked for with Mrs. C. J. Woerner, one of Southern California's most prominent low-handicap stars, defending the title.

Los Angeles boasts a number of fine players, and practically all of the women who played on the club's Southern California interclub championship team during the past few months, have entered.

A newcomer to Los Angeles ranks, Miss Beatrice Gottlieb, looms as a possible favorite. She scored an 84 to qualify in the State championship at Wilshire last week, but lost in a surprising upset to Mrs. E. S. Browne of Los Angeles and Lakeside, 3 and 2 in the first round.

Among the outstanding challengers for the championship are Mrs. W. W. Campbell, who qualified for the California tournament last week after a long lay-off from competitive golf, Mrs. F. S. Mardin, 1929 runner-up, Mrs. George M. Lewis and Mrs. Browne.

The winner will be awarded the Marget Sartorio trophy, while F. S. Hardin has donated a set of grand slam irons for the runner-up.

Miss Beatrice Gottlieb

BELL BUILDS COURSE FOR WRIGLEY

William P. (Billy) Bell, Southern California's brilliant golf course architect, is now in Chicago building a miniature course on William Wrigley's, Jr.'s estate at Lake Geneva.

Wrigley was so pleased with Bell's work on the Catalina course that he invited Billy to come East.

EDDIE LOOS LEAVES FOR EAST NEXT WEEK

Eddie Loos, Pasadena's popular professional, leaves a week from today for Chicago, where he will take up his summer duties at Lake Shore.

Loos announced yesterday that he will no longer be connected with Pasadena, and that Leonard Loos, his brother, will be in complete charge. Loos formerly spent his summers teaching in the East, returning in November to teach at Pasadena throughout the winter.

The Pasadena professional, who is one of the finest teaching professionals in the country, has combined business sagacity with golf, and feels that he has earned a chance to take a crash at the tournaments next year.

While he has as yet made no definite plans, Loos is considering making the entire loop of tournaments, starting with the Hawaiian open and playing through to the British open and United States open tournaments.

MRS. PRYOR, ROBERTSON WIN MIXED FOURSOMES

Mrs. W. O. Pryor paired with J. R. Robertson yesterday to win the mixed foursomes at the California Country Club with a gross score of 77. Mrs. F. M. Slade and Walter Callahan were second with 81.

Mrs. W. A. Hodge and Ray Hiniker won the low net trophy, scoring 88-20-68. Mrs. R. E. Caughy and George Rubsch, 93-24-69, tied for second low net with Mrs. Phil Hoeffer and C. R. Cheney, 90-21-69.

MISS GUIBERSON, GREEN COP AT LOS ANGELES

Miss Harriet Guiberson and Dr. M. Green won the mixed foursomes at the Los Angeles Country Club yesterday, 94-18-76.

Mrs. Frank Mellen and Dr. F. S. Hardin scored 93-16-77; Mrs. Dwight Hamlin and Clifford M. Budd, 92-14-78, and Mrs. George M. Midgley and Phil Ayres, 85-6-79.

CALIFORNIA SOPHOMORE WINS CHAMPIONSHIP

PLEASANTON (Cal.) April 13. (AP)—Herbert Schultz, 19-year-old University of California sophomore, won the Northern California golf championship today by defeating Hugh Ditzler, young Claremont star, 11 and 10, at Castlewood Country Club. It was the worst beating administered a finalist in the history of the tournament.

After bucking a gale in the morning round for a lead of five holes, Schultz won all but one of the eight holes played in the afternoon, finishing with a birdie 2 that ended the match on the twenty-sixth hole. Schultz was out in 40, three over par, and back in 39, four over perfect figures, for a total of 79. Ditzler had 42-43-85.

Schultz is the sixth ranking man on the University of California golf team and has been golfing only five years. Ditzler, a star on the Bear golf team last year, was rated as a better golfer than Schultz, but the latter eliminated him as calmly as he did Charles Ferrera, San Francisco city champion, in yesterday's semifinals.

In the first round Schultz defeated Mel Thompson of Harding Park, San Francisco; in the second round he beat Warner Edmonds, Stanford University star, and in the quarter-finals he defeated Thomas Dwyer, the Sacramento youth who eliminated John McHugh, the 1929 Northern California champion.

In the play-off for the medal, James A. (Babe) Ritchie of Stockton, defeated Gus Schwartz, Berresford. Ritchie carded 78 to Schwartz's 83. They tied in the qualifying round at 73, one over par.

LEVY BAGS HOLE-IN-ONE AT SUNSET FIELDS

Archie L. Levy scored a hole-in-one on the 130-yard fourteenth hole of the No. 2 course at Sunset Fields yesterday. He was playing with Harry Seidler, and Natt Rothstein.

Hegeman Loses Motor Dealers' Championship

DEL MONTE, April 13. (AP)—K. B. McCarthy of Sacramento won the Pacific Coast motor-car dealers' golf championship here today by defeating Joe Hegeman of Los Angeles, defending champion and 1929 medalist, 2 up.

McCarthy started with a handicap of two holes up and except for this advantage, the match was even, both carding approximate 77's. The Sacramentan was out in 38 and in with 39, while Hegeman had a 39 going out and a 38 on the last nine.

The first hole was halved in par 4's. Hegeman won the second with a par 4 while McCarthy took the third in par 4. The fifth and sixth were halved in pars, while McCarthy won the seventh in par 4. McCarthy rounded the turn 3 up and after halving the tenth, won the eleventh with another par.

Hegeman then rallied to win the twelfth with par 4, halved the thirteenth and birdied the fourteenth. The Los Angeles golfer then won the fifteenth to cut McCarthy's lead to 1 up. On the sixteenth, McCarthy regained his advantage by negotiating a full stymie, to win the hole. Hegeman came back to par and win the saucer seventeenth with a 3, but on the final hole pushed his tee shot to the right and McCarthy won with a par 4.

The cards:

Par (out)	444 435 445—37
McCarthy	454 435 454—38
Hegeman	444 535 545—39
Par (in)	434 534 434—34—71
McCarthy	545 535 444—39—77
Hegeman	554 524 535—38—77

MORRISON, ARMSTRONG BEAT PAR AT MIDWICK

Playing in a foursome yesterday at the Midwick Country Club, Fred Morrison, club professional, scored a 69, E. S. (Scotty) Armstrong a 70, Willie Hunter of Montebello Park, a 70, and Alec McDonald, a 75.

Armstrong had a par or better on every hole but the eighteenth, which he three-putted.

CADDIES BREAKFAST AT LAKESIDE TODAY

The Lakeside Country Club will honor its caddies at a breakfast this morning as a reward for loyal and faithful service. A tournament with prizes aggregating $200, will follow.

SANTA MONICA TO GET PRO CHAMPIONSHIP

The Santa Monica municipal course has been tentatively selected for the annual Pacific Southwest P.G.A. championship in May, according to advices received yesterday.

Agua Caliente is in line for the Southern California open, and the California State championship will be revived, giving the Southland a series of major tournaments this fall.

LONG BEACH SCHEDULES ANNUAL CHAMPIONSHIP

The annual Long Beach city championship is scheduled to start over the Recreation Park course on May 5, next. It will be open to all amateur golfers.

GAINES WINS MEDAL IN GIRARD TOURNAMENT

Jack Gaines shot a 71 yesterday to win medal honors in the eighteen-hole qualifying round for the annual Girard golf and Country Club championship. Gaines, as a member of the Girard team, which finished runner-up to Rancho in the recent Southern California interclub team match championship, was also awarded a special prize by Victor Girard for finishing 1 up on par.

Thirty-two golfers qualified for the club championship. Winners of first-round matches will compete in the championship proper, while the defeated sixteen will compete through for special trophies.

Pairings were announced as follows:

Jack Gaines vs. L. D. Stahl, Tony Kender vs. L. F. Ferguson, R. Friess vs. O. Sebastian, Karl Wurzburg vs. Billy Jacks, Charles Cullom vs. P. L. Brewer, Victor Girard vs. Wilbur Johnson, Smith Cullom vs. C. Hoffjacker, Bob Robinson vs. Roger Eaton, Bill Jelliffe vs. Dr. Sweet, Forrest Cornett vs. Glen Weber, Gordon Rhoaf vs. T. A. Seddon, C. D. Tucker vs. Aubrey Devine, Dick Maule vs. R. P. Hazeltine, Judge H. A. Decker vs. C. A. Schmidt, J. Harrington vs. Floyd Sick and William Bolles vs. Gordon Norton.

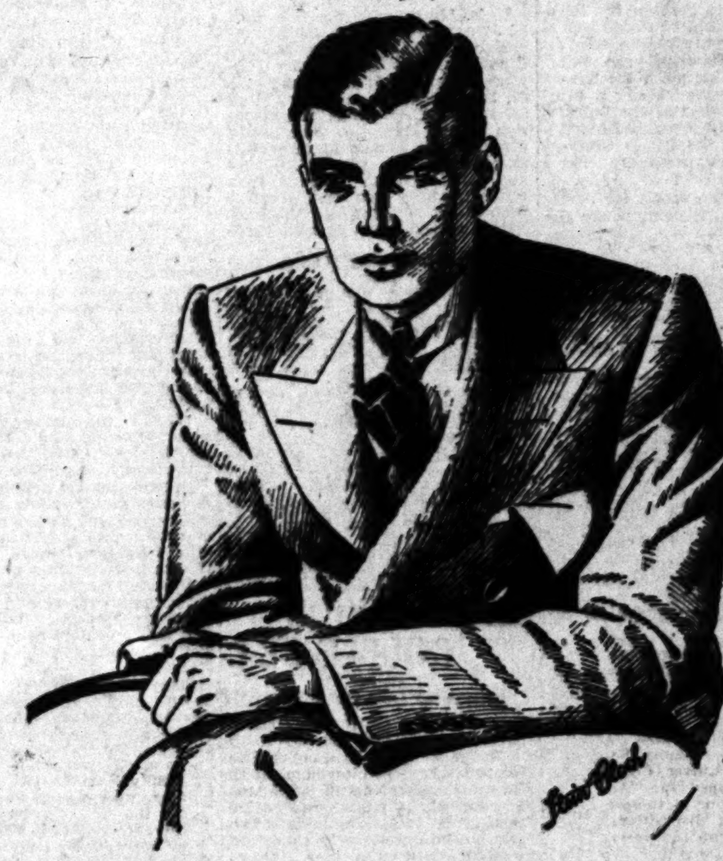
BULLOCK'S STORES FOR MEN



Bullock's Presents with Pride

Stein-Bloch Gray Tones

They are Smart for this Spring

Bullock's Stores for Men have assembled a collection of NEW GRAY TONES from whitish shades to darkest Oxford — shades that give fresh style character to a familiar color.

These suits are hand-tailored by Messrs. Stein-Bloch with that natural grace of line, that unobtrusive freedom of drape and absence of "Clothes consciousness" which mark the appearance of men who belong to the "Inner Circle" of fashion.

Let us emphasize anew a Bullock ideal—to give individual, interested attention to the likes and needs of every customer and not to render mechanical mass service.

PRESIDENT TO START CONTEST

Three New York Clubs Set for Tomorrow

Cubs Confident of Annexing Second Title

Sheriff Blake on Mound for Chicago Club

(Continued from Ninth Page)

York's three major league baseball clubs await the opening of the season in splendid physical condition and with one exception "set" for the opening of the season. The Giants may do some last-minute tinkering in the outfield.

Of the three, Brooklyn seems to have shown the most improvement. With Glenn Wright's throwing arm in shape again, Jake Flowers playing second base as well as he ever did and Jim Elliott, big southpaw, who was a casualty last year well again, the Robins promise to make serious trouble. Manager Robinson has an old and a young pitcher, Adolfo Luque and Ray Phelps, added to his staff and a promising young catcher in Alfonso Lopez.

The Yankees open the season with two youngsters in the regular line-up, Ben Chapman at third base and Allan (Dusty) Cooke in left field. After slow starts, both have picked up momentum as the time for the acid test approaches. Babe Ruth, in spite of an annoying charley horse, is ready to start another campaign for home runs. The Yankees may have to depend on last year's pitchers for the bulk of the work.

The Giants must experiment with a green youngster, Eddie Marshall, at the yawning hole at second base and a last-minute trade brought Walter Roettger from the Cardinals to play an outfield position. Manager McGraw expects several young pitchers will come through and that Larry Benton will regain his winning form, misplaced somewhere along the path last season.

McCARTHY CONFIDENT THEY CAN REPEAT

CHICAGO, April 13. (AP)—Joe McCarthy and his Cubs enter the 1930 National League campaign supremely confident of annexing their second straight flag.

Instead of being content with their championship line-up of last year, the Cubs have been as busy as any club in the circuit seeking additional strength. The return to form and duty of Catcher Leo Hartnett, a dangerous hitter and a good field general, has been the biggest boon to the Cubs. His arm is as good as ever, and Manager McCarthy's catching problem has been solved.

Rogers Hornsby's sore heel may cause him to rest occasionally, but when he is needed, the "rajah" doubtless will be in there.

Charlie Root has been the starting pitcher the past four years, but Manager McCarthy hints it will be Sheriff Blake against the Cardinals Tuesday at St. Louis.

PIRATES SAIL ON UNCERTAIN SEAS

PITTSBURGH (Pa.) April 13. (AP) The Pittsburgh Pirates Tuesday will start their 1930 cruise in quest of the National League pennant in a fog of uncertainty.

The trade which sent Burleigh Grimes, spitball ace, to the Boston Braves; failure of Lloyd Waner, flashy outfielder, to regain his full strength, after an appendicitis operation; the long absence of Pie Traynor, captain and brilliant third baseman, who has an ailing eye, are among the uncertainties.

The excellent condition of the remainder of the club; the slugging and speed it has shown throughout the training season; the evident strength and class of its reserve force, and the fact that it is getting first-class pitching, is food for happier thought.

PHILADELPHIANS SET FOR GETAWAY

PHILADELPHIA, April 13. (AP) Baseball's getaway Tuesday finds the Philadelphia clubs ready to begin marching, the champion Athletics optimistic and a trifle cocky, the Phillies more peppy than a year ago and minus the tailender complex.

Manager Mack is standing pat with the Athletics and his world series line-up is slated to open against the pestiferous Yankees. Good enough to win last year, Mack nevertheless has added strength to the club by taking on McNair, Williams and Keesey, infielders; Cramer and Harris, outfielders; Mahaffey, Liebhardt and Mahon, pitchers, and Wally Schang, veteran catcher. Lefty Grove, Mack's favorite fire-baller, has the call to pitch in the opener, with Cochrane receiving.

The Phillies, opening in Brooklyn, announce a campaign of rack and ruin against the other National League clubs. The safe clouting circus that hung up six national records last season will again be in action. Manager Shotton predicts that the one-time sedate Phils will be no pushover this year. Sweetland or Willoughby may draw the pitching assignment, with Davis at the plate.

HOPES HIGH AMONG CHISOX FANS

CHICAGO, April 13. (AP)—Donie Bush and his first edition of the White Sox have made life worth living again for the baseball fans on the South Side and they predict at least a first division berth for their favorites.

Not since the balmy days of 1919 have the White Sox stirred up the interest and imagination they have this year.

The acquisition of Smead Jolley and several good-looking rookies have given Manager Bush the necessary ingredients for a fast, hard-hitting club that should cause considerable trouble for rival American League clubs.

ROOKIES TRANSFERRED

DETROIT, April 13. (AP)—Henry Greenberg and John Watson, rookie infielders of the Detroit Tigers, have been sent to the Hartford club of the Eastern League, it was announced today.

Trojans Will Defend Title

(Continued from Ninth Page)

ford and California tangle. Despite their weakness it seems likely that the Bears will score more points against Stanford than Stanford did against S. C.

That record-breaking relay race of Saturday has the fans still talking. Dink Templeton timed Johnny Morrison's lap at 47 3-5s., which helps account for Stanford's great record of 3m. 15 2-5s. However, this chap, Ike Hables, whose Christian name is really Alvin, running the third lap, tore off a terrific race and made up the four yards which Pearson had over him at the start of their lap.

MIGHT BETTER MARK

Howell did well for Stanford but some time I would like to see Templeton run Hec Dyer, the long-legged sprinter, with Morrison, Hables and Shove and see what would happen.

In justice to Pearson of the Trojans it should be stated that he was far from right Saturday. Had Dean Cromwell run Bill McGeagh in his place the Trojans might have been a bit closer to Stanford at the finish. But McGeagh himself had faded somewhat in the 880 so Cromwell can be excused for not using him.

Give Templeton credit for developing Dyer to the point where the Inglewood boy ran two races against Frank Wykoff and won one and tied the other. I have an idea that Dink got a terrific kick out of those two races for tutoring sprinters is Cromwell's pet hobby. And Wykoff's defeat by Dyer hurts S.C.'s chances in the I.C.A.A.A.A. meet next month.

It is also assumed that Cromwell laughed up his sleeve considerably when his three javelin tossers, Capt. Jess Mortensen, Jim Snider and Blanchard Beatty blanked Stanford in the wand-wafting event.

Up until Saturday the Trojans had never won the javelin from Stanford, so blanking the Cards entirely is a feat that Cromwell can chortle about right heartily, particularly in view of the fact that Dean can point to the three men as bona-fide products of his own efforts.

WELSH WAS MAD

The story of Jeddy Welsh's surprising victory in the low hurdles is that Jeddy thought he won the highs from Podge Smith and was so mad about getting only a tie that he ran himself blue in the face to capture the abbreviated barrier race.

Cromwell must also be given due credit for developing Chris Daniels, surprise winner of the two-mile. Certainly Daniels was no better prospect when he entered S.C. than Parker and Nunes who ran so well for Stanford. The exhibition of intestinal fortitude displayed by Daniels Saturday was one of the high spots of the meet.

The Trojans are defending champions at Fresno, having won the title in 1928 and 1929. Charley Paddock returned from the East in time for Saturday's meet. He is Raisin Day King at Fresno, but unlike most monarchs will descend to the level of the common people and run as a member of one or two L.A.A.C. relay teams.

THOMAS LIPTON LAUNCHES BOAT

(Continued from Ninth Page)

Thomas Lipton to sail his challenger in the big race off Newport, September 13, next.

The other prospective American defenders, all larger than the Enterprise and the Shamrock V, are the Weetamoe, now building in the Herreshoff yard, and the Whirlwind and Yankee, nearing completion in the Lawley yard at Boston. A series of elimination races this summer will determine which shall meet the Shamrock V.

Mercuries Cop Fencing Honors

Los Angeles A.C. fencers won concluding bouts of the Pacific Coast championships held yesterday afternoon at the Mercury Club. Ralph Faulkner, Olympic Games fencer, won the open saber championship while paired with C. D. Cathcart and H. G. Feraud. Faulkner brought the team saber title to the Mercury Club.

Yesterday's saber victory gave the L.A.A.C. the majority of the team championships as the team foils title was won by Mercury stars on Friday.

Complete results of the Coast championships follow:

Team epee—Won by U.C.L.A.; team composed of Yanoff, Short, Stoefen; unattached team from San Francisco, second.

Team foils—Won by L.A.A.C.; team composed of Faulkner, Cathcart and Berla; Olympic club, second.

Novice foils—Won by Rodicape, California; Crary, L.A.A.C., second; Adams, California, third.

Novice epee—Swigert, U.C.L.A., first; Carfagne, U.S.C., second; Marquess, California, third.

Novice foils—Maleeskoff, California, first; Tarbet, Caltech, second; Swigert, U.C.L.A., third.

Open epee—Stanton, unattached, San Francisco, first; Strehel, U.S.C., second; Adams, California, third.

Junior foils—Raymond, Olympic Club, first; Rodicape, California, second; Carfagne, U.S.C., third.

Open foils—Lorber, Olympic Club, first; De Jong, Olympic Club, second; Raymond, Olympic Club, third.

Open saber—Faulkner, L.A.A.C., first; Lorber, Olympic Club, second; De Jong, Olympic Club, third.

Team saber—Won by L.A.A.C. team, composed of Faulkner, Feraud and Cathcart; Olympic Club, second.

Chisox Down Giant Horde in Fifteenth

CHICAGO, April [illegible] (AP)—A double by Dutch Henry, a Giant cast off, followed by Ernie Smith's single in the last half of the fifteenth inning today gave the Chicago White Sox a 5-to-4 victory over New York's National League entrant, in the final game of their training series.

The Sox had the game all won until the Giants broke out with three runs in the ninth to tie the score.

A crowd of 23,000, a record for an exhibition game in Chicago, watched the long battle.

Marsh Leads Trapshooters

L. B. Marsh with the fine score of 98 out of a possible 100 led the shooters at the Los Angeles Gun Club traps yesterday. Henry Pfirmann was a close-up second with 97, Fred Martie 94, Smiling Valleer 93, French 92, Warman and Goodrich 91, and Ilgner 90. The trophy winners were Marsh, Martie, Warman, Jim Smith, with a 20-gauge gun, and French. French from eighteen yards won the handicap with 46 out of a possible 50. J. B. Norton second from the same yardage.

Scores compiled by Fred H. Teepee, secretary, follow:

L. Marsh	98x100	E. L. Ilgner	90x100
Pfirmann	97x100	Jim Smith	81x100
F. Martie	94x100	E. L. Kost	81x100

STARS DIVIDE DOUBLE BILL

(Continued from Ninth Page)

no-run ball for six innings, but in the seventh he was touched for a single by Rehg. In the eighth Green, batting for Bassler, walked, and was advanced on an infield out by Severeid. Shellenback, batting for Maloney, walked. Leischman ran for him and advanced to second on Gazella's hit, on which Green scored. Leischman scored on a sacrifice fly by Rumler.

The ninth and tenth innings were both scoreless.

Hollywood had no trouble winning in the morning, 10 to 5, as Charley Jeffcoat gave them a good start by walking five batters in the first inning. Another walk issued by Kasich, who relieved Jeffcoat, helped to give the Stars three runs for the inning.

When Kasich also had a wild streak in the fourth, he was lifted after four runs had crossed the plate. Roy Joiner, who finished the game, got by nicely.

Emil Yde blanked the Oaks for the first eight innings, but with two away in the ninth, a single by Uhalt, his fourth hit of the game, gave the Oaks a run. Louie Martin batted in another with a single and Johnny Vergez sent three more home with a double, after which Griffith ended the rally, rolling out to short.

SHIPPING NEWS AND ACTIVITIES AT LOS ANGELES HARBOR

SHIPPING CHIEFS OFF THIS WEEK

Coast Executives to Attend Capital Conference

Plans for Merchant Marine Drive to Be Pushed

Mrs. Jack London Arrives From Europe Today

BY WAYNE B. CAVE

Steamship chiefs of the Pacific Coast will depart this week for Washington, where they are to sit in conference with Atlantic and Gulf leaders in formulating a national organization and drive for further advancement of the American merchant marine.

The conference, called by the Shipping Board for the 22nd inst., will run the gamut of things beneficial to America's seaborne trade. Among them will be:

Reduction of the difference between shipbuilding costs in America and abroad; methods of increasing patronage for American ships; more marine insurance for American concerns, and mail contracts.

Government aid for American ships not benefited by mail contracts also will be taken up, as one of the most important items on the agenda.

"This is the crying need of the hour," declared Capt. W. J. Peterson, manager of Pacific Coast Marine Bureaus, here last week. "Our freighters are old, slow and expensive, and rapidly losing ground. We must do something at once to stem encroachments by fast, modern foreign freighters, which are being thrown into our lanes by the score."

American marine engineering, port development, safety and better co-operation between American shippers and operators in use of American ships also will come before the conferees.

Many of the subjects have been in the hands of committees for months and a far-reaching, constructive program is expected to be advocated by the conference.

WIDOW OF AUTHOR RETURNING FROM TOUR

Mrs. Jack London, widow of the author, will arrive from Europe today on the Hamburg American motor liner Portland, bringing a score of passengers and freight for Pacific Coast ports. She has been touring on the continent more than a year. The vessel will discharge pipe and general European cargo, and 7000 stems of bananas from Central America.

Forty travelers disembarked from the liner President Adams, in yesterday from New York, bound around the world on her twentieth voyage for Dollar Steamship Lines. Among them were L. R. Newsome, attorney of New York C. A. Nichols of the Standard Oil Company of New York, and Lieut. J. F. Finnegan, U.S.N., who will continue on the ship today, destined eventually for station at Samoa. Four University of Nevada boys adventuring around the world as the ship's orchestra are Richard Hillman, Lorant Pease, Fred Nagel and Alden Copeland.

Thirty per cent increase in coastwise schedules of Christenson-Hammond Line were announced yesterday, effective at once. Saturday sailings have been added, giving three departures weekly for the north. Monday, Wednesday and Saturday sailings will be to San Francisco Bay points; Mondays and Wednesdays to Columbia River; Wednesdays and Saturdays to Puget Sound, and transhipment service to Aberdeen and Hoquiam will be afforded on all three days.

Atkins, Kroll & Co., from whose San Francisco headquarters branches for import and export have been spread throughout the Orient, announces the opening of offices in the Subway Terminal Building, Los Angeles, with Paul C. Erb as manager. Mahogany from the Philippines and copra from the South Seas are shipped here in volume by the concern, which also handles the export department for the Rio Grande Oil Company.

L. D. Lonergan, district freight agent at Los Angeles for the Nippon Yusen Kaisha, has been promoted to assistant general freight agent, it was announced yesterday by M. Ikoma, resident manager. Lonergan joined the forces of N.Y.K. about four years ago, and its freight movement out of Los Angeles has gained several hundred per cent in the interim.

News of Ships and Sailings at Pacific Ports

SEATTLE, April 13. (AP)—The motorship Lionel of the Bruusgaard Line, which will operate in the regular service to Europe, will arrive at northwestern ports in June, agents of the line here announced. She will make London, Havre and Antwerp in Europe.

The motorship Handicap of the same fleet now is on the Sound lifting cargo for the outbound voyage. She has already stowed cargo at Vancouver, B. C., and will load at Everett and Seattle before sailing for Europe.

PORTLAND (Or.) April 13.—The German motorship Seattle of the Hamburg-American Line docked at the municipal terminal here today from Hamburg via Coast ports, and will work cargo tomorrow. From the lumber mills here the vessel will go to Longview, to discharge salt for the paper mills.

The vessel brought the usual assortment of European freight for Portland and Coast ports and, besides lumber, will load cargo for Hamburg, Bremen and Antwerp.

TACOMA (Wash.) April 13.—The movement of tonnage in and out of the harbor today was unusually heavy for Sunday. Seven carriers moved in to discharge and load cargo, while five vessels moved outward.

Among the arrivals was the flagship of the Tacoma-Oriental Line, the steamer Tacoma. She came in from other Sound ports to lift lumber and general cargo for Shanghai and other oriental ports.

The steamer Yokohama Maru arrived from Tokio to load lumber as return freight. Another arrival was the Reardon-Smith liner West Lynn from London, to take aboard general cargo and wood products as return freight to the United Kingdom.

After loading and discharging general cargo, the steamer Oregonian of the American-Hawaiian Line cleared port on her return voyage to New York and other Coast ports. Also listed as a shipper today was the motorship Australian of the East Asiatic Line. She took lumber for Europe.

ARRIVALS AND CLEARANCES AT PACIFIC PORTS

SAN FRANCISCO, April 13. (AP)—Arrived: Erskine M. Phelps, 1:30 a.m., Port San Luis; Charles R. McCormick, 5:35 a.m., Los Angeles; San Antonio, 5:55 a.m., Monterey; Guatemala, 6:15 a.m., New York; Unimak, 8:35 a.m., Crescent City; Admiral Peary, 9 a.m., Los Angeles; Suriname, 12:40 p.m., Guatemala; Elizabeth, 1:50 p.m., Los Angeles; Mathew Luckenbach, 2:25 p.m., Mobile; Solano, 4:45 p.m., Grays Harbor; Bronxville, 6:30 p.m., Singapore; Admiral Schley, 6:45 p.m., Portland; Schwaben, 7 p.m., Astoria; Cornville, 6:50 p.m., Newcastle; Admiral Dewey, 7:10 p.m., Los Angeles. Sailed: Oleum, 8:30 a.m., Port San Luis; J. C. Fitzsimmons, 4:10 p.m., Los Angeles; Kentucky, 411 p.m., Portland.

SEATTLE, April 13.—Arrived: Hawaiian, 5:15 a.m.; J. L. Luckenbach, 6 p.m., Boston; Massmar, 5:35 a.m., Philadelphia; Tacoma, 6:30 a.m., Vancouver; Capac, 6:45 a.m., Oregonian, 7 p.m., Tacoma; Toyama Maru, 8:15 a.m., Yokohama; Dochet, 9 p.m., New Orleans; Yellowstone, 11 p.m., San Francisco.

Sailed: Alaska, 5:15 a.m., Tacoma; 9:30 a.m., Glymont, 3 a.m., Tacoma; Lebec, 2:30 a.m., Lake Frances, 2:30 p.m., Los Angeles; Robin Hood, 5 p.m., Sound ports; Montanan, 8 p.m., Grays Harbor.

SAN DIEGO, April 13.—Arrived: Yale, 8 p.m., San Francisco.

Sailed: Harvard, 9 a.m., San Francisco; Gryme, 9 p.m., Ensenada.

PORTLAND, April 13.—Arrived: J. A. Moffett, 3 a.m., Los Angeles; Warwick, 5 p.m., San Francisco; Henry S. Grove, 10 p.m., Baltimore and way; Willboro, 10 p.m., Aberdeen. At Longview: Willamette, 10 a.m., San Francisco; Nabesna, 11 a.m., Los Angeles. At Driscoll: Taian Maru, 1 p.m., Miike. At Ranier: Patagonier, 11 a.m., Puget Sound.

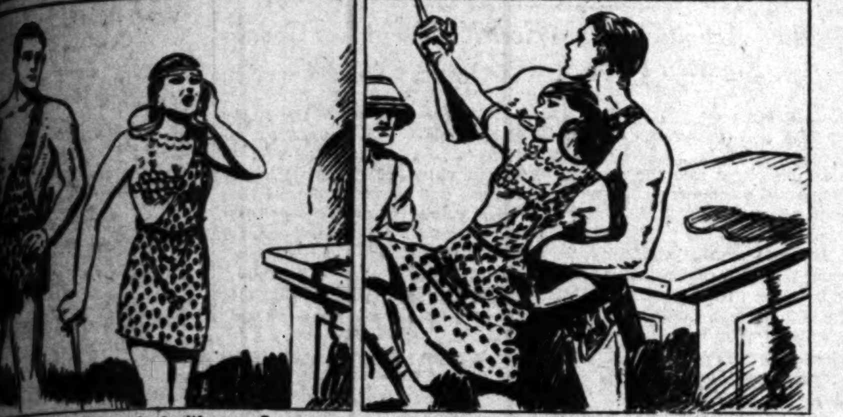
Sailed: Admiral Fiske, 6 p.m., San Francisco; California, 6 p.m., Manila, Castletown, 8 p.m., Texas and way.

TACOMA, April 13.—Arrived: Tacoma.

A CHUCKLE FOR EVERYBODY

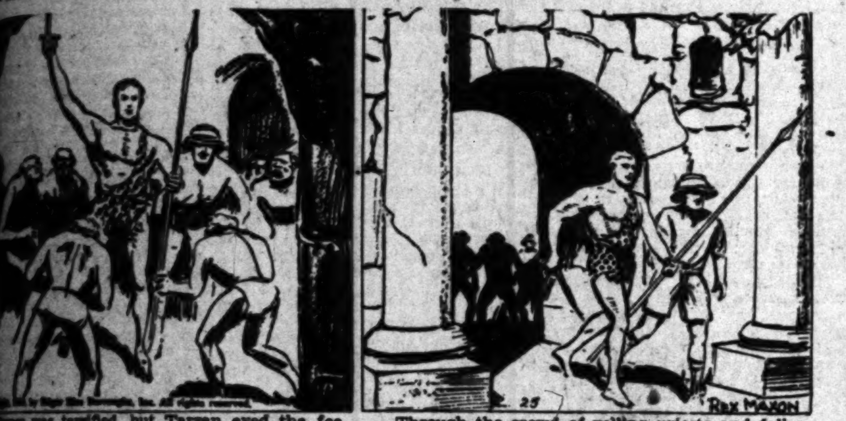
ARZAN AND THE JEWELS OF OPAR

By Edgar Rice Burroughs



…her face convulsed with rage, La sprang to her feet. "Stay, you shall!" she screamed. "La will have you. If she cannot have you alive, she will have you dead!" and rasing her face to the heavens she gave the same hideous shriek that Tarzan had often heard from the apes of the jungle. In answer came a babel of voices from all sides. "Come, guardian priests!" she cried. "Come! The infidels have profaned the holiest of holies!"

"Come! Wash clean the temple with the blood of the polluters!" Tarzan understood. Stepping quickly to her side, the ape-man seized La in his strong arms, and, though she fought with all the mad fury of a demon, he soon disarmed her, handing her long sacrificial knife to Werper. Now a horde of the monstrous, little men of Opar streamed into the temple. They were armed with bludgeons and knives, their courage fortified with fanatical hate and frenzy.



Copyright 1930 by Edgar Rice Burroughs, Inc. All rights reserved.
25
REX MAXON

Werper was terrified, but Tarzan eyed the foe with proud disdain. Slowly he moved toward one of the exits. A burly priest barred his way; behind him came a socre of others. Tarzan felled him like an ox. The shrieking, dancing mob pressed closer. Now Tarzan grabbed the long knife from Werper and brandished it threateningly. At the sight of the sacrificial blade the Oparians scattered like leaves before a gale. Some strange superstition must surround that polished blade!

Through the crowd of yelling priests and fallen votaries, Tarzan and Werper made their unmolested way outside the temple court, Tarzan still brandishing the jeweled and holy weapon. The Belgian's eyes went wide as they passed through the room of the seven pillars of gold. To the ape-man all this wealth appeared to mean nothing. On the pair went, chance leading them toward the broad avenue which lay between the stately pile of half ruins and the inner city wall.

MINES BOARD IN INITIAL MEETING

Newly Created Organization Meets in Capital

Gathering Held at Request of Gov. Young

Officers Elected and Plans for Future Mapped

At the request of Gov. Young, members of the newly created State Mining Board met in Sacramento a few days ago and perfected their organization. The Governor stressed the importance and need for close co-operation between the several State agencies and the mining board, and the members of the board assured the Governor of their keen interest in doing everything possible to promote the welfare of the mining industry.

The board organized by electing Charles W. Merrill of San Francisco, chairman; Robert Linton, vice-president and general manager of Pacific Clay Products and president of the Clay Products Institute of California, as vice-chairman. Walter W. Bradley, State Mineralogist, was appointed permanent secretary of the board.

The other members are Harvey Mudd of Los Angeles, Arthur B. Foote, general manager, North Star Mines Company, Grass Valley; Dudley Saeltzer of Redding. Fred V. Stevenot, director of the Department of Natural Resources, is ex-officio member.

Chairman Merrill stated that the board will make special endeavor to increase general mining activities throughout California in order to offset unemployment in other lines resulting from constantly increasing mechanization of industrial processes and the difficulties facing agriculture.

Having in mind its important bearing on this and other State activities, the board will endeavor to expedite, as the first order of business, the early completion of the State's geological survey, together with other matters of interest and importance to the development of California's mineral resources and their utilization in affiliated business enterprises.

CANANEA CURTAILS ACTIVITY

Consolidated Company Reduces Working Crew to About 2000 Men

CANANAEA (Son., Mex.) April 13. (Exclusive—Cananea Consolidated now is employing about 2000 men, about 98 per cent of them Mexican, furnishing support for a camp of 12,000 population. There has been employment of nearly 3000 in times past, but the company is co-operating in the general production cut.

In the past year there has been an expenditure of about $1,000,000 in rebuilding the smelter and converter plants and an equal sum has been allocated for further betterment of the local works and of the mine equipment. Annual production has been around 75,000,000 pounds of copper. It is noted that the mines have an almost negligible output of gold, silver or lead, though in the old Cobre Grande property is a large, though unworked, lens of zinc. Future operations are expected to center around the Colorado section, where the company, about a year ago, developed a wonderful new ore body, of high-grade sulphide, and still of unknown dimensions.

On plans made by W. A. Leddell of El Paso, J. S. Williams of Douglas is to construct a thirty-ton cyanide plant on the Picacho property, south of this point.

Work on Strike on Queen Creek Estate Pushed

SUPERIOR (Ariz.) April 13. (Exclusive)—Work is being pushed vigorously on the new strike on the Queen Creek property, southwest of Superior, with report that the high-grade silver-galena ore continues with no shrinkage of width.

Company officials are calm in their statements, though admitting that they probably have found a very valuable addition to their ore reserves. The ore is good enough for direct smelting and any lower grade might be handled in the mill of the Belmont Mining Company, an associated local corporation. As is not unusual in this camp, a percentage of zinc is found in the ore.

Every State in the Union

is served by 44 leading utility companies whose stocks underlie U. S. Electric Light & Power Shares, Inc., Trust Certificates, Series B.

These companies operate in 200 of our largest cities and do over 80% of the electric light and power business in this country.

OCEAN OIL WELLS BONANZA

Elwood Bay Producing 90,000 Barrels Daily Now and Surface of Sea Bed Only Scratched

BY HOWARD C. KEGLEY

Having finished within the last ten days two wells in Elwood Bay which together are rated as being good for 20,000 barrels of oil per day, the Elwood oil field, at least temporarily, is the outstanding field of surprises, for both wells are situated on long piers built into the ocean, and are putting out more oil than wells drilled below water ever before yielded anywhere in the world.

These wells afford only a hint, perhaps, of what may be expected from the tideland drilling at Elwood, for scores of other wells are yet to be drilled upon the big piers that have been and are being built, and it may be that a veritable forest of derricks ultimately will be there. All of these wells will pour hundreds of thousands and perhaps millions of dollars into the State Treasury in the form of royalties for permission to drill on the floor of the ocean.

STATE BUNKOED

The success of operators in drilling these tideland permits at Elwood is likely to rebuke the politicians who steadfastly opposed further tideland drilling at Seacliff after several wells already had been put down and succeeded in getting through the California Legislature a bill which prohibits the issuance of other tideland drilling permits.

Operators believe that the conditions at Seacliff and Elwood Bay are quite similar and it is the impression of many an oil man that the State cheated itself out of vast fortunes in royalties by withdrawing the tidelands from drilling after about seventy-five permits had been issued for drilling at half a dozen points along the coast.

The newest and most surprising well in the ocean at Elwood is the Barnsdall-Rio Grande combination's Tideland Permit No. 88-2. It was finished Friday, flowing at the rate of 9300 barrels from a depth of 3600 feet, the gravity test being 37.8 deg. This well has since built up until it now is estimated at 12,000 barrels a day.

WELL BUILDS UP

Little more than a week ago the Pacific Western Oil Company completed its Tideland Permit No. 92-4, 600 feet out from shore, and this well built up to a point between 8000 and 9000 barrels daily. Today the Elwood oil field's potential daily output is approximately 90,000 barrels and the operators have scarcely begun to scratch the bed of the ocean where, most authorities agree, the best production is apt to be obtained—a theory which is supported by the performance of the two most recent completions.

It is interesting to note that the big wells found in the sea are only down a matter of 3500 to 3800 feet, for there is good reason for supposing that there should be another prolific oil sand below the one now being drawn upon. There are enough permits validated at Elwood Bay to accommodate fully 100 wells in the ocean and the present pier-construction program would seem to indicate that a drilling program looms.

The Barnsdall-Rio Grande combination's ocean development program now includes its Tideland Permit No. 94-1 well and two wells on Tideland Permit No. 88. The latter permit is bounded on the northwest by Pacific Western's 144-acre permit and on the southeast by the Bankline Oil Company's sixty-eight-acre permit.

BUILDING AS INDEX

Some idea of what may be expected in the Elwood field is indicated by the construction program that is nearing completion for the Signal Oil and Gas Company and the Bolsa Chica Oil Corporation.

Signal Oil's pier is located on Tideland Permit No. 96 and adjoins on the northwest C. C. Spaulding's Tideland Permit No. 93, already successfully prospected by the Pacific Western Oil Company. This permit embraces twenty-eight acres. Two miles south along the coast below Elwood, Bolsa Chica has more than half of a 900-foot pier completed and by May 15, next, will be ready to spud its first test from the far end of the pier, which is located on Tideland Permit No. 160, being opposite More ranch, where the General Petroleum Corporation is extensively prospecting for oil.

March Exports of Bulk Oil at Port Shade Off

Bulk petroleum exports from Los Angeles Harbor during March were somewhat lighter than the movement during the same month a year ago, the total for last month being 9,643,777 barrels, against 9,934,208 barrels in March, 1929. Last month, however, was 683,706 barrels larger than the February movement. For the first three months of this year the bulk petroleum exports from this port total 27,976,937 barrels.

The March shipments gave fuel oil the lead, for the first time in many months, with a movement of 3,875,470 barrels. Gasoline was second with 3,334,114 barrels, crude oil was third with 1,144,226 barrels, diesel oil being next with 738,345 barrels. The kerosene shipments amounted to 537,488 barrels, while distillate dropped to 19,134 barrels.

United Verde to Curtail Output

JEROME (Ariz.) April 13. (Exclusive)—United Verde has announced, through General Manager Val De Camp, that operations for a while will be on the basis of only five days a week, this in an effort to assist in bringing down the national overstock of copper.

The company is employing a large force on its new working shaft and on costly improvements underground. In addition has been announced the erection this summer of forty new homes for employees at Clarkdale.

MINE LABOR AT DOUGLAS ON PAY ROLL

Plant Betterments and Expansions Keep Force in Field Employed

DOUGLAS (Ariz.) April 13. (Exclusive)—While the two big copper smelters here are running under capacity, labor conditions in both have been maintained on a satisfactory level by a program of enlargement and betterment, to be ready when the copper market revives. The changes here being made are expected to result in a material decrease of cost of production.

Several million dollars are being spent on the Phelps-Dodge and Calumet and Arizona smelters, both of which now are securing output economy in shipping anodes to the new El Paso refinery, instead of bar bullion to New Jersey. There has been junking of the last of the blast furnaces, once wholly used in Arizona's copper industry, and the new equipment is of reverberatories of very modern type, joined to roast roasters of sizes hitherto unknown.

The lead stock of the Phelps-Dodge Corporation is idle for a time, due to the unsatisfactory state of the silver market. It has been fed ores from a number of Southern Arizona mines and by concentrates from a Phelps-Dodge mill in the warren district.

ISLAND OIL PROJECT ON CALENDAR

Standard Takes Steps to Sink Wildcat Hole at Newport Harbor

The Standard Oil Company is preparing to drill a wildcat on an island in Newport Harbor and has filed an application with the Orange County Supervisors for the construction of a road from the mainland to the island, a distance of several hundred feet.

Reports say that Standard has tied up the acreage of the James Irvine Islands about 1000 feet north of Coney Island in upper Newport Bay. This practically confirms reports a month ago to the effect that the Irvine interests were planning to test their holdings which for sometime have been considered a promising place to drill.

Standard's new lease embraces considerable acreage and is a continuance of the mainland. A portion of it must be filled in before equipment and supplies may be trucked to the location for the well. The site for the new well is said to be in the slough one-half mile north of the Balboa highway.

Glide Project on Production at Poso Creek

POSO STATION, April 13. (Exclusive)—General Petroleum Corporation has just placed on production its Glide No. 5 well on Sec. 26, 27-28, the hole yielding about ninety barrels of 16-deg. gravity oil a day.

The well was completed at 1561 feet with casing set at 1676 feet.

Work on three new wells in the Poso Creek area has been started. The Pacific Western Oil Company has staked two sites on Sec. 22, 27-28, where King No. 6 and King No. 7 will be drilled. On Sec. 15, 27-28, the company will drill its Gide-Vedder No. 4 hole.

There are now eight drilling jobs at Poso Creek. The Chanslor-Canfield Midway Oil Company has one, General Petroleum Corporation has two, Signal Oil and Gas Company has one and Petroleum Securities has one.

EARNINGS REPORT OF PHELPS DODGE OUT

BISBEE (Ariz.) April 13. (Exclusive)—The annual report of the Phelps Dodge Corporation shows a net profit for the year of about $9,600,000, without the item of depletion. Current assets aggregate $37,902,000 and current liabilities $5,-550,000.

VENICE DRILLING PICK-UP SIGHTED

Thirteen Locations Staked in Southeast Area

Seven Reported on Leases of Pacific Western

Olympic Has Six of Number Also in Lagoon

With the report that the Pacific Western Oil Company and the Olympic Oil and Refining Company have staked locations for thirteen wells to be drilled in the lagoon southeast of Venice, where the Ohio Oil Company discovered oil, operations in that field are expected to show a spurt within the next two weeks.

Pacific Western has secured many choice parcels southeast of Venice and has more than 100 drilling sites. The company is reported to have made seven tentative locations and Olympic has made six, all of which will be in the lagoon covering about sixteen acres. This property, although not a direct offset to Ohio's Recreation Club No. 1 discovery well, is southwest of it about 800 feet and 500 feet southwest of the Barnsdall Oil Company's Burke No. 1 and Burke No. 2, both direct offsets to the discovery well.

During the past week the Venice Oil Syndicate's No. 1 near the corner of Thirty-ninth street and Pacific Court encountered shallow showings of oil sand and gas at 1610 feet. A blowout preventer has been installed to control the project if the gas pressure should increase. This test is due south of Ohio's discovery well and is thought to be 1000 feet higher on the structure, for it is believed that the new field extends out into the ocean.

To prove this theory Jergins Trust has a test drilling between Thirty-sixth and Thirty-seventh avenues, just west of the Speedway and within a stone's throw of the ocean.

More than a dozen derricks stand completed and most of the projects are drilling ahead. Ohio's Recreation Gun Club No. 2 is below 6000 feet, its Brown No. 1 is making progress with the drill below 150 feet, and Dickinson No. 2 is well below 3600 feet. The company's Howland No. 1 due east of the discovery well is below 4000 feet, and its Dickinson No. 1 is preparing to spud in.

The Union Oil Company, Star Petroleum Corporation, Hurst & Eaton, and Duell Petroleum Company have wells drilling for oil near Venice.

BARNSDALL LEASE ADDS TERRITORY

More Huntington Beach Lots Acquired as City Council Debates Curb

The Barnsdall Oil Company has arranged with C. E. Lewis at Huntington Beach for leasing five lots. Between Walnut and Olive avenues on Second street the company has leased three other lots.

With renewal of activity in the town-lot area at Huntington Beach the city today votes to decide wheher restrictions shall be placed on property from Ninth street to the city limits on the east and within 600 feet of mean high tide. The latter would prevent drilling along the ocean front.

The City Council at Huntington Beach is reported to be considering the purchase of 3660 feet of beach frontage from Fourth street east to the Huntington Beach Company's property.

TEXAS OIL MEN CALL CONCLAVE

California Independents to be Well Represented at Fort Worth Meeting

Independent oil operators from various California fields will be well represented at the national gathering of independent oil men at Fort Worth, Tex., the 18th and 19th inst., in response to an invitation from the Independent Petroleum Association of America to Vern Dumas, president of the Independent Petroleum Association of California.

The invitation, telegraphed from the Independent Petroleum Association of Texas by Charles L. Morgan, secretary-treasurer, followed a meeting of the directors of the Independent Petroleum Association of California at which it was agreed to send a delegation of representative independent oil operators.

In addition to President Vern Dumas, from Los Angeles are expected to go Roland Rich Woolley, counsel for the California association; Ivey C. Clark, secretary; Dan Danciger, George Linderman and several others. R. L. Gilmore of Bakersfield, representing the San Joaquin Valley division of the association, which includes Bakersfield, Taft, McKittrick, Fresno, Willows, Kettleman Hills and Coalinga, will also attend as a member of the California delegation.

TEXAS OIL OPERATORS UNDER FIRE

Inquiry Into Asserted Pact to Withhold Bids on Leases Ordered

AUSTIN (Tex.) April 13. (Exclusive)—An investigation by Atty.-Gen. R. L. Bobbitt has been ordered by Gov. Dan Moody of the charge that the major and minor operating oil companies of Texas have entered into an agreement not to bid on oil and gas leases offered by the University of Texas upon its lands where the minimum royalty is fixed at one-sixth of the production. The charge was contained in a letter received by Moody from Ed Crane of Dallas, member of the Board of Regents of the university.

As a result of the asserted agreement of the oil companies, the leasing of university lands for oil and gas would be stifled, according to Crane, and the Attorney-General is to investigate at the instance of the Governor with a view of instituting suits for heavy penalties for alleged violation of the antitrust laws and also for releif for the university in its future disposition of oil and gas leases.

Texas Natural Gas Pipe Line to Start Soon

AUSTIN (Tex.) April 13. (Exclusive)—Construction of approximately 150 miles of ten-inch welded pipe line for the purpose of supplying Eagle Pass, Del Rio, Uvalde, Carrizo Springs and Crystal City and a number of large industrial plants with natural gas, will be started soon by the Texas Gas and Utilities Company.

The first of the pipe lines to be constructed will run from the 12,000,000-cubic-foot well of the Rycade Company in the Chittim field in Maverick county to Eagle Pass, thence to Del Rio and from that town to the electric power plant of the Central Light and Power Company which was recently completed.

COPPER FIND REPORTED RICH

SACRAMENTO, April 13. (Exclusive)—A rich copper strike is reported by the Greenhorn Copper Company, operating properties in the Tower House district, west of Redding. The management states that a wide ledge sampling 17 per cent copper has been developed for about fifty feet, with a small streak of almost solid metal also showing. Arrangements are proceeding for heavier shipments to the Tacoma (Wash.) smelter.

In less than two years the Greenhorn company has shipped 1200 tons of high-grade ore to Tacoma, and developed a large reserve of concentrating product. It was recently reported that the management planned early erection of a large plant, and increased mine activities. Los Angeles people are chiefly interested.

The Dannenbrink Canyon Company has started hydraulic mining on its extensive holdings near Junction City in Trinity county, with sufficient water available for a long season. The corporation controls the Harmon, Clarke-Grotofend and other properties, including placers along Canyon Creek and Hike's Hill.

The Grass Valley-Boreham Gold Mines Company of Los Angeles is installing a ten-stamp mill and electrically driven hoist on its gold properties two miles east of Grass Valley. The 150-foot shaft is to be deepened 400 feet, a comprehensive program of lateral developments conducted, and the property placed on production as soon as practicable.

The growing demand for gold is bringing about reopening of many lode and placer properties in the Happy Camp section of Siskiyou county. Buzzard Hill, Independence, Milligan Bar and other old properties are being reopened, with placer deposits claiming particular interest. Numerous gold properties near Yreka, Fort Jones, Scott's Bar, Forks of Salmon and other noted camps have either been placed on production in the past few months, or are being placed in shape for early work.

COMPARISON OF CALIFORNIA'S DAILY OIL PRODUCTION

Average for Week

District—	Week ending April 12 1930	No. of Wells	Week ending April 5 1930	No. of Wells	Week ending April 13 1929	No. of Wells	Week ending April 14 1928	No. of Wells

HOBBS OIL FIELD HUMMING

Drilling Activity Greatest Ever Known in Lea County Eighteen Projects on Way or Pending

ARTESIA (N. M.) April 13. (Exclusive)—The lid is off in the Hobbs oil field, and the greatest drilling campaign ever seen in Lea county has been inaugurated, following the beginning of a three-cornered race to build pipe lines into the district. Eighteen wells are either drilling or preparing to commence drilling in that area, and operators predict that eight or ten additional wells may be started within the next two or three weeks.

There is strong probability that other pipe-line companies will build into Hobbs. It is asserted that the Texas Pipe Line Company may extend its line into the district, but its coming is said to be largely contingent on the amount of oil available.

The Atlantic Pipe Line Company, which is reported to have purchased the surface rights on two quarter sections near the town of Hobbs, and to have broken ground for the erection of a 55,000-barrel storage tank, is expected to run the first line into the Hobbs field. Its ten-inch line will be constructed from the Midland, Texas, tank farm of the Atlantic, approximately sixty miles distant.

CENTER OF INTEREST

Activity in the Hobbs field now is centered upon Bowers No. 1 of the Humble Oil and Refining Company on Sec. 30, 18-30, which came in several weeks ago for an initial production of 8000 to 10,000 barrels. The same company has made locations for two other wells, which in turn offset two other wells, near the original well. The new Humble projects are known as the Bowers No. 2 on Sec. 30, 18-38, and Bowers No. 3 on Sec. 30, 18-38.

The Midwest Oil and Refining Company leads in the number of new locations for wells made the past few days in the Hobbs area, with three new wells. The locations announced by the Midwest are State No. 13 on Sec. 15, 19-38, State No. 36, on Sec. 15, 19-38, offsetting the Leach No. 1 of the same company, and State No. 1 on Sec. 10, 19-38.

LOCATIONS STAKED

The Amerada Petroleum Company has made two locations, they being McKinley No. 1 on Sec. 30, 18-38, and McKinley No. 2 on Sec. 30, 18-38. The Prairie Oil and Gas Company has made locations for Selman No. 1 and No. 2 on Sec. 10, 19-38. The Gypsy Oil Company will make a deep test of Grimes No. 1 on Sec. 32, 18-38. The Ohio Oil Company will drill State No. 1 on Sec. 30, 18-38, it being the third well started in Lea county by this company. Harry Walker, independent operator, also contemplates starting operations on the Terry No. 2, Sec. 10, 19-38.

Operators continue to closely watch operations in the State No. 1-C of Cranfill and Reynolds and the Los Angeles New Mexico Oil Company, on Sec. 16, 23-36. It is spraying 250 barrels of oil daily from a third break found between 3717 and 3720 feet. Drilling operations are suspended while workmen are erecting storage on the lease.

ORE VALUES GAINING IN MINE DRIFT

Outlook for Tombstone Extension Mine Viewed as Materially Better

TOMBSTONE (Ariz.) April 13. (Exclusive)—Gold and silver values are reported bettering in drifting on the 130 level of the Tombstone Extension property, on "No Account Hill," which is outside the original bonanza belt of this camp.

In the south drift, for 300 feet, copper values have been rising and now are around 5 per cent. Three ten-men shifts are being worked, with a shaft being upraised from the drift level to the surface. The camp's water level is expected to be struck at 600 feet. All work in the camp is limited by this water table, constituting an underground lake that hardly could be lowered in level even by giant pumps in the days of the district's greatest production. Camp leases now all are working above water level. A notable strike is reported from the Macia-Vaughan lease on the Bob Ingersoll claim, with $200 ore being hoisted for shipment.

New Maricopa Well Rigging Up for Start

MARICOPA, April 13. (Exclusive) The Doyle Petroleum Corporation is making preparations to spud in its recently staked Son-Crail No. 8 well on Sec. 8, 11-23 well on Maricopa Flats. Doyle has several excellent producers in the field and last week brought in its No. 1 well on the same section for 1200 barrels daily.

The Hancock Oil Company is swabbing its No. 4 well on Sec. 8, 11-23 of Maricopa Flat to agitate production. Trouble in obtaining a water shut-off after cementing the casing at 2981 feet has delayed bringing in the well. Bottom of the hole is at 3031 feet.

RUSH REPO TO MINES

Discovery in Lucky [illegible] Spurs Activ

Many Claims Locat [illegible] Find at Ellend

Values from New [illegible] Said to Run Hi

TONOPAH (Nev.) April [illegible] clusive)—Prospectors [illegible] are commencing to [illegible] dale, about fifty [illegible] Tonopah, following [illegible] gold strike made on the [illegible] Strike property by the [illegible] lease. At a depth of [illegible] oreshoot thirty-two [illegible] is said to sample over [illegible] in gold, with the [illegible] developing into an [illegible] It lies between andesite [illegible] rite. A short option has [illegible] en on the group by the [illegible] Yukon Company.

The strike has resulted in [illegible] cation of more than 100 [illegible] the commencement of [illegible] over a broad area. The [illegible] Ellendale strike, made [illegible] ago, was in rhyolite, and [illegible] failed to persist. The new [illegible] made in formation [illegible] mining men as decidedly [illegible]

The Buckley-[illegible] the Clifford mine [illegible] tons of gold ore last [illegible] International Smelter, [illegible] to have averaged [illegible] ton. The rich vein is [illegible] be showing consistent [illegible] with increasing depth. [illegible] ford property is owned by [illegible] Gold, Inc., which also [illegible] Bellehelen Merger mines [illegible] The corporation is [illegible] be completing arrangements [illegible] comprehensive work on both [illegible] erties.

Production from the [illegible] and Reorganized Pioneer [illegible] the Bullfrog district is [illegible] and the mill handling [illegible] both properties is scheduled [illegible] operating at capacity before [illegible] of April. Gold ore of [illegible] grade has recently been [illegible] new territory. The [illegible] tapped by lessees on the [illegible] Bullfrog property three [illegible] is said to be showing [illegible] strength as drifting advances.

AMMONIA PROCES REDUCTION ADOP

YUMA (Ariz.) April 13. [illegible] sive)—The ammonia process [illegible] successfully used in South [illegible] is to be used in reduction of [illegible] silicious ores of the Empire-[illegible] Consolidated Copper Co[illegible] which has Edward W. [illegible] Los Angeles representative. [illegible] product is reported to run [illegible] cent copper and about 8 [illegible] of it carbonates, above [illegible] level.

CORPORATE TRUST SHARES

Principal More Than Twice Returned During 17-Year Period

Moody's Composite Rating "A"

HAD an investor purchased a unit of CORPORATE TRUST SHARES in 1913, assuming existence prior to 1929, at the indicated average price of the shares in that year, [$11.50 per share] the cash distributions during the ensuing 8 years, 1913-1920 inclusive, would have

entirely returned to him his invested principal, plus $2270.48 in cash, and he would still be the owner of 4 shares of each of the 28 companies plus $1,000 cash in the Reserve Fund.

Had he continued to hold the unit of CORPORATE TRUST SHARES for another period of 8 years, from 1921 to 1928 inclusive, his aggregate cash distributions

again would have returned to him his entire originally invested principal plus $1940.01 in cash and he would still own 4 shares of each of the 28 companies, plus $915.72 cash in the Reserve Fund.

In 1929, *after having his entire principal twice returned to him,* and in addition the sum of $1940.01 in cash, he would have received cash distributions for the year 1929 of $3933.52, equal to more than 17% on the amount he originally invested. Moreover, he would still be the owner of 4 shares of each of the 28 companies plus $1,000 in cash and his CORPORATE TRUST SHARES (based on average 1929 price) would be equal in value to his original purchase price.

UNDERLYING each unit of 2000 CORPORATE TRUST SHARES are 4 shares of common stock in each of the 28 companies listed below, and in addition a Reserve Fund in cash, designed to stabilize dividends, on which the shareholder earns interest.

MINA MERCURY ESTATE PASSES

Angelenos Acquire Old Mine in Pilot Range

Property Recently Equipped With New Plant

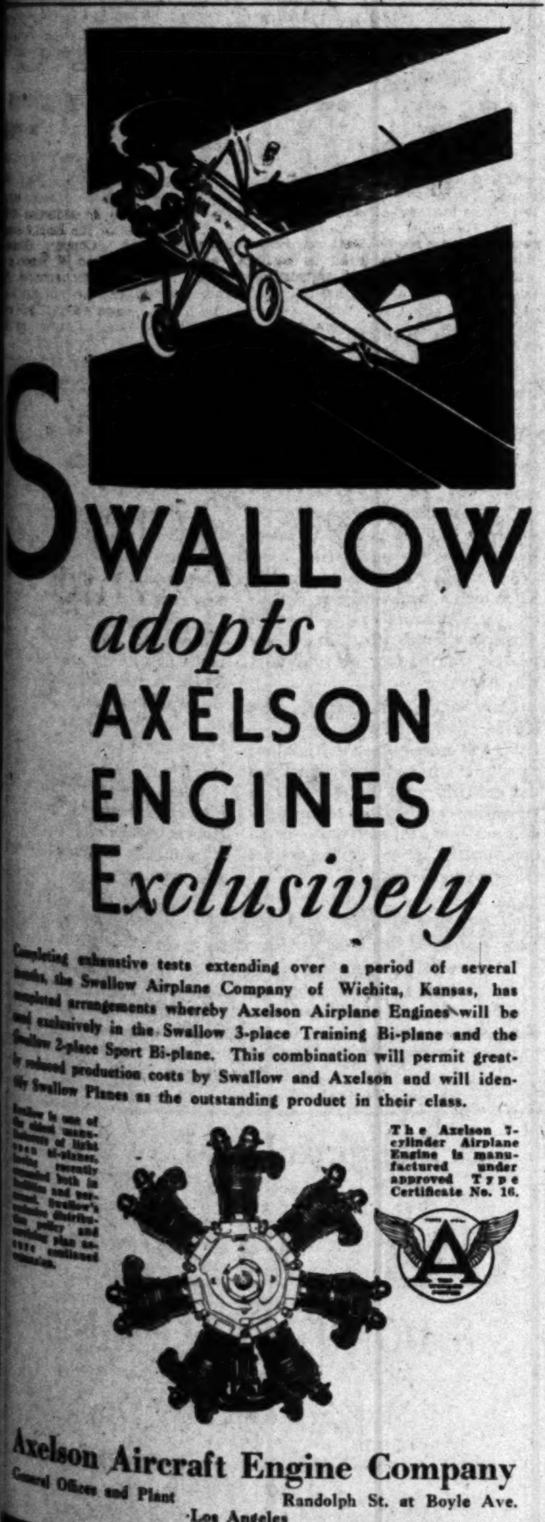
Nevada Porphyries Plans for Early Operation

MINA (Nev.) April 13. (Exclusive) The Southern Mines, Inc., has been organized by W. G. Fairbank and associates of Los Angeles to acquire and operate the old Mina Mercury property in the Pilot Range, near Mina. W. T. Childers, who placed the cinnabar mines of the B. and B. Quicksilver Company at Mt. Montgomery on a profit-earning basis, has been placed in charge of operations. The property is said to contain large deposits of commercial ore and was recently equipped with a furnace and other machinery.

The Nevada Porphyries Company is replacing old sections of the Round Mountain water line with new pipe, preparatory to starting of the active placering season. Deep snow in adjacent mountains indicates abundant water for a long run of the giants and immense deposits of commercial gravel are said to be ready for sluicing. The mill at the lode mine is running steadily, with most of the ore coming from veins uncovered last year.

Bullion production of Tonopah mills for the first quarter of 1930 totaled $200,300, the lowest mark recorded in many years. Tonopah Extension Company is producing practically all the ore mined in the district, but the Millers plant of the Tonopah Mining Company continues to treat small lots from leases. The chief hope of Tonopah lies in approval of the 30-cent tariff on silver by Congress, following its passage by the Senate, although some producers believe the improvement, if any, will be only temporary.

Rejuvenation of the old Hill Top mine and adjacent properties near Battle Mountain has been begun by the Imperial Gold Company. The old mill is being overhauled and improved and early production is promised by the management. Strong ledges of mill ore are said to be exposed.



SWALLOW
adopts
AXELSON
ENGINES
Exclusively

Completing exhaustive tests extending over a period of several months, the Swallow Airplane Company of Wichita, Kansas, has completed arrangements whereby Axelson Airplane Engines will be used exclusively in the Swallow 3-place Training Bi-plane and the Swallow 2-place Sport Bi-plane. This combination will permit greatly reduced production costs by Swallow and Axelson and will identify Swallow Planes as the outstanding product in their class.

The Axelson 7-cylinder Airplane Engine is manufactured under approved Type Certificate No. 16.

RARE MINERALS, METALLURGY, CHEMISTRY

Qualitative analysis will be given in this department of The Times to correspondents on ores and minerals free of charge. Make each sample of an ounce or so in weight. Be sure to write a letter stating what tests are desired and give the approximate locality from which samples were taken. Do not pulverize the specimens. Give your name and address on paper wrapped with samples.

Rare Minerals

BAGDAD, March 27.—Question: Please classify the inclosed samples of minerals which I have found lately. Sample No. 1 bladed and shapeless crystals, occurring in a kind of decomposed gneiss, as floats, and in situ I classify them as needles of cyanite because in the same locality I found floats of andalusite and sillimanite — was I right? No. 2 andalusite, and No. 3 sillimanite—found with No. 1. No. 4—two small chips of rocks I take to be a new kind of granite, where the beryl replaces (wholly or partly) quartz. It occurs in pockets and stringers in ordinary granite without sign of any pegmatite, where beryl should occur. The piece with the lighter-colored beryl and brownish-like externally comes from where I got Nos. 1, 2 and 3; is it possibly greenish corundum? No. 5 is probably fluorite (chrysophane variety) No. 6 from a small deposit in some black formation that I think is diabase; it is all white and looks like petrified bone—is it calcite, dolomite, or magnesite? No. 7 — phenacite, or purely and simply quartz; if the latter, which variety would it belong to, as some kinds split prismatically, sometimes basically, and other samples diagonally. No. 8 is nephrite (I think) very tough and not very plentiful; it is from a big deposit of tremolite and other amphiboles—I send you this because I found it in situ, and sometime ago Dr. Kunz, in a published statement, reported that jade could very seldom be found in place. I am always your very-much-obliged X.

Answer: It is now possible to publish occasionally, the new localities where rare earths and rare minerals occur in the Far West, which are rapidly coming to the front commercially. Arizona comes first in the list. Colleges and universities will be given exact localities where the rare earths and rare minerals occur, provided requests are made for such information on letterheads of the institutions referred to.

The present lot of specimens represent only part of what your deposits show in rare earths and rare minerals and the results of chemical tests on the samples referred to follow: No. 1 is calcite. Nos. 2, 3 and 4 are sillimanite, which is of great value to the "spark plug" industry. No. 5 is chlorophane (fluorite variety.) No. 6 is a pure, fine-grained dolomite. No. 7 carries no glucina, and, therefore, is not phenacite; it is a quartz pseudomorph after some other minerals, but is now pure quartz. One other sample is sillimanite in granite, and No. 8 is amphibole of great hardness and very tough. It is similar to certain nephrites, but is too coarsely crystallized. The samples were examined in transit, and some of the numbered wrappers were found loosened and apart from specimens.

Pegmatite

LOS ANGELES, March 28.—Q.: Sample found near Palmdale—Mint Canyon. Analyze for gypsum, salt, lime and copper. M.

A.: The rock is graphic granite (pegmatite) and it carries microscopic traces of silvery-lustered mica known as "cat silver." All of the substances referred to by you are absent.

Limonite

AZUSA, March 28.—Q.: I am sending you an average sample of ore from a vein six feet wide in San Bernardino county. Please test for gold, silver and platinum. G.

A.: Flake platinum and free gold absent. Similar mineral—if treated by pulverization, washing and the coarser matter allowed to settle might answer for low grade "yellow ochre" of commerce. For other gold, silver and platinum values please consult industrial chemists, and assayers.

Two Samples

NEEDLES, March 28.—Q.: Under separate cover I am sending two samples of ore from this section and I would appreciate a qualitative analysis of same. Does the iron sample carry platinum? Is there any nickel or copper in the green sample? H.

A.: The slag-like "iron sample" carries no flake platinum. The pistachio-green specimen seems to be altered epidote. Nickel and copper not present.

Two Specimens

ONTARIO, March 28.—Q.: Inclosed please find two specimens (1 and 2.) Found in the Mojave desert. Classify in your "In the Earth" department. Thanking you for same. F.

A.: No. 1, the blackish-gray sample is a good grade of hematite of the micaceous iron variety. No. 2, a whitish specimen, consists of quartzitic rock spotted sparingly with micaceous iron and traces of microscopic pyrite (iron disulphide.)

Sand and Clay

LOS ANGELES, March 30.—Q.: Inclosed under separate cover please find a sample of dirt which, possibly, contains some minerals. I would thank you for an examination of same. This comes from a locality near Glendale. De.

A.: The sample carries a little magnetic iron ore which can be lifted with a magnate. There is also present a low percentage of microscopic pyrite, and a small amount of microscopical mica. Both the mica and the pyrite might be confused with gold, at sight, and this variety of mica is known as cat gold. There is no native gold in the specimen.

Five Samples

SANTA ANA, March 29.—Q.: Kindly make qualitative analyses on mineral specimens inclosed. They come from northwest, range of San Bernardino county. I thank you. R.

A.: No. 1 is "sugar quartz." No. 3 altered magnetite with a little micaceous iron. No. 2 conglomerate rock stained with limonite. The blue colors are copper sulphate and copper silicate; manganese-iron present. This last-named rock is No. 4. No. 5 is siliceous rock carrying traces of micaceous iron. Corundum indicated near.

No Fire Assays Made

LOS ANGELES, March 31.—Q.: I am informed that you make assays free of charge. If such is the case, will you kindly assay the mineral which I am sending you herewith. T.

A.: This column gives qualitative analyses on ores and minerals free of charge. Your sample weighs approximately one-half a gram and consists of microscopical magnetite traces. Traces of bronze mica, potash mica, quartz granite, feldspar and hematite. Native gold not present.

Quartzitic Rock

LOS ANGELES, March 31.—Q.: Please give me qualitative analysis on the inclosed ore. I found it in San Bernardino county. Oblige. W.

A.: It is quartzitic rock chiefly and in part breccia (a mixture of rock fragments united by cementation.) It carries some biotite (black mica of the mining boys in the hills) with lime carbonate, traces of microscopic pyrite, iron oxides and free gold absent.

Three Samples

LOS ANGELES, April 1.—Q.: Inclosed find three samples which I would like you to try for gold. All samples are from Victorville, Cal. G.

A.: The samples were received in glass containers. No. 1 was smashed up in transit. This No. 1 and No. 2 were finely pulverized and pulverized specimens are not analyzed by this department of The Times. No. 3 is a microscopical mixture of gravel, magnetite, quartz, feldspar, hornblende and limonite. (See notice at head of column regarding pulverized samples.)

WEEKLY STOCK RANGE

Following is a review of transactions on the New York Stock Exchange for the week ending April 12, compiled by the statistical department of H. J. Barneson & Co., Board of Trade Building, members of New York Stock Exchange and other leading exchanges:

Swansea Mill to Start Soon

BOUSE (Ariz.) April 13. (Exclusive)—The new mill at Swansea of the American Smelting and Refining Company is to be in operation about May 1, according to Manager Ernest C. Lane.

The plant is expected to produce a high-grade copper concentrate through flotation.

Texas Marble Concern Votes Capital Boost

ALPINE (Tex.) April 13. (Exclusive)—At a meeting of the Marble Mountain Company, of which William Kieft of Los Angeles is president, the capital stock was increased to $500,000. The company expending $250,000 last year in erecting buildings and installing equipment for the operation of its quarry at Marble Mountain, situated twenty-seven miles southwest of Alpine.

It has a deposit of black marble, embracing 480 acres, leased from the Jordan Marble Quarry Company of Alpine of which John Young is president. Mr. Young and associates started development of the quarry twenty years ago and several buildings in the towns of Southwest Texas are constructed of the stone. The marble which takes a fine polish, is in demand for finishing interiors of buildings.

DEAL ON FOR GROUP OF ARIZONA CLAIMS

GLOBE (Ariz.) April 13. (Exclusive)—Papers have been filed in a $250,000 transaction, covering twenty-five patented claims in the Sleeping Beauty section, optioned by Alfred Kinney and wife to the Porphyry Reserve Copper Company.

Lincoln
Drilling
Company

THIS Company's program, during the past two years has been to acquire acreage in as many potential oil fields as possible . . . letting other companies wildcat and prove up. This policy now begins to show results. Buttonwillow is already proven a great gas field; Belridge and Lost Hills holdings are practically proven; and Carpenteria acreage looks excellent as result of Continental's big "gasser."

These leases and others should put LINCOLN in a position for splendid income and market profits. We believe this company, at present market, presents an unusually worthwhile speculative opportunity.

Complete Information on Request.

EXETER OIL

Today's outstanding security in the Oil Group appears to be Exeter Oil, which is showing earnings of about 60% on present outstanding capital stock.

On the Class "A" Stock, dividends of 1% per month have been paid for the past 43 consecutive months.

Under recognized capable management and through the connections that have been established by Exeter for outlets of both oil and natural gas, the company continues to make increased progress with diversified holdings in proven and semi-proven fields.

Exeter Oil has been currently quoted on the Los Angeles, San Francisco and Seattle Curb Exchanges at around $2. Because of certain activities and developments taking place within this company, we look for immediate sharp advances in this week's market.

The present market position of Exeter Oil is covered in our recently issued Bulletin No. 5 and special report. Get a copy of this Bulletin today—get all of the facts and *place your order at once* for as many shares as you want to handle.

We sincerely believe that Exeter Oil will prove to be one of the most profitable recommendations offered by this house.

A Superpower Titan
Natural Gas, the Growing Utility

Lighting, heating and powering millions of homes and industries—that's what natural gas is doing today. It's a superpower titan in the realm of public utilities. And its greatest growth is now at hand.

The natural gas industry has entered a new era of expansion, created by the extension of its steel pipelines, over rivers and mountains, from producing fields to hitherto unserviced centers of population and manufacturing activity. It is bound to service many new as well as long-established industrial markets and many more millions of homes.

The owner of shares of a well managed natural gas company holds opportunity at the maximum.

Would you know more about the opportunities in natural gas developments, and natural gas stocks?

We will send you a booklet on the subject together with the history of a company whose security offers an opportunity for participation in an established, progressive natural gas enterprise, backed by proven and potential reserves, and serving a territory which might well be termed the industrial heart of the nation.

AT VENICE
HERE'S *YOUR* CHANCE

Here fortunes are in the making. Don't miss this opportunity. Come down and see our drilling operations for yourself. It may be your most important move towards larger financial returns.

Located right in the midst of major oil companies, the Deuel Petroleum Corporation, Ltd.'s, Venice No. 1 is only about 300 feet away from the big discovery well brought in by the Ohio Oil Co. Drilling has already gone to 1500 feet, and every calculation of our geologists leads to believe that it will penetrate into the very heart of the Venice field oil pool.

On every side of us the big companies are sinking wells — the Union, the Star, the Barnsdall, the Ohio and others. Ten derricks are already up. Drilling is proceeding rapidly.

Come out today. See the tools eating into the earth. See the drill bits at work. Acquaint yourself thoroughly with all the activities going on. Competent men—men who have been in oil for years—will be glad to answer every question you ask. We invite you to inform yourself thoroughly. Then use your own judgment. Make your own decision. *But don't lose this chance of finding out for yourself.*

THE FIRST OFFERING TO THE PUBLIC AT $1.00 A SHARE.

HOW TO GET THERE: By Auto—Drive out Washington Blvd. to the derricks, a few hundred feet from the ocean. Just beyond the canal, turn to the left and cross over our private bridge. You will be at the Lease.

"TIMES" THEATER GUIDE

MOTION PICTURES

Boulevard, Washington at Vermont—"Blaze o' Glory." A melange of war and suffering sung to music by Eddie Dowling.

Biltmore, 5th nr. Grand—"Across the World with Mr. and Mrs. Martin Johnson." These intrepid travelers camera as they go into jungles and far places encountering Mother Nature at her wildest.

Burbank, Main at 6th—"Embarrassing Moments." Also vaudeville.

Carthay Circle, Carthay Center—"Happy Days." Fox Grandeur film amazes the public and shows the great possibilities of the future. The subject matter is a minstrel show by the stars.

Criterion, 642 South Grand—"Montana Moon." The old horse opera changes its tune to something near syncopation, with room for improvement, starring Joan Crawford.

Figueroa, Fig. at Santa Barbara—"Lone Star Ranger." George O'Brien goes back to nature and finds drama in "them thar hills."

Filmarte, 1228 Vine—"Survival." This story by Balzac is not one of the best efforts of French production.

Forum, Pico at Norton—"Sacred Flame." Somerset Maugham has written a well-bred tragedy which is discussed at great length by its cast, headed by Pauline Frederick.

Grauman's Egyptian, 6708 Hollywood Blvd.—"Such Men are Dangerous." This is an amusing idea of Elinor Glyn's about the importance of face-lifting in the matter of love. With Warner Baxter.

Loew's State, Broadway at Seventh—"Free and Easy." Buster Keaton creates an uproar as he loses himself in the mazes of the M.-G.-M. lot.

Mayan, Hill nr. 11th—"Journey's End." A superb translation from stage to screen of a somber and splendid play.

Million Dollar, Broadway at Third—"Only the Brave." A charming romance of the South, featuring Gary Cooper and Mary Brian.

Palace, Broadway bet. 6th and 7th—"Anna Christie." Greta Garbo's first talkie is proving a sensation. Clarence Brown directed.

Paramount, Hill at Sixth—"The Benson Murder Case." Another Van Dine novel is brought to the talking screen with William Powell as Philo Vance.

Ritz, 5200 Wilshire—"Anna Christie."

R.K.O., Hill at Eighth—"Vengeance." The Congo is the location for this steaming story. With Jack Holt and Dorothy Revier.

R.K.O. Orpheum, Broadway at Ninth—"Ingagi." Reviewed in today's Times.

Tower, Bdwy. at 8th—"She Couldn't Say No." Winnie Lightner indulges in outbursts of laughter and music.

United Artists, Bdwy. nr. 9th—"Be Yourself." Fannie Brice is boisterous again and up to her old tricks.

Uptown, Western at 10th—"Anna Christie."

Warners' Downtown, Hill at 7th—"Spring Is Here." And a young man's fancy quickly turns to love and song and the lighter things of life. Alexander Gray, Bernice Claire and song hits.

Warners' Hollywood, Hollywood Blvd. at Wilcox—"The Love Racket." Opens today.

Westlake, 638 Alvarado—"Anna Christie."

STAGE

Belasco, Hill at 11th—"A Continental Night." Reviewed in today's Times.

El Capitan, Hollyw'd Blvd. nr. Highland—"Broken Dishes." Family life in the raw is always good for drama and once in a while a laugh. Percy Pollock is starred as the all-American husband.

Hollywood Playhouse, 1733 Vine—"Holiday." Reviewed in today's Times.

Mason, Bdwy. nr. 1st. — "Rah Rah Daze." Waring's Pennsylvanians entertain with their well-known music and the book is just fair. Dorothy Lee, Evelyn Nair and others are capable.

Mission Play, San Gabriel—The beautiful annual pageant of the settling of California, up to its usual standard. With R. D. MacLean.

Music Box, 6126 Hollywood Blvd.—"The Hero." A story about a man who goes over the top in life, splendidly portrayed by Grant Mitchell.

President, Bdwy. at 8th—"Your Uncle Dudley." Taylor Holmes plays a small-town character and indulges in some of his popular humor.

Vine-street, 1615 Vine—"Philadelphia." Shooting and graft in a lawyer's office make a crude sort of drama. Unfortunately Rockcliffe Fellowes is potted in the first act.

VARIETIES

Follies, 4th and Main—Burlesque.

Sweet-Cream Basis Advised

WASCO, April 13.—Despite generally unfavorable dairy conditions throughout California this year, local dairymen and leaders of the industry here see no reason for discouraging a conservative program of expansion for this county, Horace T. Strong, assistant farm adviser, said today.

In the production of a better-quality milk, and surprise tests in this county have shown the milk to be of exceptional quality, better prices may be obtained and some solution achieved for market slumps, Strong believes.

Organization of the dairy industry in this county on a sweet-cream basis would be an excellent idea, in the opinion of Strong.

DELAY MAY BE GRANTED TO ORMSBY

Former Angelus Temple Attorney Scheduled to Go to Trial Today

OAKLAND, April 13. (Exclusive) Cromwell L. Ormsby, former attorney for Aimee Semple McPherson, charged with complicity in Alameda county graft collections and payments, is scheduled to go to trial tomorrow on a grand-jury bribery and conspiracy indictment, but indications point to a continuance. J. L. Davis, former deputy sheriff, who was indicted with Ormsby, is one of five defendants now on trial in another court and it is believed the Ormsby trial will be postponed for this reason.

The grand-jury investigation will recess for a few days, it was said today by Dist.-Atty. Warren, to allow a more thorough examination of evidence in hand.

The Oakland City Council is expected to consider tomorrow a successor to William H. Parker, City Commissioner who resigned last Friday night after trial had been begun on a grand-jury accusation seeking his removal from office for "willful and corrupt misconduct."

Negro Suspect Held in Slaying of Dry Agent

WASHINGTON, April 13. (AP)—John Logan, a negro, was held by police today under a charge of murdering Lamar Wason York, a prohibition agent. Detectives had questioned the suspect for more than an hour.

York was shot in an alley behind a high-school building into which he had trailed two negroes he suspected of transporting liquor.

Detectives assert Logan told them he and John Borum, another negro, had gone into the alley to remove a smoke screen from their machine and while there York appeared and they ran. The officers say further that Logan related that he went back to York and was talking with him when Borum fired.

PLATICAS DE LOS LUNES

POR EL PROF. R. GUERRERO

Encargado de la Sección Española de Este Diario

En el tercer párrafo del relato de Joaquín Belda, leemos: "o se queda como un caballero, devolviendo . . . el obsequio . . . o se sale diciendo . . . "

Dado que "como un caballero" es aquí locución adverbial (caballerosamente), y que el gerundio "diciendo" tiene, como suelen tener los gerundios, valor adverbial, no hay reparo que poner al uso de las construcciones impersonales "se queda" y "se sale"; pero como quiera que sea frecuente ver tales formas impersonales seguidas indebidamente de adjetivos masculinos en singular: "se queda airoso"; "se sale contento"; "se es sabio", etc., hay que luchar contra esa incorrección, teniendo muy presente lo que sobre tal solecismo dice el señor Cuervo en sus "Apuntaciones Críticas":

Dícese muy bien: "esta dama es hermosa", "aquel hombre murió pobre", "yo estoy enfermo", "uno nace desgraciado", etc., porque los adjetivos "hermosa", "pobre", "enfermo", "desgraciado", tienen un sustantivo a que referirse: "dama", "hombre", "yo", "uno". No se verifica esto en aquellas locuciones que tanto menudean algunas personas inficionadas con la indigesta lectura de libros franceses: "Cuando se es pobre, hasta la hermosura es una desventaja"; "Se nace pobre, como se nace poeta, o se nace feo"; "Se vive triste en la soledad"; "Se está contento en el campo". Aquí, siendo la construcción impersonal, se quedan como en el aire (dangling) los nombres "pobre", "poeta", "triste", etc. Se ocurre a este inconveniente de varios modos: ya introduciendo el indefinido "uno"; por ejemplo, "vive uno triste en la soledad"; "está uno contento en el campo"; ya poniendo el verbo en primera persona del plural; v. gr., "vivimos tristes en la soledad"; ya apelando a una voz genérica, como "hombre", "mujer"; v. gr., "el hombre nace pobre, lo mismo que nace poeta", o acaso mejor, "hombres hay que nacen pobres, lo mismo que otros nacen poetas"; "cuando una mujer es pobre, hasta la hermosura le es desventaja". El lugar de "se vive alegre, tranquilo", etc., puede también decirse, "se vive alegremente, tranquilamente".

Ejemplos correctos: "Para ser uno rico basta que sea solícito; mas para deshacerse de las riquezas, ha de ser generoso" (Guevara, "Epist. fam., pte. I, XIII); "No es uno hombre más que por la voluntad" (Ochoa, "Horas serias", V); "Es muy difícil aparentar una pasión de que no estamos revestidos" (Jovellanos, "Lecciones de Retórica y Poética"); "El buen sentido es el fundamento de todo. Ningún hombre sin él puede ser verdaderamente elocuente" (Id. "Ibid.").

Con un infinitivo puede en ocasiones ir un nombre que no se refiera a sustantivo alguno, como lo demuestran ciertos refranes al estilo de éstos: "Más vale ser necio que porfiado"; "Más vale soltero andar que mal casar".

"Bueno es ser reina, bueno es mandar" (Cervantes, "Persiles", libro II, cap. V); "Pues no, no perdáis, honor, — La alabanza más segura; — Que ser privado es ventura, — No quererlo ser, valor" (Alarcón, "Los pechos privilegiados", acto I, esc. IV).

Verbos como "arrepentirse", "suscribirse", "acercarse", "dirigirse", y demás que, por ir acompañados de un pronombre que denota que la acción recae sobre el mismo que la ejerce, son llamados por los gramáticos "reflejos" (o con menos propiedad "recíprocos"), no pueden, si no es en el infinitivo, usarse en construcciones de sentido impersonal; así, es incorrecto el modo con que anuncian algunos periódicos los puntos de suscripción: "Se suscribe en el almacén X". Hemos visto también, agrega el señor Cuervo, anuncios de este pergeño: "Lecciones de francés; diríjase a fulano". En la primera frase ocurre preguntar: ¿quién se suscribe?, y en la segunda ¿quién se dirige?, o bien: si ofrece dar lecciones, ¿a qué fin han de dirigirle?, o si necesita de dirección, ¿a qué se pone a enseñar? Puede adoptarse alguna corrección de éstas: "Puntos de suscripción: Imprenta A, almacén X"; "dirigirse, ocurrir, acudir a fulano", etc.

En muchos libros se ha indicado ya que los errores en estas construcciones proceden de que malamente las asimilan a las francesas en que entra "on", el cual es lo mismo que "hombre"; así, "on est heureux" — "homme est heureux", hombre es feliz, uno es feliz "on se repent" — "homme se repent", hombre se arrepiente. Si se toma "suscribir" por asentar como suscritor, la frase mencionada arriba no sería incorrecta; pero tal acepción no aparece en el Diccionario.

Tampoco es permitido, sigue diciendo el señor Cuervo, emplear el posesivo "su", "suyo" sin que haya un nombre expreso o tácito a que pueda referirse. Suelen errar en esto los que traducen del francés, y para mayor claridad presentaremos unos ejemplos. Dada esta frase: "Quand on cherche à se rappeler les événements de ses premières années, on confond souvent les récits qu'on a entendu faire aux autres avec ses souvenirs personnels"; en manera alguna podría pasarse al castellano diciendo: "Cuando se trata de recordar los sucesos de sus primeros años, se confunden con frecuencia las relaciones que se han oído de boca de otros con sus recuerdos personales". El genio de la lengua manda que, si se quiere dejar el "sus", se comience: "cuando uno trata", o "cuando el hombre trata"; aunque lo más natural es poner: "cuando tratamos . . . nuestros primeros años . . . confundimos . . . hemos oído . . . nuestros recuerdos."

En la próxima Plática terminaremos con estas observaciones del señor Cuervo.

BAPTIST CHURCH DEDICATED

NORTH HOLLYWOOD, April 13. Formal dedication of the newly completed Baptist Church at Otsego street and Fair avenue took place today with Rev. E. M. Pyle of Arizona delivering the sermon and the morning and evening services. The church has a membership of ninety and a Sunday-school enrollment of 100, under Cyrus C. Long, superintendent. Chairman of the board of trustees of the church is L. A. Douglas.

UTO ACCIDENTS AKE TWO LIVES

Swerves Into Pole Killing Small Boy

Hurt When Car Turned Over Dies

Seriously Injured in Sunday Crashes

are dead and a number seriously injured as the result of traffic in the Los Angeles area yesterday. One of the fatalities was a years of age, who received his when the car which one of brothers was driving swerved Eagle Rock Boulevard at Ver- Road and crashed into a telephone pole.

The boy was Joseph Holmgren, West Avenue 30. He was in a with his brothers, Jack, 12, and 18 years of age. Alfred driving, according to witnesses. The car is asserted to have the intersection at a high rate of speed and in attempting to make a curve the driver is said to have lost control. Joseph's skull was fractured and the brothers were knocked unconscious and internally injured. Jo- died at the Georgia-street Receiving Hospital before noon.

INJURED WOMAN DIES

Mrs. Virginia La Verne, 1322 Bonita avenue, Los Angeles, who was injured in an automobile accident near San Onofre, late Saturday night, died at the San Clemente Clinic Hospital yesterday morning. With her husband, Albert La Verne, and Mr. and Mrs. John Dell, 2253 Glendale Boulevard, she was on her way to San Diego. Whether the driver lost control, or because of some defect in the mechanism of the machine, the car left the road and turned over twice in the ditch.

Other motorists rushed the victims to the San Clemente Hospital, where it was found Mrs. La Verne had a fractured skull, a broken leg and several broken ribs. The others also had critical injuries and Albert La Verne, the driver, had not regained consciousness late last night.

DRIVERS JAILED IN FIGHT

William Kurbatoff, 22, 3318 East Thirty-third street, failed to see a Southern Pacific locomotive at Washington and Alameda streets early yesterday morning and he drove his automobile headlong into it. He was taken to the General Hospital with a fractured skull.

Skidding on wet pavement, according to police, caused a collision between an automobile and a street car near the east end of the Seventh-street bridge, in which Chester Brown, 20, of 642 North Plymouth Boulevard, received a fractured skull. Brown is in Georgia-street Receiving Hospital in a serious condition. The street car, police report, was in charge of Motorman W. C. Morgan, 6439 South Rugby street, Huntington Park.

BOY ON TRICYCLE HIT

Edward English, 6, of 3484 Rosewood avenue, is in Georgia-street Receiving Hospital with a depressed skull fracture received when he was knocked down by an automobile while riding a tricycle near his home. The automobile, according to police, was in charge of Stanley [illegible] Arlington street. He was not held.

A hit-and-run driver spoiled Policeman C. B. Merchant's plan of driving home in his new car early yesterday by crashing into it just as the officer was approaching it near the University division station. Merchant yelled loudly as the hit-and-run driver backed up and then drove away, but the man was gone before Merchant could obtain a police car to give chase.

Deputy Sheriff R. O. Ernest, in his car, disputed the right of way with James Mather, truck driver, at Slauson avenue and Pacific Boulevard, Huntington Park, yesterday and both landed in the police station charged with battery. Each swore to a complaint and each had a black eye.

MISFORTUNE DOGS HER EVERYWHERE

Mrs. Earle Remington

WIDOW OF SLAIN MAN RETURNS

Mrs. Earle Remington to Nurse Ill Brother; Husband's Death Unsolved

Mrs. Earle Remington came back to Los Angeles yesterday.

It was the night of February 16, 1923, that her husband was slain in his Wilshire driveway, a major mystery of Los Angeles crime, yet unsolved.

Since then misfortune has trailed her every step. She lost an only sister in the East, and she has come from Spartansburg, S. C., where she has nursed two brothers, one dying of Bright's disease and the other fatally stricken with paralysis.

Yesterday she stepped off the liner to rush to the bedside of Tom Milster, another brother, reported on his death bed at Culver City.

"It seems I am to be left entirely alone," she sobbed as she disembarked. Her finances, once thought plentiful, have vanished also, she says, due to sharp practices of asserted friends.

"It means I am going to work; I am to be hostess of a country club at Rye, N. Y. Oh, I'll get along," she smiled.

Her plight is a vivid contrast to her earlier days on this coast, where she had riches, social prestige, and where she was beloved for her work among soldiers. She says she still hears from hundreds of them. Her interest yet lives in all boys, and aboard the liner President Adams on which she arrived she raised a substantial poo' among passengers for four youths of the University of Nevada, who played their way around the world as the ship's orchestra for the fun of it.

FUND DEPLETED

If County Surveyor Rockhold and Road Commissioner Jones wish to attend the annual convention of the American Society of Engineers at Sacramento Sunday they will have to foot the bills from their own personal funds. This was decreed by County Counsel Mattoon in an opinion filed with the Board of Supervisors that the fund from which expenses of the trip might be taken has been exhausted.

CITIES PREPARE TO VOTE TODAY

Thirty-four in County Will Conduct Elections

Los Angeles Residents Urged to Register Soon

Deadline for Water Bonds Ballot Nears

Election of municipal officials and various local issues on ballots will draw voters from thirty-four sixth-class cities throughout the county to the polls today. With hotly-contested elections anticipated in several of the cities, record votes may be expected, according to Registrar of Voters Kerr.

Persons eligible to vote today must have been registered between January 1, last, and March 14.

LIST OF CITIES

The municipalities in which elections are to be conducted are:

Arcadia, Avalon, Azusa, Bell, Beverly Hills, Claremont, Covina, Culver City, El Monte, El Segundo, Glendora, Hawthorne, Hermosa Beach, Huntington Park, La Verne, Lynwood, Manhattan Beach, Maywood, Monrovia, Montebello, Monterey Park, Redondo Beach, San Fernando, San Gabriel, San Marino, Sierra Madre, Signal Hill, South Gate, South Pasadena, Torrance, Tujunga, Vernon, West Covina and Whittier.

Registrar Kerr also took occasion to call to the attention of Los Angeles city voters that a special water bond election will be conducted here on May 20, for which registration will close at midnight Saturday.

Only those who have registered since the first of the year will be eligible to vote in this election, and those who have so registered, but have since moved, must reregister, giving their new address, to maintain their eligibility, he said.

As an accommodation to those wishing to register, Kerr announced that deputies from his office are stationed at the City Hall and at street corners in the downtown business district and in some residential localities.

OPEN AT NIGHT

During business hours voters may register at the office of the Registrar of Voters on the main floor of 330 North Broadway. In addition, it is planned to keep the office open until 9:30 p.m., beginning today and continuing until Saturday, the final day of registration for the special city election, when the office will remain open until 12 p.m.

Figures compiled by Kerr show that 677,299 persons have registered in the county, of which 374,843 represent Los Angeles city registrations and 302,456 registrations in county territory outside of the city.

Other elections in the county scheduled soon include the following:

The 22nd inst., Los Angeles county sanitation district, Hawthorne city recall and Monterey Park city annexation of a portion of Belvedere.

The 28th inst., Beverly Hills city bond election.

May 13, Long Beach city primary.

June 3, Alhambra city general and school and Long Beach city general elections.

Billboard Ban Hearing Planned

The El Sereno Home Protective Association has asked the City Council to adopt an ordinance restricting billboards to industrial areas, and prohibiting them in residential districts.

The Council referred the matter to the City Planning Committee which will conduct a public hearing on the many complaints.

STREET OPENING URGED

The Taxpayers' Protective Association of Watts has asked the City Council to open One Hundred Ninth street across the Pacific Electric Long Beach line tracks. The matter was referred to the City Engineer and to the Street Opening and Widening Committee for report.

NEW STAR IN FILMLAND ZENITH

Dazzling Blond From Broadway Here

Evalyn Knapp

ANOTHER meteoric star of New York's Broadway, Miss Evalyn Knapp, disembarked at Los Angeles Harbor yesterday to join the roll of eastern importations to filmland.

She is a dazzling blond just turned of age, who since she left Kansas City an unknown three years ago, has scaled the dizzy heights in New York to star in "Pet Shop," "Master Sweeper" and other hits.

It is a rollicking role Warner Brothers are preparing for her, that of a sweetheart in "Maybe It's Love," with an all-American football team as amorous swains. "Bill" Wellman will direct the picture, starting the 21st inst. Russ Saunders, former Trojan gridiron star, will be the Southland's only member of the team.

She arrived here aboard the Dollar liner President Adams.

RAIN AGAIN PROSPECT FOR TODAY

Showers May Continue in This Area, According to Weather Bureau

Light rains, which sprinkled coast towns and Los Angeles yesterday, may continue today, according to official forecast last night by the United States Weather Bureau. One hundredth of an inch was registered in Los Angeles, according to official statement, by rain which proved of a decidedly spotty character, some districts receiving scarcely more than a trace.

A low-pressure area swung in from the Pacific Ocean yesterday bringing a light storm with it. The season's total here was boosted to 10.34 inches as against 12.42 inches last year and 14.29 inches normal.

The official forecast is "unsettled Monday and Tuesday with probable occasional showers Monday; moderate temperatures." The highest temperature of the day was 65 deg. and the lowest 57 deg.

Light rains fell in the Imperial Valley yesterday, according to advices from Brawley. The precipitation, however, was not sufficiently heavy to require the removal of sheep and cattle from pastures.

At least one heavy shower was registered in the harbor district Sunday afternoon. In the Baldwin Hills section the showers were frequent during the afternoon. It rained at Santa Monica, .01 of an inch being measured. Light showers fell at Pasadena and at Glendale, but not enough to measure. This condition also obtained at Mount Wilson, according to reports. At Girard .06 of an inch was reported, which was the heaviest downpour reported in this vicinity.

Following is the rainfall, in in-

(Continued on Page 2, Column 4)

Annexing Action Awaits Report

The City Council has transmitted to the Board of Water and Power Commissioners for report the request of Carlin G. Smith that an annexation election be called for the addition to the city of some property adjoining the Tuna Canyon Addition in the Verdugo Hills.

The Council follows this procedure in annexation questions so as to determine the feasibility of supplying the projected annexation with water.

COUNCIL ACTS ON MAPS

The City Engineer has submitted to the City Council the assessment district maps for the improvement of Eastern avenue from Huntington Drive to Valley Boulevard, Reynolds avenue from Mercury avenue to Raynol street, and Grandee avenue from One Hundred and Fourteenth to One Hundred and Sixteenth streets. They all were transmitted to the Public Works Committee.

PERILOUS SPOTS OF CITY MAPPED

Seventh and Broadway Holds Bad Pre-eminence

Still, Odds on Pedestrian Are 8,000,000 to 1

Some Streets Hard on Autos, Others on Walkers

Seven hundred and fifty thousand people cross Seventh street and Broadway each day. One out of each 8,000,000 is injured in a traffic accident before the curb is reached.

Fifty thousand persons pass Soto street and Hollenbeck avenue, each day. Of this number one in each 357,000 is injured by autos crashing.

These two spots head the list of the ten deadliest corners in Los Angeles, according to records compiled by R. T. Dorsey, head of the city division of street traffic signals.

RED RECORD

One hundred and nine accidents were listed on these ten corners during the five months pervious to March 1, last, and 121 persons were hurt, the records show. Since that time Soto and Hollenbeck has added an ambulance crash to its string, as has Pico and Valencia.

Following Seventh and Broadway and Hollenbeck and Soto, comes Fifth and Hill streets and then Washington Boulevard and Vermont avenue. Washington Boulevard and Main street, Florence avenue and Hoover street, Fifth street and Broadway, Pico Boulevard and Valencia streets, Seventh street and Westmoreland avenue and Seventh and Hill streets follow in order, or disorder, rather.

ODDS LONG

"While Seventh and Broadway heads the list in totals," said Dorsey, "yet it is a safe spot, comparatively speaking. Only one out of 8,000,000 is hurt. At Soto and Hollenbeck one's chances are narrowed. One out of each 357,000 car riders is hurt here. No pedestrians have been hurt at this crossing.

"At Broadway and Seventh street in the five months recorded 112,000,000 people made the crossing safely. There were fourteen accidents and fourteen persons injured. In April, however, one woman was killed at this crossing and two more hurt, bringing the total to seventeen accidents to seventeen persons. Most of the accidents here were to pedestrians. It may be necessary to add a third cycle to the crossing signals for pedestrians only, thus eliminating the hazard of pedestrian and vehicular traffic. At Fifth and Hill there were thirteen accidents and thirteen injured. Two autos were in collision here but the other casualties were pedestrians.

CASUALTY LIST

"Twelve accidents were recorded at Washington and Vermont and eleven persons were hurt. Eight were pedestrians. At Washington and Main ten crashes injured eleven persons, six of whom were pedestrians. At Florence and Hoover the autos piled up, all of the ten accidents reported being collisions in which ten were injured. At Fifth and Broadway all but one of nine accidents were vehicles and pedestrians. Thirteen people were hurt. A third cycle for the traffic may be installed here."

At Pico and Valencia the records show nine accidents with eight injured, six being listed as pedestrians. Seventh and Westmoreland rang up nine accidents and eleven injuries in the five months. Seven were automobile mishaps. Seventh and Hill clocked nine injuries and nine accidents during this time.

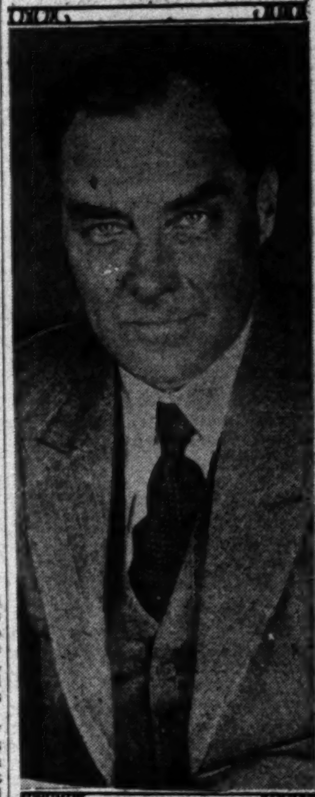
BIRTHS AND BUMPS

"Figures show that there is a child born every thirty-three seconds in America. Records also show that we have an auto smash-up every thirty seconds," said Dorsey. "Our automobile mishaps are more costly than all crime put together.

"I have compiled a table showing that the cost of crime in Los Angeles in the past ten years is $18,170,000. The cost of auto crashes,

(Continued on Page 2, Column 3)

BACHELOR CONSUL SENT BY BRITAIN



Richard Lysle Nosworthy

ENVOY FINDS NEW JOB TO HIS LIKING

Nosworthy Talks of His Work and Looks Forward to Aide's Arrival

BY ALMA WHITAKER

The British government is showing a nice consideration for eligible daughters of the Empire resident in Los Angeles.

For not only is the newly arrived Consul, Hon. Richard Lysle Nosworthy, a bachelor, but his new Vice-Consul, John Bowering, who arrives next month, also is matrimonially eligible. Incidentally, Hon. Godfrey Fisher was a bachelor Consul before them, until Geraldine Mortimer proved the lucky woman.

Mr. Nosworthy comes direct from Germany, where he served Great Britain for three years on the Reparations Commission. Prior to that he was Consul for five years in Turin, Italy. It was at Christchurch, Oxford, that both Mr. Nosworthy and Mr. Fisher received their diplomatic training. In spite of the fact that Mr. Nosworthy was Consul in New York for six years during the war period, his accent is still indubitably Oxford.

He has taken over Godfrey Fisher's house and servants, and so will maintain a bachelor household.

AUTO SALESMEN BUSY

"And I must get a car," he said, "but really, don't you know, it isn't safe to make any inquiries about cars, is it? I mean, I am quite confused with the rush of salesmen. . . .

"There are so many branches of the consular work," he was saying presently, "the political, as appertaining to extradition and passports, the purely local, and trade. Each man is apt to concentrate to a degree on one branch, so I'm inclined toward the trade angle. This is such a remarkable city, with such an amazing future, and that great harbor. . . . I can see immense trade possibilities here between the two countries. . . ."

There are, however, two consular duties which Mr. Nosworthy hasn't quite realized yet . . . the social and the speech-making.

"Oh, yes, the speeches, they go in for that sort of thing, so much

by Harry Carr

THE loveliest thing—and th snootiest—I have seen Mexico was a girl.

She was in the oldest Azt town of Tuxpan where the Au tomobile Club scouting party ha lunch. Every other woman I hav seen in this country rode mod estly and sedately on a sadd that was in effect the old sid saddle of the palfrey of the Mid dle Ages.

But this girl wore gleamin white riding breeches with white silk waist; a cork helm and a red tie. The saddle sh rode was a Mexican stock sad dle with the huge round pom mel. She had a Hollywoo make-up and she was exceeding beauteous to see. Behind h rode a military groom.

She was more up-stage tha Elsie Ferguson. Her glance reste upon us with casual disapprov as one who would say: "Whe did these curious-looking wom come from?"

Her spirited horse shied and with an absolutely expressionle face she cut him with cru lashes of her loaded quirt.

GREETING THE BULL

Here is one that strikes m as being priceless.

I have noticed that at our mu titudinous banquets the orchestr always plays a flourish when o of our orators rises to speak a when he sits down.

The flourish of distinction go oop oop doodley—oop-oop-oop.

Having received a couple o doodley oops I felt immensel flattered—until I found where th music came from. It is the flou ish they play at bullfights whe the bull comes in.

A SWELL PARTY

Last night I went to swell bachelors' party to say fare well to a young bridegroom abou to be married to a belle of Tepi

The only thing I didn't fin about the party was the name o the host. Two of us wandere into a hotel attracted by th sounds of music. A long banque table was spread in the pati One of the party saw us an rushed out to insist that we com in. We had a grand time. W toasted the bridegroom in a lan guage he couldn't understand and he replied eloquently in language we couldn't understand

Then they passed around a pa per and we wrote our sentiment thereon. He couldn't read them but he said they were beautifu —which they were—pretty darn beautiful.

At least, he said something an I assume that is what he was say ing.

He asked us what we would lik to have the orchestra play and had the good luck to select Cua tro Milpas—which turned out t be the sort of town song fo Tepic, having been composed b a Tepic boy.

I find that I am a social hi if I don't understand anythin that is being said.

POLITENESS

ERMAN ARGUMENTS DUE

Attorneys to Thresh Out Rearrest Before Court on Return of Habeas Corpus Writ Today

Arguments on charges that Jacob Berman was held in the County Jail without due process of law and that the bail of $250,000 as fixed by Superior Judge McComb is excessive will be heard in Appellate Court tomorrow.

Today Superior Judge Wood is expected to act on the revival of the old charges against Berman, which came about through the replacing of an indictment on the calendar for trial by Judge McComb and his transferring the case for resetting and ordering that Berman be placed in the County Jail in lieu of a bond of $250,000.

Berman was released from his cell late Saturday night on a habeas corpus writ signed by Presiding Justice Works. The chief prosecution witness in the revived and enlarged Julian investigation was given his freedom on his own recognizance after spending Friday afternoon and night and all day Saturday behind jail doors.

The writ granting Berman his liberty was made returnable tomorrow and it is understood that Attorney Christensen, who represents the principal witness appearing before the grand jury in the extensive Julian inquiry, will offer to the court all the facts surrounding the unexpected arrest; the remarks of Judge McComb in reviving the 1927 indictment of forgery and embezzlement and the subsequent state-

FIRST OBJECTOR TO PLEAD

County Deputy Charged With Refusing Census Data Will be Arraigned Today

First to be arrested in Southern California on a charge of refusing to answer a United States census enumerator's questions, Ralph Crossman of Glendale today is scheduled to appear before Judge Killits in the United States District Court for arraignment and entry of plea.

The penalty upon conviction is $100 fine or thirty days in jail, or both. Crossman, who is a deputy in the County Treasurer's tax-inheritance bureau, is charged with having refused to state his father's birthplace, the date of his birth and the date of his marriage. He was released in $50 bail after surrendering.

Two others, accused later, are due to appear in court this week to answer charges of refusing to answer enumerators' questions. They are Mrs. Hattie Potts, 404 Sierra Bonita street, and George Ervin, 8256½ Norton avenue. Commissioner Hand on Saturday released Mrs. Potts on her own recognizance, after she said that she had been too ill to answer the questions at the time the enumerator called.

Census officials yesterday said most of the enumerating has been completed and in many areas complete lists have been turned in, but that two weeks may be required for "mopping up" finals.

According to the reports of the field workers, enumerators are meeting with less opposition since the arrests for violation of the census law.

Policeman with Bullet Through Chest Discovered Dying in Middle of Flower Str

PISTOL MISSING FROM HIS BODY

Officer Believed Victim of Bandit or Rum Gang

Residents Tell of Hearing Shot About 4:30 a.m.

Valuable Clews Lacking in Search for Killers

Victim of bandits or bootleggers whom, it is believed, he had stopped to question, Patrolman Peter Muller, Jr., was fatally shot early yesterday morning.

In full uniform and lying face downward, his body was found sprawled between the street-car tracks in front of 1116 South Flower street. His right arm was crumpled under him. His left hand, outstretched, clutched his flashlight. His revolver was missing. He was still living when found, but unconscious.

Never regaining his senses, he died at the Georgia-street Receiving Hospital a few minutes after he was discovered, unable to name his assailants or give his brother officers any clew to their identity or cause of the shooting. Examination of the body at the hospital showed he had been shot once, the bullet piercing the right lung.

ONLY ONE CLEW

Later, at the County Morgue the bullet was extracted by County Autopsy Surgeon Wagner and found to be of .38 caliber. This leaden pellet, bearing the marks of the rifling of some unidentified weapon, is all the police have as a clew to the slaying.

Information uncovered by Captain of Detectives Bean immediately after the officer died, indicated that he had received his death wound but a few moments before he was discovered lying in the street.

J. J. Stevens, a negro driver of a street sprinkler, said that he passed the spot at 4:20 a.m. and at that time the street was clear. Fifteen minutes later, or exactly 4:35 a.m., he returned with his sprinkler and found the officer.

THEORY OF SLAYING

The theory of the police is that Muller had stopped either a bandits' or bootleggers' automobile and, standing on the running-board with his flashlight and revolver in his hands, was escorting the occupants to the Georgia-street Police Station. In some way one of the occupants succeeded in wresting Muller's revolver from him and fired the fatal shot. The car then was brought to an abrupt halt and Muller either fell or was pushed from the car.

Corroboration of this theory of the slaying was provided by Mrs. B. M. LaFleur, landlady of the apartment at 1116 South Flower street, and Mrs. William Cook, and her daughter-in-law, Mrs. Susan Cook, guests at the place. All three women said they thought they heard a shot. Mrs. Cook and her daughter-in-law both declared that they also heard a car stop and start up again immediately afterward, and heard a gruff voice cry out: "Let's get to hell away from here."

OTHER EVIDENCE

"It sounded," said Mrs. Cook, "just like the gears clashing when a car is started suddenly in second gear. The sound of the shot woke us up and as we rushed to the window of our apartment we saw a black roadster driving swiftly south on Flower street."

The supposition that Muller may have been shot by bootleggers was given credence by the statement of Miss Mildred Tucker, police reporting operator at Georgia-street Police Station. Miss Tucker stated that Muller called in from Ninth and Hope streets at exactly 3:15 a.m. He was due to go on duty and make his first call fifteen minutes earlier.

"I asked Muller why he was late," Miss Tucker told Capt. Bean, "and he replied that he was staking on a bootlegger's car. At 4:03 a.m., when he called again, he said he was still on the car."

Later, however, it was ascertained that between the two calls Muller had ridden around his beat for half an hour with two motor-patrol officers. The latter are to be questioned.

CHECK-UP MADE

It also was learned that Muller, shortly before going on duty, partook of breakfast at a cafe in the vicinity of the shooting. This place, as well as numerous garages and other establishments were thoroughly checked by Capt. Bean and Detective Lieutenants Sanderson and Stevens for suspicious characters and for any information that might have revealed the officer in company with suspects. The search ended in failure as the detectives were unable to find anyone who saw the officer after he had visited the cafe.

That Muller had been unusually active on his beat was shown by an examination of his note book. His penciled memoes showed that he had stopped for investigations thirteen suspects between the time he went on duty until he was shot.

NEW OFFICER

Muller was 28 years of age and lived with his wife at 911 Winfield street. He was a new officer, having been appointed to the force on June 16, 1929. He was detailed out of Georgia-street station on the morning watch.

Within a few minutes after the report of Muller's death was made scores of detectives and uniformed officers took part in a wide-spread man hunt throughout the city. Lacking descriptions of suspects, or any information whatever of how the shooting took place, police pinned their only hope on apprehending the murderer by taking into custody and questioning every suspicious character found on the streets or in places of business open at that hour of the morning.

PAIR QUESTIONED

Shortly after noon a man and a woman companion were held for questioning in connection with the slaying. They are George W. Thompson, 26 years of age, a mechanic, of 1052 South Olive street, and Mrs. Beatrice B. Ferguson, 25, of 1308 South Hill street. Thompson was booked at Georgia-street Station on suspicion of murder and Mrs. Ferguson as a material witness.

Detention of the pair was ordered, police announced, only because Thompson was found in possession of a revolver of the same caliber as that which it has been established killed Muller. In the absence of either clew or witness to the slaying detectives questioned persons in the neighborhood and learned that Thompson had been overheard to remark he owned a .38-caliber gun. They went to his apartment where they found him in company with the Ferguson woman.

Thompson denied any knowledge of the shooting, saying he had put his car in the garage and retired before 1 a.m. His statement about the automobile was corroborated by garage attendants, police said.

Officer Found Sprawled in Middle of Street

POSTAL SWINDLER TO BE SENTENCED

Guy O. Squire, former assistant postmaster of Alhambra, who pleaded guilty to misapplication of about $800 of postoffice funds, is scheduled to appear for sentence or probation today before United States District Judge Cosgrave, sitting for Judge James. The case has been continued from time to time in order that restitution might be made.

BERMAN ARREST WILL BE ARGUED

(Continued from First Page)

ments on the affair as made by Dist.-Atty. Fitts and the grand jury.

While the grand jury will be in special session today, it is not expected that the body will take up any phases of the Julian matters. When the inquiry adjourned Friday it was understood that a further investigation will be made of information contained in statements made by Otto Sanhuber, covering the Oesterreich murder.

The remainder of the grand jury investigation of the Julian debacle will be directed by Dep. Dist.-Atty. Shelley, according to announcement from the District Attorney. Shelley was in charge of the extensive inquiry of 1927 and has been connected with the present investigation under the supervision of Special Prosecutor Stafford. Stafford is now relieved of that duty and will confine his activities to preparation of some two-score cases for trial, all of which grew out of recent grand jury indictments.

PERILOUS SPOTS OF CITY MAPPED

(Continued from First Page)

wherein people were hurt, during the same period amounted to more than $44,000,000.

"Two thousand six hundred and fifty-nine persons were killed in Los Angeles during the past ten years and 86,039 injured—all in traffic. In 1922 35,675 accidents were reported in the city. At that time all accidents of any kind were listed. It became so strenuous that only accidents wherein persons are hurt are now reported to the police."

BRITAIN'S NEW ENVOY SINGLE

(Continued from First Page)

here, don't they? I suppose I shall have to make some. . . . No, I am not apt to take my speech-making very seriously . . . no great message, you know." So he ought to be excellent at the Breakfast Club, which I suggested. . . . "Good gracious, speeches at 8 a.m. . . . can one possibly . . ." he almost gasped.

The new Consul is a bit overwhelmed with the work and will be until his new Vice-Consul arrives . . . "But after that, I am going to try not to let it worry me," he added. "I want to enjoy some camping and mountaineering. The golf, horse-riding and swimming ought to be good, too . . . but, my goodness, are the beaches always so crowded? One can hardly see the sand for people.

"Fisher is going to have a good time in Naples," continued Mr. Nosworthy. "The work isn't half so hard there, yet it's a Consul-Generalship."

FAKERS DENOUNCED

Hon. Godfrey Fisher, who has been promoted to Naples, had probably warned his successor anent the occasional British fake titles, etc., that bob up here so often. "Such a shame to spoof the people here, they are so generous and hospitable," he said. "When Londoners are victimized one thinks it is the Londoner's fault, but to impose on good-natural people like these Californians is an outrage."

Mr. Nosworthy is of about medium height, looks serene and husky, has keen, amused eyes under heavy eyebrows, favors a touch of red in his ties, and is probably around about 40 years of age. And so far, you see, neither the English girl, the German Gretchen, or the Italian flapper, yea, nor even the New York charmer, has made serious dents in his heart.

There are about 100,000 British here, and about 300 eligible maidens, with some twenty-five of these in motion pictures . . . to say nothing of the thousands of American girls with a taste for diplomats.

So he will be glad to see his Vice-Consul, John Bowering, who comes all the way from Magallanes to share the varied consular duties.

BAY CITY GETS VARIETY IN WEATHER

SAN FRANCISCO, April 13. (Exclusive)—Thunder, lightning, hail, rain, cloudy, clear, cool and warm were among the samples of weather experienced by San Franciscans today. No other California community reported such a mixture, according to the local offices of the United States Weather Bureau, which forecasts clearing skies tomorrow.

Most of the precipitation in the bay district, almost a half-inch, fell in the thirty minutes before 8 a.m. The vehicular underpass in front of the Ferry Building in San Francisco was closed to traffic in the forenoon because of its flooded condition.

In sections of the Richmond and Sunset districts the rain turned to hail and rebounded from streets and buildings for about ten minutes. Several loud peals of thunder, which followed flashes of lightning, woke many who were enjoying their usual Sunday morning sleep.

Heavy showers and wind squalls continued tonight over the greater part of the northern tier of counties.

Following is the official rainfall table for Northern California for the twenty-four hours ended at 5 o'clock:

	Last 24 hrs.	Seasonal to date	Seasonal last year
Eureka	.34	20.22	25.65
Red Bluff	.04	15.99	14.03

ABUSE WINS DIVORCE

Fred A. Palmer, electrician, kicked his wife out of bed and made her sleep on the floor, according to Mrs. Charlotte Palmer's testimony in Superior Judge Schauer's court where she was granted a divorce. Mrs. Palmer also asserted that her husband called her bad names, and struck her on the head. The couple were married in 1923, and separated seven years later.

SANHUBER PLEA UNDETERMINED

Attorney May Not Permit Guilt Admission

Insists on Full Inquiry as to Responsibility

Mrs. Oesterreich Will be Questioned Today

In the face of reports that Otto Sanhuber, "attic man" who confessed the slaying of Fred Oesterreich eight years ago, will accept a possible opportunity to plead guilty to second-degree murder, Earl S. Wakeman, Sanhuber's attorney, said yesterday that he is not yet certain he will allow his client to plead guilty on any count. Sanhuber was indicted on a first-degree charge last Friday and is scheduled to plead on that charge before Superior Judge Wood today.

Although the only alienists who have examined Sanhuber have stated that he is not insane, Attorney Wakeman said he is convinced that his client is mentally subnormal. He repeated his previous assertions that Sanhuber was not entirely responsible for any of his acts, including the slaying, and insisted that the grand jury should sift the entire case to the bottom before any attempt is made to attach the sole guilt to the "attic man."

WIDOW MAY TESTIFY

The inquisitorial body is scheduled to resume its investigation of the case today, with the widow of the slain man as the chief witness, but no decision has been reached yet by her attorneys, Jerry Geisler and Meyer W. Willner, as to whether or not she should again stand on her constitutional rights and refuse to testify. They will confer on the matter this morning with Dist.-Atty. Fitts, Willner said yesterday. The grand jury, it is believed, will also investigate assertions made by Wakeman concerning events subsequent to the murder, in which the name of a local attorney figures.

In his remarks yesterday, Attorney Wakeman pictured his client as a man more sinned against than sinning. He asserted that, while the public has come to know Sanhuber as the "attic man," it would be more appropriate to refer to him as an "attic slave."

ENSLAVEMENT CHARGED

He pointed out that the mild and inoffensive-looking little janitor was virtually a child when he first went to live in the attic of the Oesterreichs' home in Milwaukee in 1911. From that time until the night of the murder in this city eleven years later, Wakeman asserted, he was shut away from all human companionship, being in effect kept a prisoner in the attics of the two houses in which the Oesterreichs lived during that period.

Wakeman derided the thought that Mrs. Oesterreich had been in any sense a benefactress of the young dweller in her attic and insisted that the peculiar living arrangement had not been continued for so lengthy a period because Sanhuber had willed it so. In effect, he said, the arrangement was an enslavement of the attic dweller.

When Sanhuber is arraigned today, his defense will be augmented by Orville Rogers, who was asked yesterday by Wakeman to become associated with him in the case.

WILL STORY SCOFFED

The assertion made on Saturday by John L. Oesterreich of Pasadena, a brother of the slain man, that the latter left a will bequeathing various amounts to two brothers, a sister and former employees, was flouted yesterday by Attorney Willner, who said he had been authorized by Mrs. Oesterreich to say that she is totally unaware of the existence of such a will.

The attorney pointed out that the will under which the widow inherited all of the slain man's property was probated in this city about seven years ago by the firm of O'Melveny, Tuller & Myers and that it was a reciprocal will made by both husband and wife in which they both bequeathed all of their property to each other. He said that the widow's inheritance of all her husband's property was due to his recognition of the fact that she had aided him in building up his fortune, working by his side in their early married life in the apron factory which was the foundation of the fortune.

THE LANCER

(Continued from First Page)

socially—even the peons. To exchange greetings with a mule driver at the roadside is a charming experience. If you fail to devour some dish at dinner, the waiter looks as though he were going to faint or commit suicide, or both. Thereafter, he examines you and the dish with watchful care at each course. And it is no use to try dodging any of the courses. He brings them anyhow, excitedly insisting that each one is very, very good.

BEING A GENERAL

I don't know that I am so hot about being a Mexican general after all. One has the next room to me. When he is in the patio, his orderly stands on the balcony above where he can watch everybody with two loaded automatics and goes to sleep with the same artillery on a mat in front of the general's door.

IMPROPER LETTER SUSPECT ARRESTED

John Mize was under arrest yesterday on a charge of having sent an improper letter through the mails. It is charged he sent the letter to Mrs. W. P. Hughes of Glendale. The case has been under investigation by postoffice inspectors for several days.

FIGURES ON DAM COSTS DISCLOSED

Totals for San Gabriel and Big Dalton Projects Furnished by Eaton

A total of $4,662,535 of the $25,000,000 bond issue voted for the San Gabriel high dam project had been spent by the county up to the time the site was condemned and abandoned, according to figures on file at the office of Chief County Flood Control Engineer Eaton.

The figures also disclose that $1,144,818 has been spent on the Big Dalton dam, now under construction. This project was begun in February, 1925, and work was temporarily halted in April, 1927, when poor rock conditions were found at the site. Another site, 400 feet above the abandoned location, was then selected, as it was determined that the cost of the dam at the original location would have been excessive.

With the $20,000,000 of the San Gabriel bond issue that is still left in the county treasury it is proposed to build a number of substitute dams in the upper reaches of the San Gabriel watershed. Engineer Eaton now is conducting a survey to determine if there are any available sites for such dams.

Phi Delts to Commemorate Founders' Day

Commemorating the founding in 1848 by six young men at Miami College, O., of a college fraternity now numbering ninety-six chapters and some 20,000 living members, local alumni and undergraduate bodies of Phi Delta Theta Fraternity will hold their annual founders' day exercises in University Club banquet hall Wednesday at 6 p.m.

Gov. Young and Chief Justice Waste will be chief speakers. The active chapter from University of California at Los Angeles will attend in a body and will provide the entertainment part of the program. Additional speakers will be Judge Henry M. Willis and Attorney Marion P. Betty.

Charles E. Brown, former province president of the fraternity, is head of the Los Angeles Alumni Club. Vernon Day, secretary, is in charge of reservations.

DR. GUY FUNERAL TODAY

Funeral services for Dr. Walter Perry Guy, Los Angeles physician, who died the 3rd inst., while seated in his automobile at a parking station in Acton, will be conducted at 10 a.m. today at the Wee Kirk o' the Heather, Forest Lawn Memorial Park. Cremation will follow.

NEW ICE REFRIGERATORS FOR OLD ICE BOXES . . .

OUR old ice box should be replaced at once with one of the remarkably efficient new ice refrigerators—modern in design and beautifully finished in gleaming white or pastel shades—an adornment for your kitchen.

These ice refrigerators are scientific in construction and insulation. Columbia University cooperated with the manufacturers in designing some of them. They provide generous storage space and amply low temperatures (less than 50°) yet use surprisingly little ice. See the new one-door boxes, latest development in ice refrigerators.

The Union Ice Company sells ice refrigerators on easy terms—and will make a generous allowance on your old one. And the best news of all is the low prices, for, by buying in immense quantities they are able to offer 1930 models at $30 to $70—about half what you paid for your old style ice box.

Ask about them today. Remember, only ice gives constantly circulating clean, washed air that carries away odors and impurities, and preserves the freshness of food.

DRIED FOOD — UGH!

If you want to keep your foods flavory, sweet and juicy — your salads crisp and green — don't be tempted to buy a substitute for ice refrigeration —or you'll surely regret it. Only ice refrigeration keeps food at its best.

BUDGET WORK STARTS TODAY

City Departments Ask Total of About $30,000,000

Mayor and Aides Ready to Wield Pruning Knife

Final Estimate Expected to be Considerably Less

Although no exact tabulation has been made of the budgetary requests of city departments for the fiscal year beginning July 1, the requests of all the departments included in the general governmental budget have been submitted to Roy L. Knox, director of the Bureau of Budget and Efficiency, who said the total roughly about $30,000,000. The general governmental budget does not include the budgets of the departments having independent funds, such as the Harbor, Water and Power, and Park departments. It is prepared by the Mayor and Director Knox, with the assistance of a representative of Controller Myers's office. For the current fiscal year the general governmental budget amounted to [illegible] and it is estimated that after the three officials mentioned go over the departmental requests, Mayor Porter will submit to the Council a budgetary figure approximately the same as this year's.

The Mayor must submit the budget by June 1 and he will begin work on it today at a conference with Director Knox. Subsequently conferences will be held by the two officials with the officials of the various departments at which the latter will explain their requests. As material for the preparation of the budget Controller Myers is expected to submit to the Mayor within a few days a report on estimated revenues of the city departments.

Scout Exposition to be Opened by Mayor Porter

Mayor Porter will deliver an address of welcome to visiting delegations, friends and supporters of the Scout movement at the opening of the third annual Boy Scout exposition and circus in the Shrine Auditorium this afternoon. C. J. Carlson, regional executive in charge of Scout work in the western region, and E. B. De Groot, Scout executive of the Los Angeles Council, Boy Scouts of America, will present the Mayor. They will be present during the three afternoons and evenings of the exposition and circus to direct the activities.

All Boy Scouts in Southern California will be admitted to the exposition free this afternoon. A prepared motion picture will be shown. This evening Maj. Frederick R. Burnham, explorer and adventurer, will present membership cards and administer the oath to 600 rookie Scouts recently enlisted in the organization.

Scout troops from over the entire Southland will be in attendance.

Left to right, Maurice Pereles, president Foreign Advertising and Service Bureau, Inc., sponsors of flight, Lieut. Will W. White and Lieut. Clement McMullen, pilots. Below is facsimile of "The Times" copy with stamps certifying its arrival.

After flying from New York to Buenos Aires, Argentina, in the record time of 5 days, 5 hours, a copy of The Times was returned here yesterday, its front page stamped with certifications of the 7000-mile flight. The certifications were made in the Buenos Aires office of the Foreign Advertising and Service Bureau of New York, sponsors of the flight. This copy of The Times accompanied the flyers, Lieutenants Will W. White and Clement McMullen, as a souvenir of the flight, which was dedicated to the important papers of the world.

On their intercontinental hop carrying The Times, the pilots shattered all existing records between New York and Buenos Aires and intermediate points. From Newark Airport to Miami, Fla., the flyers reduced the flying time three hours. For the first time in history a land plane conquered the treacherous air currents of the Caribbean. Other records were made along the route from Miami to Panama, to Santiago, Chile, to Buenos Aires.

Crossing the Andes the flyers encountered peril. Fog blinded their observation, forcing them to ascend to an altitude of 21,000 feet. They flew over arid deserts and steaming jungles to demonstrate that long-distance flights between the two Americas are practicable.

For this flight Maurice Pereles, president of the Foreign Advertising and Service Bureau, chose Lieut. White, a specialist in flight tests, who had 1800 flying hours to his credit and who had proven his ability to meet an emergency recently by making a parachute leap from a disabled plane. Lieut. McMullen, who is credited with more than 3000 flying hours, was granted a leave of absence from the United States Army to act as copilot on this pioneering flight.

LATEST UNIT OF LIBRARY CHAIN READY

Branch at Los Angeles High School Park to Be in Operation Wednesday

Completion of the Memorial Branch Library at 4625 Olympic Boulevard is announced by City Librarian Perry, and book service will be begun on Wednesday at 9 a.m. This is the fortieth building in the Los Angeles library system, which includes forty-nine branches.

The Library Commissioners acknowledge the generosity of the student body of the Los Angeles High School and the City Park Department in permitting the erection of this building in the park dedicated to the memory of high-school students who lost their lives in the World War. A memorial window, given by the students, is the main decorative feature of the building, which was designed by Architects John C. Austin and Frederick M. Ashley in the style of the high school. The building, constructed of terra cotta and brick, and equipment, cost approximately $46,000.

Formal dedicatory exercises conducted by Orra E. Monnette will be arranged for the evening of the 29th inst., when faculty and students of the Los Angeles High School and community members will assist in the program.

ANDRADE SHOOTING TRIAL DUE

Rich Land Owner Charges Woman Waylaid Him in Murder Attempt

Mrs. Helen Lois Andrade is scheduled to go to trial before Superior Judge Wilson at 10 o'clock this morning for an asserted attempt to murder Albert F. Andrade, wealthy land owner, on the night of December 12, 1929.

Andrade charges Mrs. Andrade fired five shots at him in front of his home, 206 North Palm Drive.

According to Andrade, she waylaid him as he was returning to his home. Screaming that she would "get even" with him, Mrs. Andrade began firing while he ran inside the house, closed the door and called for police.

Mrs. Andrade was arrested a short time later at the home of a friend at 2219½ Ocean avenue, Santa Monica.

It was considered probable yesterday that Jud Rush, attorney for the defendant, will ask for a continuance of the trial because of other court matters in which he is expected to appear this week.

COUPLE MARRIED AT CULT HEADQUARTERS

Miss Stella L. Bartlett became the bride of Irwin Segbarth at the Unity Truth Center, 337 1-2 South Hill street, yesterday afternoon in the presence of more than 300 members of the congregation and friends. The ceremony was performed by Rev. J. Snape, pastor of Temple Baptist Church. The bridesmaids were Misses Glenna Bartlett, Cora Segbarth, Mary Liddecoat and Evelyn Alger. Robert Saunders was best man.

Sim Grabill says: With a good teacher it's easy for most any of us to learn to use a tool properly—but real credit belongs to the man who invented and made the tool.

Dogs Get Goat of Pasadenan

The dogs out east of town have got the goat of T. L. Hills of 2186 Glen avenue, Pasadena.

And this statement is no idle jest, according to a letter Hills addressed to the Board of Supervisors, and in which he asks that the dogs be abated as a nuisance.

In his communication Hills declares he was the owner of a goat, which was minding its own business as any well-behaved goat should do, when along came the dogs and beset said goat with great viciousness. He asserts he called a deputy sheriff, who chased the dogs away, but the canine pack later turned and wrought such havoc with the goat that the animal had to be killed.

In addition to asking abatement of the dogs, Hills requests that he be paid reasonable damages for the loss of his goat. The matter will be presented to the Supervisors at their meeting today.

Candy Candle Holders

Use marshmallows on top of the youngster's birthday cake as holders for the candles. They are very attractive and each kiddie is delighted if his piece of cake holds a candle—and a marshmallow.

Bad laws, if they exist, should be repealed as soon as possible; still, while they continue in force, for the sake of example, they should be religiously observed.

—Abraham Lincoln.

Today's Bible Text

Let us therefore follow after the things which make for peace, and things wherewith one may edify another.—Romans xiv, 19.

SOUND

America is basically sound, says Roger Babson. Having listened over the radio, others of us are gradually coming to think the same way about it.

BOILED DOWN

Coolidge is trying to boil down our history in 500 words for that rock mountain in South Dakota. And yet it won't be hard-boiled history.

WANTED—A WAR

A Los Angeles man is the proud possessor of a submarine chaser purchased from the government for $4000. Now all he wants is a war.

NOT ALWAYS IN HOLLYWOOD

Famous prima donna, when asked her views on the long skirt, declared, "They at least hide the twisted stocking seam that men hate to look at."

NEED RELINING

University of West Virginia professors have discovered that the heart has a "brake." We must judge by the divorce court news that a lot of hearts are of the flivver variety.

SLAP

A woman of Scarborough, Eng., slapped another on the back with such force that the slapped sued the slappee and collected $335 damages. This ought to be a lesson to a man we know.

SHIRTS AND SHORTS

If the tennis styles for women shown at the fashion review of the garment retailers at the Hotel Astor in New York are to be the prevailing modes this summer, the court game probably will require football stadia to hold the crowds.

WHOSE OX?

Former President Coolidge says that the duty of citizens to uphold the Constitution and the laws (referring to the liquor problem) "can only be denied by an appeal to anarchy." And yet there are millions of Americans who would hate to be classed with Emma Goldman.

"PURIFIED AS BY FIRE"

Once Philadelphia had a dumping ground, known as "The Neck." Factories giving forth unpleasant odors were assigned sites there, and a judge once ruled that "The Neck is the place for smells." Then came the war, the necessity for ships, and Hog Island became famous. The marshes were filled, the land reclaimed, and now the place is to be the world's greatest air-marine-rail terminal. The ill winds of the days that brought the Vares into rule in South Philadelphia have blown some good after all. But it took a World War to do it.

CUTTING IN

"Cutting In Is a Driving Sin" is said to be the slogan adopted by the State constabulary of California for April. Cutting in is one of the menaces of the highway. It is peculiarly the sin of the speed demon. He rages around in a desperate hurry to reach nowhere and endangers the lives of the careful.

The law says that any vehicle overtaking another vehicle proceeding in the same direction shall pass at least two feet to the left thereof, and shall not again be driven to the right side of the highway until reasonably clear of such overtaken vehicle.

He shall use his warning device before he attempts to pass and shall not pass then at an intersection or anywhere else where the highway is obstructed to the driver's view for 150 feet.

Keep clear or be tagged!

Our police are so gentlemanly that we are given ten days of grace the first of the month to acquaint ourselves with the law. Possibly they want to give us a sporting chance.

And yet the public becomes numb to these preannouncements of law enforcement. "Barking dogs do not bite." The motor public knows that it is just a spasm of virtue that has seized the constabulary. Tipping off the public before tagging may seem to be kindly. But the careless crowd that flagrantly breaks laws regularly will not be greatly affected by this spring fever of enforcement.

THE TOURIST BUSINESS

The opening of another summer tourist season in Southern California gives point to a survey recently completed by the All-Year Club of Southern California. This survey, or analysis, of the Southland's growth and income will be an eye-opener for those who have regarded the tourist as an incidental source of prosperity. This was true in 1920, perhaps, the year before the All-Year Club was organized and its advertising campaigns were begun; but things have changed since then.

The net income of the Southern California of 1920 had as its largest item a mineral production of $172,000,000. Manufacturing was the next most important; its net was estimated at $158,000,000. Third was agriculture at $152,000,000 and the tourist traffic was a bad fourth at $62,000,000. These figures were drawn from government estimates. But by the end of 1928 a different picture was presented. The Eberle Economic Service report for these same ten southern counties for that year showed that manufacturing had pulled far ahead of mineral production and tourist income ahead of agriculture. The Eberle totals for net income for 1928 credited manufacture with $613,000,000, minerals with $396,000,000, tourists with $317,000,000 and agriculture with $255,000,000.

It is the rate of growth that is most interesting. Agriculture increased nearly one and two-thirds times; mineral profit two and one-third times; manufacturing profit nearly four times, and tourist profit more than five times!

In the belief of the All-Year Club—a conclusion difficult to escape after an examination of such figures as these—there is a direct relation between industry and tourists. "It is definitely established," declares the club, "that industries follow markets. Markets are people—buying power—not geographical areas. Southern California having no sizable market ten years ago had to build one in order to secure industries. Southern California builds its market according to a simple formula. Through advertising it secures over 1,000,000 tourists annually. These tourists spend here over $8,000,000 a week. And each year 100,000 of them return to become residents and permanent consumers."

That this tourist business is built on advertising is shown by the contrast between 1921, the year in which the club organized, and 1929. Of the 250,000 tourists of the former year, 75 per cent came for the winter season. Last year, there were 1,066,722, of whom 35.8 per cent came in winter, 53.5 came for the summer and 10.7 spent most of both seasons here. The average stay and average expenditure of the winter as contrasted with the summer group is not known as a whole, but the club obtained figures from 2710 with whom it has corresponded. Among these, the average winter stay was 52.6 days, the average summer stay 16.2 days, the average summer and winter stay 98 days. For forty years before the All-Year Club took hold, all efforts to build up a summer tourist business through "free publicity" had failed. It was paid advertising that turned the trick.

This advertising, placed in selected mediums, has drawn tourists from a better-circumstanced class than formerly came to California. The average annual population increase in Los Angeles county from 1910 to 1920 was 8.6 per cent, the average annual increase of wealth 7.4 per cent. From 1920 to 1930 population increase is figured at 14.8 per cent annually and wealth increase at 24.5 per cent. In other words, before 1920 population increased faster than wealth; since 1920, wealth has increased faster than population. The average cost of the home built in 1921 and 1922 was $2422; the homes built in 1928 and 1929 cost an average of $3865. It is not true, therefore, that this advertising brings the unemployed and indigent to California, as has sometimes been charged. Further proof is given by the charity tax rate, which is $1.46 per capita in Los Angeles, $1.78 per capita in Detroit and $2.58 per capita in Boston. New York spends $1.04.

The tourist in Southern California spends 11.2 per cent of the money received by retail trade. On the average, local employment is furnished to one resident for each five and a half tourists. Investment of new money in California directly attributable to tourists amounts to $125,000,000 yearly. The gas tax contributed by tourists in 1928 amounted to $1,078,951, all of which went to the improvement of California roads. The tourists spent here a grand total of $418,526,392 in 1929—approximately 10.5 per cent of all the money spent by American tourists in Europe, Canada, Florida, New England, the Mountain States, the Gulf States and elsewhere, which is estimated at $4,000,000,000.

These are the high points of the All-Year Club's argument for continuance of its advertising campaign. There can be no doubt it has proved its case.

BLUE MONDAY

The Northeast Los Angeles Optimist Club has changed its day of meeting from Wednesday to Monday to rout Blue Monday. There may be causes for the blues; but so much the more Monday needs the needle. An optimist is the proper party to attend to it.

The head of the Oregon State Board of Health, Dr. Strickland, says that both giggles and guffaws are good for the heart.

The superintendent of a Berlin hospital declares that laughter has a distinct therapeutic value. Now we are willing to forgive him all he has said about spinach.

But while the physicians and optimists are trying to stem the tide of pessimism, the song writers who ought to be joy-makers of the earth are specializing on "The Blues." Our homes are filled with moans and groans. You cannot dial out of a funeral cortege. All the announcers have turned undertakers. There seems little left but suicide.

But brighten up Monday, and Tuesday may catch the infection. Wednesday may begin to grin. Smile, and folks will not think you have water on the carburetor.

Wrinkles come from being too little for your skin. A man's hide is stretched over his character. It is better to be too big than too little for your skin. If you begin to shrink, your hopes need enlarging. Don't take yourself too seriously. You may lose your balance and fall off. The smile that won't come off has its roots deep down in the liver—and conscience.

Your face may be done by one of the old masters; but moonshine is just stove polish. The man who puts on a false face to meet you is a highwayman: he is trying to steal your good opinion.

Don't deliver your goods in a hearse. It is bad business, unless you are a mortician. The comedy wears a longer queue at the box office than the tragedy. Let the comedian do your face lifting. Too many tears dissolve even the marriage tie. When the doc makes medicine candy, it is fun to pay his bills.

Dry up! Too much of this earth is salt water now!

THE SAFE WAY

Now that vitamin G has come to upset all the menus and Dr. Sherman says another vitamin is hiding behind that, it will appear to be safest to play the game of the man who tells us to eat everything, moderately. But what a bonanza G will prove for the quacks who have been starving since the demand for monkey glands has fallen off.

THE CAT

By James J. Montague

The cat is haughty and aloof
And thoroughly affection proof.

From man he takes his daily food
Without a thought of gratitude.

Although he possibly will purr
If you should stroke his silken fur,

You see in his cold, distant glance
That this is only sufferance.

Though oftentimes he catches mice
They're not intended as the price

Of care and food bestowed by you—
It merely is his nature to.

He is a member of a clan
Which gazes down, not up, at man.

Serene and distant, proud and cool,
He takes no orders, minds no rule.

And to his cold and loveless heart
Will come no grief if you depart.

No kindly sentiments inspire him,
Yet I confess that I admire him.

The LEE SIDE o' L.A.

BY Lee Shippey

WE KNEW a go-getter who, a few years ago, made up one of the most poetic Indian legends we ever heard—just in order to advertise a subdivision. And we told once before of the enterprising realtors in a certain lovely valley who got up an Easter sunrise service in order to "open a subdivision with prayer." Another nice way to have visitors from far and near come and see how attractive your community is, is to have a historic pageant.

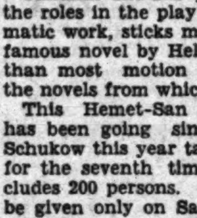
RAMONA PAGEANT AT HEMET

But Southern California really has the magical background, the original locale, for some historical pageants which are important additions to our educational and cultural activities—as well as having among its citizens an exceptional number of outstanding pageanteers. And the Ramona pageant at Hemet is one of those deserving perpetuation.

The Ramona pageant is given in a historic setting. Ramona's grave is in the Cahuilla Indian reservation near by and at Juan Diego Flats, in easy reach, is an adobe hut in which she is said to have lived. The remains of "Aunt Ri's" home, destroyed by earthquake, is in San Jacinto. A quadruple swastika rock, engraved by prehistoric Indians, is only two miles from Hemet; Massacre Canyon, where the Temecula Indians massacred the Ivah tribe, is not far from the scene of the festival, and the Casa Loma ranch house, built by the Indians of San Luis Rey Mission, directed by the padres, 150 years ago, is one of the most interesting adobes in Southern California.

Cahuilla Indians portray many of the roles in the play which, as a dramatic work, sticks much closer to the famous novel by Helen Hunt Jackson than most motion pictures stick to the novels from which they are taken.

This Hemet-San Jacinto pageant has been going since 1923. Dorise Schukow this year takes the title role for the seventh time. The cast includes 200 persons. The pageant will be given only on Saturday and Sunday afternoons, April 26-27, May 3-4-10-11.



History Repeats

Lee: On The Times financial page I note, in an exclusive New York dispatch, that "new financing offered included 130,000 shares of Judea Life Insurance Company stock, tendered by Moses & Co." Shouldn't be any "red sea" perils about that.—W. H. C.

The Way of Assumers

Leeway: I understand that the original Spanish names of Los Angeles, Ventura and many other Southland cities have been greatly shortened by the Americans. So I assume that the original name of Santa Monica was Santa Harmonica?—Ernest Dubb.

Lo, the Poor Poets!

Spring, as usual, is inspiring many poets—and yet the whole world loves spring! One entrant in our April po'try contest writes of his spring fever:

I'm a lazy, shiftless man, but I never worry;
Always keep away from crowds that seem in a hurry.
Man has money, then he'll worry—by his greed he's driven—
An' he never seems to know just the joy o' livin'!

When I'm cold an' hungry, though, then some work I'll do,
But with the spring sun shinin' bright, flowers of rainbow hue
Come a-peekin' through the sod, seem to nod an' smile,
Then I don't want any job, not for quite a while.

They can keep their money then, I am not a-carin',
Sittin' here an' listenin' to the birds a-pairin'—
But the worried moneyed man who by greed is driven
Doesn't ever know the joy I find in simply livin'.

C. F. V.

A disabled veteran, who used to be a cowpuncher, sends us this from Wendon, Ariz.:

The Trail of the Rio Grande

The scent of the sagebush is in the air,
And the bloom is gone from the prickly pear.
The chuck wagon rattles with the pots and pans,
As the herd moves on to the Rio Grande.

The white rocks bleach in the morning sun,
And the curlew calls 'fore the day's begun.
The clicking of horns and the switching tails,
As we follow them on down the dusty trails.

The sound of the hoof beats upon the sand
As the herd plods on toward the Rio Grande.
The jingling spurs, like a silvery bell,
And the brown thrush sings in the chaparral.

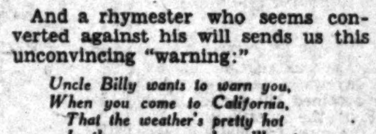
The hurling rope and the plying quirt,
And our throats are sore from the dust and dirt.
With cowboy songs and a sharp command
We move on slow toward the Rio Grande.

G. P. FOREMAN.

And a rhymester who seems converted against his will sends us this unconvincing "warning:"

Uncle Billy wants to warn you,
When you come to California,
That the weather's pretty hot
In the summer, and you'll not
Need clothes, only to adorn you.

Then again, this may concern you:
I have found the sun will turn you
Out a handsome coat of tan
If you're that kind of a man;
Otherwise, 'twill simply burn you.



But I'm pretty sure you'll like it,
For the chances are you'll strike it
When it's fine to take a dip,
And be glad you made the trip
Even if you have to hike it.

UNCLE BILLY.

WHAT OTHERS THINK ABOUT IT

REPORT ON RELIGIOUS PERSECUTION

[New York World]

The report on religious persecution in Russia submitted to the American Committee on Religious Rights and Minorities offers a platform on which all believers in religious liberty can stand. It is completely dissociated from political bias and from the effort in many parts of the world to use the religious crisis as a pretext for repeating the terrible errors committed by the interventionists of 1919-1920. The report recognizes the historical circumstances which account in so large a measure for the connection in the Russian mind between the orthodox church and the Czarist regime. Finally, the report makes a moving and noble confession that in regard to religious intolerance no country is completely without sin.

On that basis the protest of the committee is one with which every fair-minded man can and should associate himself. The sincerity of this protest is beyond dispute. The evidence to justify this protest is beyond dispute. The rulers of Russia will find in this report, so studiously understated, so full of the spirit of that tolerance which it calls for, as accurate a view of the judgment of the civilized world as they can hope to find.

ONE UNIQUE SPECIMEN

[Montreal Star]

There is a gentleman named Dyer serving as a more or less humble Congressman in Washington whose name should be preserved in the annals of legislative bodies all the world over.

Some years ago Mr. Dyer introduced a bill making it an offense punishable under Federal law to transport a stolen automobile across a State line. Neither he nor his colleagues apparently thought the matter out very carefully, and the bill became law. There were 2123 convictions under the Dyer law last year, a large number of them for such minor offenses as joyriding, and one-third of the time of the Federal Bureau of Investigation was taken up in the chasing of such offenders.

There is nothing very remarkable in the fact that a piece of half-baked legislation does not work the way it was supposed to; it happens everywhere, not excluding Canada. The really remarkable thing is that the author of the law in question admits that he was all wrong. This year he has introduced another bill to repeal his previous effort.

The name of Dyer will never survive as a great lawgiver, but it ought to be immortalized as that of a member of an elective body dependent on votes for re-election who has been willing to admit that he made a fine, big blunder and to do penance therefor in the most effective way. Here is one popular representative at least who is not, by his own admission, infallible.

ANYWAY, THE CATS ARE A FAILURE

[Kansas City Times]

Health authorities of Lisbon, Portugal, have begun a campaign to destroy the stray cats with which the city is overrun. Our first impulse to intervene on humane grounds is overridden, however, by the last sentence in the Lisbon dispatch. "The city's next goal," it says, "is riddance of a plague of rats."

Evidently the cats have failed in their duty. Either they are lazy or the rats have bought them off. Let them die.

PROPHECY---AND FULFILLMENT

I

BY FRED HOGUE

All prophecy is based on a recognition of foreordination, predestination, that aeons before the material manifestation it was all written; that we are but actors on a stage, however great, however small; that we have no volition to chose our roles, but only recite lines and enact parts that a higher consciousness and a higher will have distributed to us.

Fundamentally, this is a denial of the existence of good and evil, as acts emanating from the human will. None of our acts is meritorious, none is condemnable; for each is the expression of a higher will, not of our own.

For the future to be read, it must first be written. Whatever I have done, I could not have done differently. If I have succeeded, it is because I was predestined to succeed. If I have failed, it is because I was foreordained to failure. For one who attaches to this belief, wars and maladies were ordained to prevent the little lump of mud to which we cling from becoming overpopulated. Wars, having served their purpose, are passing and their function is now performed by the airplane and the automobile.

Political parties were ordained to relieve us of the mental exertion of thinking, to check the deleterious effect of independent opinion. To what follies humanity has been led in trying to pass from what happened to why it happened!

Yet all science, all philosophy, is based on observation and reflection, on tracing the relation between cause and effect.

Some one has written that doubt is the beginning of wisdom; but he could have written with equal truth that doubt is the beginning of folly; for the fallible human mind is as prone to doubt truth as error. We ask truth to be consoling and when, as so often happens, it is tragic and depressing, we turn from it with a shrug to embrace some delectable folly.

Since the beginning of time, every people has had its seers and prophets; has placed its faith in dreams, prophetic words, oracles; in deities who are the arbiters of happiness and misery, who can be propitiated or offended. They demand that these prophets shall peer into the future, and choose for them the path that leads on to fortune.

Foresight is not enough for the prophet. He must be able to use a magic that will influence the future. He must propitiate offended deities; must implore, must entice them to favor his people and to open the vials of infinite wrath on the enemy, who is always the neighbor. His serpent, like the vivified staff of Aaron, must be able to devour all the others.

So, in the popular prophecies among most peoples, predestination has no part. The invisible higher power did not ordain all in the beginning. Its schedules are subject to revision. It listens to the voice of the insect prophets on the earth; it inhales the savory—at times very unsavory—odor of their sacrifices; it yields to supplications; it is subject to cajoleries and flatteries; it smiles or frowns at the behest of human will.

And the prophet, the magician, who is able to direct the divine lightning, must himself be propitiated. To awaken his wrath is to awaken the wrath of his divinity. When he frowns, the heavens frown; and when he smiles the heavens smile. His blessing is the blessing of his deity; and from his curse there is no appeal.

Every people, every tribe, has had its prophets, its magicians or its medicine men, has had those who could hold high converse and communion with the invisible powers that make and order all. To believe that certain creations of nature possess supernatural powers, is a trait, perhaps a folly of the human race. That belief is universal, for it is found, or has been found, wherever human creatures assemble.

For prophecy fulfilled, India turns to the Veda, China to Buddha and Lao-tse, Japan to Ise, Jewry to the Talmud, the Mohammedan world to the Koran, the Christian world to the Bible. These are only a few of the main currents of human thought; there are scores of tributary streams. Every people, every tribe, points to prophecies fulfilled, as an earnest of other prophecies still waiting fulfillment.

Despite the progress of science and philosophy, the thirst of human beings for prophecy is insatiable. Last to disappear in the ruins of vanished civilizations are the foundations of the temples, the shrines and the sacrificial altars. Superstitions seem to live when all else is dead.

Despite the popular conception to the contrary, there are errors as tenacious as truths, as deeply rooted in human thought. I have visited many countries; I have sailed on all the seas; but I have never visited a single community where the populace did not cling to pleasing fallacies and turn their backs on unpleasant truths.

I chant with Tennyson:

"Yet I doubt not through the ages
one increasing purpose runs."

How can I believe that the solar system, including the earth, was created by chance and maintained by the chance action of blind, unintelligent forces, when I have never found, either in my own experience or in history, anything worth creating or maintaining created or maintained by chance?

How can I believe that the power that created thought is itself incapable of thought?

How can I believe that the power which implanted love in the human heart is not itself capable of love? For how could aught, natural or supernatural, impart what it did not possess?

I have little patience with those, in Russia or elsewhere, who paint the author of the Sermon on the Mount as a charlatan.

Cosmic harmony is everywhere evident, in the movement of the planets, in the process of the seasons. How can one mentally honest profess to believe that cosmic harmony is the product of cosmic chaos?

The universe runs on schedule time. It is the model on which all our modern transportation systems are fashioned. How can I conceive that the cosmic system is not directed by a master mind, and that this master mind has not a clearly defined system for transmitting its instructions to its trainmasters and division superintendents?

While I cannot prove, you cannot disprove that the planet on which we dwell possesses an individual consciousness; that it is aware of the liberties human insects are taking with its surface. Perhaps it fosters them for purposes of its own. Perhaps it only tolerates them, as a dog tolerates fleas.

This whimsical conception simply illustrates how narrow is the path and slender the thread of human knowledge; how quickly we pass from the known to the unknowable.

We cannot even define the demarcation between prophecy founded on fetich and prophecy founded in knowledge. We have come to recognize that there are natural laws that cannot be violated with impunity. But we have not yet progressed far enough to define and classify the supernatural, the metaphysical. Passing from the material world into the realm of thought and speculation is like descending by airplane from the sunlight into a London fog. I speak with authority, because I have experienced both.

I confess I have not been able to trace the line that separates the prophets of Israel from the Witch of Endor and the witches of Macbeth. So you will understand that it was not from preference, not because of the assumption of any superior wisdom or concept of a secret doctrine, that I am speaking of prophecy and fulfillment. My personal concept of prophecy does not extend beyond that of human experience, beyond the cosmic harmony of cause and effect.

For prophecies fulfilled one must turn to the sacred books. But here both the prophecy and the fulfillment rest on faith. For lack of material facts, either to prove or disprove, I can only reply perhaps. The oracles of Delphi are not recorded. For prophecy and fulfillment alike, we have only tradition. In all the thousands of volumes in my library I cannot find the record of a specific prophecy specifically fulfilled. The prophecies I have found were always expressed in equivocal terms, generally postulated by that little word invented by seers and charlatans.

Prophecy, in the classic meaning of the term, has been discarded by all enlightened peoples as either superstition or charlatanism. But this does not include the abandonment of faith or the belief in the efficacy of prayer. Personally, I believe in the existence of an infinite wisdom, but not in the power of the finite mind to discern in advance the infinite purpose.

I read in the Christian Scriptures that the hairs of our head are numbered, and that not a sparrow falls to the earth until the supreme intelligence has willed it so. But I also read that "as ye sow so shall ye reap;" and this admonition is without purpose unless volition is left to the sower. If the seed that I should sow, and the field in which it should be harvested were allotted to me before the world began, how can I be held responsible for the harvest?

I read that "the sins of the fathers are visited on the children, even to the third and fourth generation." But if the father is only playing a role assigned to him by the Supreme Author, how can his acts be regarded as sinful? For sin is not in the act, according to our finite logic, but in the purpose behind the act.

If it is written aeons before I am born that I shall play on the human stage the role of a villain, am I to be held to answer when I leave the stage, for my villainy?

Yet belief in prophecy presupposes belief in foreordination; for it would be too great a strain on human credulity to assume that one can read in advance a future that has not been written.

If man is a free moral agent, if we are the arbiters of our own destinies, then it follows, that each writes his own life history; and that it can be cast by no horoscope while we yet lie in the cradle, while we are still toothless and without knowledge of good and evil. If our life course is determined by the position of the planets in the heavens at our birth, then we are neither free moral agents nor the arbiters of our own destiny.

FIRST EXPERIENCE

Just as the porter placed the ladder for Mr. Wiggins, an upper berth passenger who wished to retire, the engine whistle blew to indicate the train was approaching a station; so the porter went out into the vestibule to open the door for another passenger who was leaving the train at this point. When he returned the ladder had disappeared. Not seeing it anywhere in the car he went back to the berth where he had left it. The curtains were drawn, so he called out to Mr. Wiggins: "Say, boss, does you-all know where mah laddah went to?"

Mr. Wiggins pulled the curtain aside, revealing the ladder in the berth beside him. He said: "No, I don't, but you can use mine if you will be sure to bring it back."—[The Pathfinder.

KNOX APPROVES STATE AUTO TAX

Proposed Collection Plan Meets Director's Favor

Expense of Local Assessing Pointed Out to Council

Guaranty of Fair Division Only Condition Made

The proposed amendment to the State Constitution now pending in the Senate which would abolish the personal property tax on automobiles and substitute a direct tax to be collected by the State Department of Registration of Motor Vehicles is analyzed from the point of view of the city's interest in the matter in a report which has been submitted to the City Council by Roy A. Knox, director of the Bureau of Budget and Efficiency.

After pointing out that the amendment leaves it to the State Legislature to determine the method or basis of fixing the tax, Director Knox recommends that the Council indorse the general object of the amendment, but adds that it should also signify to the Legislature that the financial interests of the city should not be jeopardized in the application of the amendment.

WITH RESERVATIONS

The general object of the amendment is praiseworthy, Director Knox asserts, in that it is designed to assure the collection of a tax from the owner of every automobile in the State. Under the present method of collection of the personal property tax by the County Assessor, he points out, about 150,000 automobiles in the city and county, belonging mainly to transient owners, annually escape taxation other than the State registration fee.

In this connection, however, Director Knox also points out that it may be inadvisable to do anything which would penalize the tourist who is here for only a few weeks or months, but he adds that this is one of the matters which can be taken care of by the Legislature in the application of the amendment. He also says that the city's support of the amendment should be conditioned on the understanding that the present rate of division of automobile tax revenues between city and county shall be maintained.

INCREASE ESTIMATED

Assuming that the rate is maintained and that the State adopts a similar system of valuation to that now in use by the county and that the rate of taxation is the same, Director Knox estimates that the increased revenue to the city would be $268,738 and the increase in the county's revenues would be $699,369. As a matter of fact, the figures would probably be even larger than these, he adds, as the expenses of collection of the new tax would be considerably less than is the case for the collection of the personal property tax.

In arguing for the new State-collected tax as proposed in the amendment, Director Knox says:

"The logic of the proposed amendment can be illustrated when you consider that on or about January 1 of each year approximately 700,000 vehicle owners in Los Angeles city and county come to the State Department of Registration of Motor Vehicles and present themselves for taxation in the form of a registration fee. After this single purpose is accomplished, these people disperse. Three months later the County Assessor sends out 460 men and women looking for these same 700,000 people to assess their automobiles for personal property taxation. This second process can be eliminated by the adoption of the proposed constitutional amendment."

Praise Given Jewish Colony's Home for Aged

Expressing pride in the active part which the Jewish people of Los Angeles have taken in the business progress of the city, Marco H. Hellman in an address at the Seder celebration last night at the Hebrew Sheltering Home for Aged, gave his approval of the building program now in progress at the home, where 100 aged men and women are given care and shelter.

"The care of old people," said Hellman, "ranks high in Jewish idealism and what we give to make our old people comfortable is not accounted as charity, but a simple act of justice.

"The new buildings at the home, providing the modern features considered essential, are a credit to the Jewish community here and round out a fine contribution to civic progress."

The Seder dinner, which is part of the Passover celebration, was held in the dining hall just completed. A new synagogue is being erected on the grounds, as is a four-story dormitory building.

Mrs. Cardell's Funeral Rites to be Tomorrow

Funeral services will be conducted at All-Souls Church, Wilshire and Plymouth boulevards, at 2:30 p.m. tomorrow for Mrs. Harry Cardell, prominent in club and musical circles, who died Saturday night at her residence, 538 South Manhattan Place, after a prolonged illness.

Mrs. Cardell came to Los Angeles thirty-five years ago, since which time her husband has been associated with the New York Life Insurance Company branch here. She was a member of the Ebell and Woman's Lyric clubs, and of the Woman's Orchestra. Besides her husband she leaves a daughter, Mrs. Carl P. Blackmoore; a son, Harry Claire Cardell, and a sister, Mrs. Nell Price, all of Los Angeles.

To obtain the maximum light and cleanliness, owners of a row of new steel houses in Berlin, Germany, have placed tall glass screens at the rear to separate the families

Council Raises City Salaries by Ordinances

Several ordinances and reports were adopted last week by the City Council raising salaries.

They include fire department telephone operator, $100 to $125; fire department captain to battalion chief, $250 to $300; health department nurse, $75 to $135; laboratory helper, $100 to $140; assessment clerk, $170 to $180; assessment clerk, $225 to $275; zoning investigator, $200 to $250; planning investigator, $200 to $250; draftsman, $175 to $200; assistant secretary, custodian, $150 to $160; assistant purchasing agent, $275 to $300; street lighting foreman, $225 to $250.

FIRST OBJECTOR PLEADS TODAY

(Continued from First Page)

central district, said his office has received one returned absentee blank which is a "gem of misinformation." The supervisor expressed the belief that the citizen evidently had become confused from the official appearance of the blank, had filled it with contradictory answers and added a bit of comic relief when he answered the question, "marital condition?" with "Good!"

Invaluable co-operation by forest rangers and outstanding work of speediest enumerators in the Pasadena office, northern census district, were revealed yesterday by Albert Engvall, assistant to the supervisor. He said that Ranger Bert Fraser will have to make a 100-mile round trip across two mountain ranges in order to obtain the census information from Capt. and Mrs. Loomis, whose secluded ranch is near Horse Flats. Loomis once was Police Chief of Los Angeles.

Engvall added that, except for the loyal co-operation of the forest rangers, it would be impossible to enumerate scores of prospectors, trappers, hermits and campers in remote mountain districts.

The record for women enumerators in the northern district was set by Mrs. Esther Hess, who averaged 214 enumerations daily, and by Mrs. Hannah O. Anderson, who averaged 225 names a day for her first four days.

Not to be outdone by the women, August Utz worked fourteen hours daily, turning in an average of 230 names a day and completing his last sheet Wednesday night. A check indicates that every resident in his territory answered all questions willingly.

Enumerator Marie C. Fitzstad of Huntington Park said that of the eight days she was engaged in the work one day was a record-breaker when she obtained 310 names. She said that of the questions to be answered the most troublesome was the one requiring women to give their age. One woman had forgotten her age, stating that she thought she was about 30. After rummaging through a number of papers, she finally learned that she was born thirty-two years ago.

CENSUS OFFICES

Headquarters of Districts and Branches and Telephone Numbers Listed

Here are the census districts, with the street address and telephone number of their respective headquarters. Anyone expecting to be away from home during the census-taking period, which ends the 16th inst., or having reasons to think he has been missed by the enumerators, should call headquarters of the district in which his residence is located and get a blank to fill out. It is of the highest importance that all persons be counted.

Central District—A. C. Munson, supervisor, Los Angeles Chamber of Commerce Building, WEstmore 2461.

Central District roughly is bounded by Sunset Boulevard, Manchester avenue, Alameda street and Angeles Mesa Drive.

Northern District — C. E. Chenoweth, supervisor, 311 East Broadway, Glendale, Douglas 376. Branch in Pasadena postoffice building, Albert Engball, field assistant. Branch for San Fernando Valley in Van Nuys Chamber of Commerce, Robert J. Murray, field assistant, Van Nuys, 40.

Northern District generally lies north of Sunset Boulevard to the county line, including Glendale, Pasadena, Palmdale, Van Nuys and San Fernando Valley.

Eastern District — William E. Ballentine, supervisor, 301 Citizen's National Bank Building, Monrovia, Monrovia 232.

Branch in Los Angeles, 2806 North Broadway, Clarence N. Wakefield, field assistant, CApitol 0528.

Eastern District includes the territory roughly east of Alameda street to the county line embracing Alhambra, South Pasadena, Belvedere, Monrovia and that section.

Southern District — T. G. De Coudres, supervisor, 316 Pacific-Southwest Bank Building, Long Beach, Long Beach 64433 or 66433. Branch in Inglewood City Hall, Thomas Jennings, field assistant, Inglewood 1763. Branch in Huntington Park Chamber of Commerce, Lawrence Klinker field assistant, LAfayette 2788.

Southern District generally includes from Manchester avenue to the sea, taking in Long Beach, Hermosa Beach, Inglewood and other places.

Western District — Clarence L. Kincaid, supervisor, 5427 Santa Monica Boulevard, GLadstone 7192. Branch in Beverly Hills Chamber of Commerce; S. D. Archer, field assistant, CRestview 4126. Branch in Santa Monica-Ocean Park Chamber of Commerce, W. L. Peden, field assistant, Santa Monica, 21187. Branch in Culver City, 380 Main street, Glenn A. Davidson, field assistant, Culver City 4161. Western District takes in Hollywood, Wilshire community, Santa Monica and the bay country.

Irrigation Census — Clyde V. Berglund, director for entire county, Los Angeles Chamber of Commerce Building, WEstmore 2461.

Coulter Dry Goods Co
FOUNDED in 1878
Seventh Street at Olive

Coulter's Sells No "Seconds", Substandards Or Imperfect Merchandise

Knit Versions of Smart Suits
Are Flattering as Can Be!

They have just about everything one could ask for — sports-style skirts with an active flare; cardigan coats or belted jackets; gay slipover sweater or smart blouse —making them well-nigh irresistible.

Knitted Tweeds Plain Jerseys
Francine Silk-and-Wool

Suit designers have done beautiful things with these beautiful materials—with saucy capes, boleros, peplums, godets, pleats; new collars or their total absence.

OF COURSE YOU WANT AT LEAST ONE!

$25 to $49.50

(Third Floor—Sportswear—Coulter's)

HOLEPROOF HOSIERY FASHION NOTES

The two-toned sports shoe gains acceptance

The smart two-toned sports shoe combining white with tan, cordovan, green, red, blue or black is rapidly gaining in acceptance.

To go with it Lucile of Paris has created new colors in Holeproof Hosiery — Basque Bronze for the sunbronzed wearer and Ponjola for the untanned. See these smart colors in our Holeproof department.

Fresh Draperies
for Easter

With new attire for Spring and Easter—with the wonderful sunny days ahead—one cannot afford to have one's home shabby or faded.

A very few minutes' work will serve to adjust the lengths of these curtains to your windows.

Marquisette Panel Sets—a new style in a ready-made curtain of fine sheer marquisette; two fringed panels and shaped valance trimmed with 3-inch fringe, in jade, rose, canary and beige, complete **$3.95**

Ruffled Curtains—of figured marquisette in ivory and beige; well-made and of good width; 2¼ yards in length, pair.......**$2.25**

Ruffled Curtains—of marquisette in dainty dots of color; or plain marquisette in rose, blue, gold, green or orchid, pair **$3.00**

(Second Floor—Coulter's)

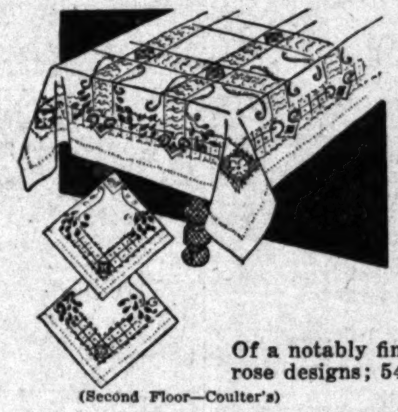
Appropriate Gift Suggestions
for the Easter Bride

Or for a shower for some bride-to-be; all very new and quite the important thing in anyone's home:

Bridge Sets $5.00
Spanish embroidered sets, done by hand; practical and exquisite; a 36-inch cloth and four napkins.

Bridge Sets $6.95
Filet cutwork sets, all made by hand; Venetian motifs in corners and elaborate embroidery work; specially priced.

Cocktail Napkins, doz. $3.95
All-linen napkins with beautiful corner hand-embroidery and openwork design.



(Second Floor—Coulter's)

Bridge Cloths $2.95
Madeira hand-embroidered cloths with eyelet work of unusually fine character; hand-scalloped.

Hand-Embd. Towels $1.00
Colored linen towels; hand-embroidered and appliqued; hemstitched, too, with attractive designs; 17x29 inches.

Breakfast Sets $4.25
Of a notably fine linen, in solid blue, gold, green, rose designs; 54x54; six napkins.

For a Woman's Easter Gift

Something very personal and very acceptable, surely:

Musical Powder Boxes
$3.85—$4.95—$7.50
Atomizers and Perfume Bottles
$1.00 to $10.00
Italian Marble Perfume Lamps
$6.50 each
Boudoir Clocks
(Pink, maise, blue, green)
$2.95 to $7.50
Make-up Boxes
$1—$2.95—$5—$7.50
Novelty Bath Salts
$1.00 each
Gold-plated Toilet Sets
(Mirror, brush, comb)
$17.50 to $38.50
Fancy Bath Powders
$1.50—$2.50—$3.00
Bathroom Bottle Sets, $6.50
(Main Floor—Coulter's)

RADIO FOSTERS EASTER FROLIC

Egg Hunt for Children in Hospitals Planned

Project Promoted by KHJ Unique on Air

Excellent Music Promised in Today's Programs

BY JOHN S. DAGGETT

A radio Easter egg hunt is to be inaugurated today by KHJ, the Don Lee station. The public will be invited to donate eggs, bunny rabbits, flowers and Easter toys to be assembled in charge of a custodian at the Don Lee Building, Seventh and Bixel streets, where the donations will be on display during the week.

Easter morning at 9 o'clock a truck will convey the gifts to the little children of the Orthopedic Hospital, Orphans' Home and other similar institutions. The live rabbits and flowers should be delivered just prior to the departure of the truck, according to Dick Creedon, feature director of KHJ.

"We feel that the use of our station for a humanitarian treat of this kind for the little ones is entirely in order," said Mr. Creedon. "It also will afford an opportunity to ascertain to what extent the public is still responding to the human side of radio's appeal." If successful it is highly probable that the event will be made an annual affair.

The Times Forum, KHJ, at 1:30 p.m.: Glenn Hood, the "Songbird of the Yosemite Valley."

World-wide news at 12:30, 4:20 and 10 p. m.

WHERE TO TURN

KHJ at 4 p.m. assures a delightful matinee program by the Viennese Quintet featuring Leslie Brigham and Christian Sprotte as vocal and violin soloists. At 5:30 p.m. the Don Lee Concert Orchestra will present an hour of excellent music, with Hulda Dietz as soloist, while 7 o'clock tonight brings Melodies of Broadway, another Raymond Paige orchestral accomplishment. At 8 p.m. Blue Monday Jamboree—first with "Join the Navy," a skit full of romance and trouble, and second with a lot of this and that.

MUSIC ON AIR

KFI at 6:30 tonight on its Family Party brings Aida Doninelli, Metropolitan Opera soprano, in two groups of songs. The aria, the "Ballatella" from the first act of "I Pagliacci," is one of the five numbers. Following this at 7 tonight "The Jewels of the Madonna," by Wolf Ferrari, has been selected by Guy Fraser Harrison for one of four numbers to be played by the Rochester Civic Orchestra. At 10 tonight a program of songs, with Virginia Flohri, guest soloist, will feature compositions of R. Strauss, Rimski-Korsakov and Bishop.

KECA at 5:45 this afternoon brings the Sigma Pi Delta Trio in a delightful selection of popular songs, while Felipe Delgado, Spanish baritone, at 7:30 tonight sings the songs of Iberia and the Americas. At 9 tonight is scheduled Van Dyne's orchestra, with Jean Dunn as soloist. At 10:30 p.m. Carlton E. Morse's dramatized version of the story of Perseus will be continued during the House of Myths broadcast.

COLORFUL SONGS

KNX at 6 p.m. promises colorful music by Rosalie Barker Frye, contralto, Walter V. Ferner, cellist, and Nell Sheridan, pianist. Another interesting program at 8:30 p.m. by the Cameo Trio, flute, oboe and piano. Seven numbers, including "Two Butterflies," by Kronke; oboe solo, trio "Nocturne," by Behr, and others will be heard. At 9 tonight a male quintet in half an hour of song ranging from "Pale Moon" to "Lonesome Little Doll."

KFWB at 4 this afternoon offer a unique Children's Playhouse that should be not only excellent, but a bit unique. At 1:30 p.m. Commander Roman J. Miller will tell about America's flying school.

PLEA OF HUNGER TOUCHES COURT

Judge Suspends Sentence of Youth Admitting Theft of Bread to Eat

Admitting that he stole six coffee cakes from a store at Ninth and Maple streets, Forrest J. Nicholson, 19 years of age, pleaded in extenuation before Municipal Judge MacCoy that he had been without food for two days, had been unable to find work and was suffering from hunger.

Judge MacCoy suspended a thirty-day jail sentence.

M.-G.-M. TO EXPAND STUDIOS

Additional Construction Program of $1,000,000 Announced for Culver City Plant

Continuing with the greatest building program in its history, Metro-Goldwyn-Mayer yesterday announced that it will expend an additional $1,000,000 on new construction at its Culver City plant.

The new buildings will be two complete sound stages, a fully equipped film laboratory, a new central electrical power plant, a film-cutting and projection-room building, and a storage dock for motion-picture scenery.

The two new sound stages will be 100 by 155 feet. The addition of these stages will make a total of twenty-two stages on the M.-G.-M. lot, ten of which are sound units.

The new film laboratory will be in a two-story building, 150 by 200 feet, equipped with a special air-conditioning plant to protect delicate film. One hundred million feet a year of positive motion-picture prints, plus the daily film taken by fifteen producing companies, will be the capacity of the plant.

The central power plant now being installed will house a 500-K.V.A. motor generator set. Immediately adjoining, the Southern California Edison Company has erected a new substation so that 3000 horsepower will be delivered direct to the studio. Two complete sets of transformers of 3000 horsepower each will insure an uninterrupted power supply at all times.

Fifteen cutting rooms for the handling of sound film will be in the new cutting-room building, making a total of thirty-five cutting rooms on the lot. This building will also have two projection rooms, with the latest screens and projection machines for the showing of talking pictures, bringing the total of sound-projection rooms to thirteen.

The new storage dock building will be 105 by 280 feet.

Construction on the new building program will begin immediately and the building will be put into operation just as soon as they are completed.

New Federal Judge Opens Session Today

George Cosgrave, recently appointed as United States District judge for the Southern District of California, today will begin his initial court sessions in Los Angeles Federal Court. He is scheduled not only to handle a long calendar set in his court, but also to hear the calendar of Judge James, who has been ill.

Judge Cosgrave arrived in Los Angeles yesterday from his home in Fresno. He is a native of California and has been a Fresno attorney for many years. He plans to maintain his home for the present time in Fresno. His appointment by President Hoover was recently confirmed by the Senate.

Twenty Booked for First Trip of New Air Liner

Practically the entire capacity of the thirty-passenger Fokker F-32 of Western Air Express will be taken when the giant plane leaves here at 8:50 a.m. today on its first regular trip to San Francisco, company officials said last night. Up to noon yesterday twenty reservations had been made.

It was said that Monday is generally a light traffic day, and presumably many persons are going north just for the pleasure of saying that they made the first scheduled trip in the world's largest landplane. Advices from San Francisco last night stated that the ship probably will be filled when it leaves there at 2:30 p.m. today.

Officials are undecided as to when the second F-32 will go into service, but it probably will not be until after the formal dedication of the company's new $1,000,000 airport on Thursday, and the subsequent three-day celebration. On the opening day one of the giant planes will be available for public inspection probably for the first and last time.

Letter Protests Name Change

Protest against the proposal to change the name of Pomona Boulevard to Valley Boulevard is contained in a letter to the Board of Supervisors from the Pomona Chamber of Commerce.

According to the letter, a number of highways in the State already bear the name of "Valley Boulevard," and the proposed change would only result in confusion. The boulevard in question is the main traffic artery between Los Angeles and Pomona and is known variously as both Pomona Boulevard and Valley Boulevard. In the vicinity of Pomona, however, the road has for years been known as Pomona Boulevard.

The Board of Supervisors will consider the protest at the regular meeting today.

In order to avert the effects on sales if early purchasers find their bargains bad, dealers in jade rock as it comes from the mines in China have adopted the plan of selling the entire stock in one day.

"HOLIDAY" HITS AT IDLE RICH

Satirical Theme Dealt With in Skillful Manner

Philip Barry Comedy Given Deft Performance

Dale Winter Enacts Leading Role at Playhouse

BY EDWIN SCHALLERT

Spoiled, money-mad people are granted no quarter in "Holiday." At all events, you can take Philip Barry's play of that name as a satire on the snobbish, somewhat idle rich of New York. And as a satire it is, of course, a slam. However—a slam dealt deftly—with suede gauntlets, so to speak.

"Holiday" comes here as a new departure for Henry Duffy in showgiving. It presents smart characters and a smart play. It is congenially spohisticated in its dialogue. No naughtiness, to be sure, as such; but the ultra-extravagant glitter of a genuine society comedy.

The play, which is at the Hollywood Playhouse, brings Dale Winter to the footlights locally again in one of its more sympathetic roles. She is the featured member of the cast and, in addition, Helen Baxter, Alexander Clark, Jr., Phil Tead, Clarence Geldert and Robert Keith enjoy prominent opportunities. I would give the meed of praise especially to the last three named for their very able impersonations. The cast as a whole does not always arrive at the utmost of brilliance as yet, but they are a creditable company.

Mr. Barry has caught the pulse of the high-hat social life, one can well say, in his "Holiday." Indeed, it is a gem both in its point of view and its technical detail. Barry has limned, too, a very human picture, in which everybody who appears on the stage provides some special facet of interest. If you like a well-written play you This piece uses a refreshing cannot but approve "Holiday." theme, even though it is not an altogether new one, the conflict between romance and a certain self-seeking materialism.

An eminent represenative of one of the older and wealthier families finds that his daughter has fallen in love with a young man of no particular family background. He discovers the further fact that said young man is self-made and ambitious.

The young man's position and the engagement with the daughter being taken for granted it becomes necessary to adopt him into the higher circle. He is offered a position in a certain banking and brokerage firm, and the chance to make a fortune. It is a rare prospect to look upon for any such chap, thinks the father of the girl, and incidentally that lady herself. It is taken for granted that he will not be able to resist the financial and social emoluments.

That he does possess the spirit to resist, and that the sister of his fiancee votes for him in this bit of social defiance, are what makes for the more crucial events of the story as developed. You may well imagine that our hero doesn't finally wed the girl to whom he was engaged—but then even that is telling too much of what happens.

"Holiday" is, I would say, very pleasant realism. It has its ironical inferences, but these do not thrust themselves into the foreground. What is most obvious in this play is its spirited affectation of the gayety that thrives in the more effete circles, where a name in the social register seemingly means somewhat more than in the history of achievement.

The play as Barry has set it down has polish and class, and the performance will incline, I believe, after an inning or two, to arrive at that same distinction. At that, it is quite acceptable, and is bound, for that group who like the smarter sort of thing, to prove most entertaining.

Miss Winter gives apt meaning to many of the comedy lines allotted to her, and adds a deal of sympathy to her portrayal. The character she plays is very different from any other she has essayed previously. Miss Baxter is sometimes unusually good in her delineation of the girl who prefers the butterfly existence and a man who is willing to live "her life." Alexander Clark is adequate as the man.

The high pleasure seems to be afforded by Mr. Keith with his bright persiflage, well uttered. Tead and Geldert are others to be distinctly commended. Olive Cooper, Dorothy La Mar and Harry Adams have important parts.

A really clever play—this one.

Fox Selects John Garrick for New Role

John Garrick has been selected by Fox studio officials to play the male lead opposite Beatrice Lillie in her forthcoming musical, "Are You There?" as a result of his portrayal as the young juvenile in the John McCormack production, "Song o' My Heart," which will have its western premiere at Grauman's Chinese Theater Saturday night.

Hamilton MacFadden, who will direct the English music-hall star, gave young Garrick the important assignment in this new picture after observing his work in a preview of "Song o' My Heart," it is said. Garrick was first introduced to American audiences as the aviator in "The Sky Hawk," and then Frank Borzage selected him for the juvenile lead opposite Maureen O'Sullivan in "Song o' My Heart."

Noted Team in "Blue Ghost"

Frank McCormack and Clifford Dempsey, the noted team of Mulligan and Garrity in "The Gorilla," have been engaged by Henry Duffy to head the cast of "The Blue Ghost," new mystery thriller, which will be given its first performance at the President Theater, starting Sunday.

The two principals will be seen in widely contrasting roles. McCormack will play the chief comedy role of Jasper, colored servant, while Dempsey will be seen as the inspector. "The Blue Ghost" was written by Bernard McOwen and J. P. Riewerts.

JUNGLE THRILLS SHOWN

"Ingagi" Visualizes Adventure of Hunting Wild Animals in Deepest Africa

"Ingagi" (pronounced "In-gaggy,") a superscenic of deepest, darkest Africa, showing at the Orpheum Theater, will afford a few new thrills to the sated showgoer. It isn't a picture, in which every shot is a perfect one from the standpoint of the studio photographer, but for all that it sets up a precedent for wild and also weird adventure. To add to the excitement the lobby of the playhouse where it is showing has been turned into a sort of jungle, where attaches are garbed as if they, too, were going tiger and elephant hunting.

The picture is accompanied by a talkie lecture, and is the cross-section of the experiences of Sir Hubert Winstead and Capt. Daniel Swayne while engaged in capturing and shooting unusual game specimens in the Congo. The apex is reached in the final scenes which shows an African tribe (believe it or not) making a human sacrifice to the Ingagi, or gorillas. There is plenty of drama in this particular episode, as there is in many of the others, especially those showing the lions on a wild rampage overturning cameras, and even making an onslaught on one of the members of the expedition.

The graininess of some of the photography is explained by the intense heat of the African climate, which is hard on the celluloid impressions. For all that, many remarkable views of the African animals in their native habitat are presented and also of battles waging between the men and crocodiles, leopards, wild buffaloes and giant elephants. Native hunters take part in these battles, and afford amusement at times by their efforts to get out of the way of their dangerous adversaries.

One of the most terrific struggles is with a huge gorrila that is captured in a net. Natives are pitched head over heels in their effort to hold the huge wild creature down. Another high light is the glimpse of a band of pygmies, who fearsomely scoot away at the sight of the tall invaders. They subsist, one is told, on the grubs that they procure from decayed wood, and are actually shown getting their meal.

Telescopic shots of various animals are used, but there are plenty of vivid close-ups. Those who do not find the grainy photography distracting will probably enjoy the picture, although the actual sacrifice of the woman to the gorilla is hardly to be classed as anything but a rather gruesome incident—in intent, at least.

On the same bill with the picture a short comedy, "Mickey's Luck," is showing, which furnishes amusement. It pertains to an amateur fire department of youngsters who try to rescue a variety of pets from a store during a supposed conflagration. There is a lion among these pets. Which makes the animal situation just about unanimous at the Orpheum.

Organ solos are an additional feature of the program.

Glen Ellison Sings Legends of Hebrides

Songs and legends of the Hebridean Islands were faithfully interpreted by Glen Ellison in a Sunday twilight recital in the Lido Room of the Hollywood Knickerbocker Hotel.

A native of the Hebrides, himself, Mr. Ellison gives these songs an understanding, which one unfamiliar with their native evironment could not. He sang fifteen of them in the costume of a Scottish Highlander, with a brief explanatory talk preceding each song. At first one does not catch their quaint charm and strange haunting melodies, but after listening to fifteen of them an individual style is noted. A monotonous repetition in their melodies also becomes evident, but that is because they are produced by a primitive people.

Mr. Ellison sings with apparent artistry in a sweet, pleasing voice that suits this type of song. In an informal manner he weaves a story out of each melody. He brings out the humor, imagination and spirituality of the people responsible for the songs many centuries ago.

NEW TECHNICOLOR PICTURES PLANNED

Technicolor will add two new productions to its working schedule this week. "Whoopee," being produced by Samuel Goldwyn, and "Dixiana," to be screened by R.-K.-O., are the new poctures. Both are scheduled to start this week, following completion of extensive tests to assure expeditious production.

"Bride 66" has been completed and Technicolor has "Sweet Kitty Bellairs," "Follow Thru," "Old Timers' Revue" and a Vitaphone variety on the shooting schedule.

VERSATILITY DISPLAYED IN CONCERT

Creatore Pleases Large Audience With Generous Band Program

In a concert dedicated to the city of Los Angeles, Creatore and his band of sixty musicians drew a large audience to the Philharmonic Auditorium Saturday night. This was the first of a series of free concerts to be given this spring to create interest in Creatore's band as a permanent civic institution. In a public park this band would sound to better advantage than in the auditorium. Its splendid tones are muffled by the confining walls.

Creatore was generous with his numbers and his program proved to the audience that a symphonic band, such as his, can be as versatile in its musical selections as a symphonic orchestra. Bizet's "Carmen" selections lend themselves well to his organization and were particularly colorful under Creatore's baton. The finale from Tschaikowsky, "Fourth Symphony," a "Spanish Dance" by Espinosa, and a religious meditation, "Immortality," by Dr. Ray Hastings of Los Angeles, concluded the first half of the program.

A symphonic poem, "Cleopatra," by Mancinelli, produced a magnificent tonal quality. "Solvejg's Song" from Grieg's second Peer Gynt Suite is too delicate to be played to advantage by a band. Pauline Talma, official singer for Creatore's Band, pleased her audience so much with the Cavatina from the "Pearl Fishers," by Bizet, that she was called back for three encores. Miss Talma's voice is of a smooth lyric quality and she sings with remarkable ease, interpreting her songs with delightful simplicity.

Wagner's popular "Tannhauser" overture is always an inspiring selection with which to close a program. It was especially effective Saturday night.

LONE REVUE ENACTED BY FAY MARBE

Personality and Talent of Actress Revealed to Fine Advantage

BY MURIEL BABCOCK

Displaying amazing verve and energy, Miss Fay Marbe took up a week's stand at the Belasco Theater last evening with an offering which she has termed, appropriately, "A Continental Night."

Assuredly different in pattern and content from anything in entertainment, as Los Angeles knows it, is Miss Marbe's presentation. She sings songs in German, French and English. She dances. Aside from occasional assistance in the dance, lent by her brother Gilbert, and the accompaniment of an orchestra, Miss Marbe occupies the Belasco rostrum alone. She is the show.

Last night's audience was a little dubious as to the manner in which to receive such a novelty. As the program advanced, and Miss Marbe warmed to her numbers, the audience warmed also. There was a goodly round of applause for the concluding novelty on the first half of the program, "M'Sieur Prenez-Moi," (Mister, Please Take Me) in which she tossed mirrors over the footlights to gentlemen of her favor.

This, and the final number, a dance to the music of the "Blue Danube," were the highlights of the evening. The waltz, in which Gilbert Marbe accompanied his sister, was delightfully executed.

The songs in German and French, although apparently not understood by most of the audience, were given appeal by Miss Marbe's pantomime, and the distinct personality which she projects over the footlights.

Miss Marbe's offering is much like that of the entertainer from a variety platform, save that she has a good deal more to give and she gives it in perhaps a more subtle and striking fashion. She is always daring, and she is sometimes very smart.

Her costumes are colorful and verge considerably on the theatric. They were designed, no doubt, to accentuate her dance movements and mannerisms. (There were lots of ostrich feathers!)

Here are her songs: "Wann Und Wo," "Das Ist Der Rote Lippensift," "Oh! Nepomuk, Ein Kleiner Ruck" in German and "Un Bon Mouvement" in French; "Puppchen," "I Can't Say No," "Tralalala," "What Do We Do on a Dew, Dew Dewy Day?" and in German "Wenn Ein Fraulein Keinen Herrn Hat," "Ein Bisschen Feuer," "Fuego Por Favor," "Weiner Lied Und Tango" (a tango with her brother,) "There's More to the Kiss Than The?," "Meow, Meow," "Sag'Du Sag'Du Zu Mir," and "Mein Herz Is Eine Jazz Band."

Gilbert Marbe was seen in a solo dance, which won favor. He proved extraordinarily lithe and free in his movements.

Those in Los Angeles who like the bizarre, the daring and the slightly risque (even if they cannot quite understand it) may go to see Fay Marbe and feel they have had a glimpse of what the Continent sees often in the way of a smart entertainer.

NEW FILM TODAY AT WARNER'S

"Love Racket" Tells Story of Woman on Jury; Dorothy Mackaill Starred

The dramatic scenes which may go on in a jury room when a woman serves as juror are presented in Dorothy Mackaill's latest First National starring vehicle, "The Love Racket," which starts a one-week engagement at Warner Brothers' Theater in Hollywood today.

How a woman's emotions and inborn impulses may influence her verdict has been woven into the screen story, directed by William A. Seiter. The adaptation was by John Goodrich from Bernard K. Burns's stage play, "The Woman on the Jury."

PRAYER KEENEST WEAPON IN CHRISTIAN'S ARSENAL

Salvation Army Speaker Points Out Men of Spiritual Vision All Believers in Supplication

"The strongest weapon in the Christian's arsenal is prayer, and the man who neglects it dies spiritually," declared Adjt. Frank Howell in his sermon yesterday at Salvation Army Temple. Declaring that the breaking down of the family altar is, to a large extent, the cause of broken homes and unhappy social conditions, Adjt. Howell told his audience that individuals, families communities and nations can maintain their integrity only by keeping in close touch with that Being who created and loves them.

"Beginning with Moses and on through the prophets, priests and kings of the Old Testament, down through the New Testament, all men who have had spiritual vision have prayed," said Mr. Howell. "Gladstone was a man of prayer and a man of vision. Lincoln, regardless of his lack of church affiliation, was a man of prayer and so a man of vision. The last great battle fought by our Saviour in the Garden of Gethsemane was a battle of prayer. We need more genuine praying in private and in public, for prayer alone can save us from death by sin."

DISEASE AND DEATH SUBJECT OF SERMON

"Are Sin, Disease and Death Real?" This question was the subject of the lesson-sermon yesterday at all branches of the Mother Church, the First Church of Christ, Scientist, in Boston. The Golden text from the Gospel of Luke recited the following incidents regard-

ing Christ Jesus: "He called his twelve disciples together and gave them power and authority over all devils and to cure diseases. And he sent them to preach the kingdom of God and to heal the sick." One of the Scripture selections included verses from James, as follows: "Blessed is the man that endureth temptation; for when he is tried he shall receive the crown of life, which the Lord hath promised to them that love Him. Let no man say when he is tempted, I am tempted of God; for God cannot be tempted with evil, neither tempteth He any man."

DARK WORLD MUCH IN NEED OF CHRIST

"The Quest for Light" is the subject of a sermon preached yesterday by Dr. H. B. Hemeter at the President Theater. Dr. Hemeter spoke in part as follows:

"The world is in need of light. Its quest for light has borne fruit in many fields. However, in the field of religion many learned men are arguing today as if that were a newly discovered question. To all

PROTESTANT ORGANIZER SPEAKS HERE TOMORROW

Dr. J. A. Morehead of New York City, one of the world's outstanding leaders of Protestantism, will give an address tomorrow evening at Angelica Lutheran Church, Fourteenth and Burlington streets. Dr. Morehead will give his impressions of the recent Lutheran world convention and also will discuss present religious and economical conditions in Russia. The public is invited.

Dr. Morehead, who is a guest at the home of his son-in-law and daughter, Dr. and Mrs. L. S. Coin, 6216 Del Valle Drive, is credited with having effected the greatest single organization of Protestants in the world and his ambition is "the mobilization of 81,000,000 church members for Christian purposes."

According to Dr. Morehead, the Lutherans represent 47 per cent of the Protestants of the world and they are being brought together under a great unified body under Dr. Morehead's direction.

Formerly president of Roanoke College, Dr. Morehead resigned that position in order to organize the Lutherans of Europe and America into one working body. He is chairman of the executive committee of the organization which was effected in 1923 at Eisenach, Germany.

Dr. Morehead's discussion of Russia, in his address tomorrow evening, is expected to be illuminating, since he was a member of the Hoover Relief Commission that worked in Russia following the World War.

---

of us Jesus comes with the assertion: 'I am the light of the world,' adding, most significantly, 'he that followeth after Me shall not walk in darkness, but shall have the light of life.' This is the light we most need, the light of life. The whole world needs light for its intelligence, its morals and its spirit of life. Jesus radiates it."

DEMOCRACY'S WORST FOE IS PESSIMISM

"The greatest enemy of democracy today is disgust, born of disillusionment," declared Rabbi E. F. Magnin in his sermon yesterday at Temple B'nai B'rith.

"The eighteenth and nineteenth centuries were marked by hope and optimism with reference to our political institutions," said Dr. Magnin. "The western world thought that it had hit upon a permanent solution of political problems. During the latter part of the nineteenth and the beginning of the twentieth centuries a new and unhealthy spirit has crept into the hearts and minds of the people. Disappointed by the defects of democracy, they have shut their eyes to its virtues. This attitude of mind is so dangerous that unless it is checked it is likely to undermine the foundations of government. Our own country is still young, viewed from the standpoint of world history. Democracy in its modern form is an innovation. A nation compounded of all nationalities, extending over thousands of miles, containing many metropolitan centers which has not had time to build up a definite cuture and philosophy, cannot correctly judge most important matters affecting its welfare."

FREEDOM DECLARED GOAL OF MAN'S HOPE

In celebration of the Feast of the Passover, commemorating the liberation of the Jews from Egyptian bondage, Rabbi Mayer Winkler preached at Temple Sinai yesterday on "Liberty." Dr. Winkler said in part:

"The principle of liberty transplanted into our lives paves the way and clears the road for the betterment of the human race. This ideal of freedom is the goal of all our hopes and aspirations. The development and growth of body and mind rests upon freedom. The soul cannot and should not be marred by blemishes of selfishness and corruption. The pure soul life of man depends entirely upon his moral strength to free himself from the enslavements of passion, foolishness and vainglorious ambitions."

NOTHING CAN DESTROY TRUTH, SAYS PASTOR

Dr. J. George Dorn preached at Hollywood Lutheran Church yesterday on "The Foundation Which Stands." He said in part:

"Men are building their refuge on vain hopes; on affection of creatures; on earthly possessions; on this, that, and the other false thing, all of which are swept away when the storm and the disasters of life come. Throughout the centuries this foundation of God has been assailed by men. Against Jesus Christ there has stormed for centuries an assaulting crowd, varying in its methods of attack, but the same in purpose and effort. When the smoke has cleared away there may be a little blackening upon the edge, but the foundation will stand undisturbed."

TRUE WEALTH LIES IN HEART OF MAN

"The Eyes of Optimism" is the theme of a sermon preached yesterday by Dr. Bruce Brown at South Park Christian Church. Dr. Brown said in part:

"This is a dark old world for a blind man, but a world of gladness and brightness for the one who has eyes of appreciation for its beauty. It is hard for the lips to sing a song of thanksgiving when the heart is filled with bitterness. A palace may be a prison and a cottage may become a castle of dreams, depending on whether hate or love dwells within. We see what we look for. The buzzard finds the carcass and the skylark finds the sunlight above the cloud. There is a close connection between the words miser and misery. Life's finest treasures are composed of things on the inside of us and not things that we have."

MILLENNIUM'S DAWN DEPENDS ON JEWS

Dr. Armin A. Holzer preached at Berean Hall yesterday on "The Coming of the Kingdom." He spoke in part as follows:

"The frantic efforts on the part of all nations in the interest of peace are a proof that the world today is farther away from peace than ever. There is no doubt that all nations are sincere in their efforts for peace, but there can be no peace without surrendering to the Prince of Peace, who is none other than the despised Jesus of Nazareth. The Jews, who represent only 1 per cent of the human race, are the greatest world factor to be reckoned with. If the Bible is true, then it is up to the Jews to usher in the millenium. But they never can, nor will, until they themselves see the truth as revealed in the Old Testament and fulfilled in the New Testament."

CHRIST'S POWER SEEN INCREASING RAPIDLY

In recognition of Palm Sunday Dr. John Snape preached at Temple Baptist Church yesterday on "The Triumphal Entry." He said in part:

"In fulfillment of the Scriptures

and in keeping with His kingliness, Christ made triumphal entry into Jerusalem. He still is King and his triumphal procession can be traced down the ages. His power is increasing in the world. He is King in the world of art, of literature, of music and of science and must be at last in the realm of politics. But unless he makes triumphal entry into our hearts and we make Him King in the realm of truth, in the realm of possessions, in the realm of pleasures and in the realm of service, we have missed the vital thing in Palm Sunday."

RECORD SET BY SHERIFF FOR MARCH

Month's Activities at Highest Peak in History; Jail Over Crowded

Compilation of figures by Sheriff's Statistician Benesh, reveals that during the month of March the Sheriff's office functioned at the highest peak in its history. At the same time it was revealed by Jailer Peoples that the County Jail during the last thirty days has had an average of approximately 1700 prisoners, representing between 250 and 300 inmates above the intended capacity of the institution.

In this connection it was learned that Sheriff Traeger is formulating plans to reduce congestion in the jail and place a number of those confined on a self-supporting basis through the establishment of a jail branch or jail farm.

During the month of March deputy sheriffs and the constabulary conducted approximately 6500 investigations which resulted in close to 1200 arrests. In this period 1706 prisoners were booked in the County Jail, of which one-third were women and girls arrested by the Los Angeles Police Department. Figures of Statistician Benesh also show that 123,142 meals were served in the jail at an average cost of 9 1-3 cents.

Of the prisoners booked during March, 299 were 20 years of age or less, and 400 between the ages of 21 and 25, indicating, according to deductions by Benesh, that approximately 41 per cent of all prisoners booked in the jail were between the ages of 16 and 25.

Further comparisons show that there were more than twice as many prisoners booked for violations of the Wright Act as for any other one crime. Burglary and grand theft booking followed in order.

ARCHITECT DIVORCED

Mrs. Kathryn Gardner Swasey, wife of Michael Swasey, Beverly Hills architect, was too young to meet her husband's friends, he told her, Mrs. Swasey testified in Superior Judge Schauer's court, where her divorce decree was awarded. Judge Schauer gave Mrs. Swasey $2500 of community property, and $150 a month for the support of herself and daughter, Carol, 5 years of age.

MRS. INCE REPORTED ENGAGED

Betrothal Announcement of Film Man's Widow and Actor Expected Soon

Announcement of the engagement of Mrs. Ellen Priscilla Ince, widow of Thomas Ince, to Holmes Herbert, film actor, is expected in the near future, according to Hollywood reports. Rumors of their betrothal have been in circulation for a number of months past.

HOLMES HERBERT

When reached yesterday Mrs. Ince, whose husband, a motion-picture producer, died in 1924 following a yachting trip at San Diego, declined to deny or affirm the reports.

"There is nothing for me to say at the present time," she asserted. "If you call in about a month there might be an important announcement to make."

Herbert, who has had many important talking-picture roles lately, was not reached for his statement.

The reports of their engagement began in circulation after they were seen frequently together at Hollywood social functions.

MRS THOMAS H. INCE

Ince's will provides that Mrs. Ince is not to marry for seven years following his death. In case of her marriage before that time she forfeits her principal of his estate, receiving therefrom only its income. The seven years will have passed in 1931. Ince left an estate valued at approximately $2,000,000 to his widow and three children.

Arguments in Pasadena Case to Start Today

Arthur Veitch and Frank Curran, deputy District Attorneys prosecuting Warren C. Earle, former Pasadena City Engineer, and T. G. Breitenstein on a charge of defrauding the foothill city out of approximately $40,000 in paving contracts, are expected to present their closing arguments in the case in Superior Judge Aggeler's court today.

The case has been on trial for nearly a month, and the closing arguments of prosecution and defense attorneys are expected to occupy the court's time for the remainder of this week.

SEARCH ON HERE FOR MISSING ILLINOIS GIRL

Miss Mae McCormack, 22 years of age, who disappeared from her home in DeKalb, Ill., two weeks ago, is the object of police search here. Miss Mae Sargent of the Catholic Welfare Bureau reported to police that parents of the young woman have forwarded $125 to pay for her return home, accompanying the money with information that Miss McCormack had been living here with Misses Mary Maloney and Irene Morris at 1332 Bond street. Unable to locate the young woman at this address, Miss Sargent appealed to police for aid.

SURGEONS SEE CANCER WORK

Treatment of 480 Watched by Committee

Week-End Score at Extract Clinic Near 1000

National Report to Be Made as Result of Study

While a committee representing the American College of Surgeons stood by as observers 480 more cancer sufferers received injections of the Humber-Coffey cancer extract yesterday in the free clinic in the Pacific Electric clubhouse.

The observing surgeons are official representatives of the national organization and will submit a report on their findings following a study of treatment and results of the new extract.

TREATMENT TOTAL GROWS

Cancer sufferers treated yesterday raised the week-end total of patients to nearly 1000. Besides persons receiving the extract at the clinic 190 others were visited at private hospitals during the morning. There are approximately 1800 persons in the State now receiving the extract, it was announced at the clinic.

One of the outstanding cases is that of William Cook, 15-year-old Long Beach youth, who has gained twenty-four pounds in weight since receiving nine injections of the extract, according to clinic records.

COMMITTEE TO GO NORTH

Treatment will be given patients again next Saturday at 9 a.m. and Sunday at 10 a.m. Dr. R. W. Starr is in charge of the local clinic now, with Mrs. John D. Humber, wife of Dr. John D. Humber, who, with Dr. Walter B. Coffey developed and discovered the new extract in San Francisco, giving most of the injections. Dr. Coffey was at the clinic yesterday.

Members of the college committee expect to go to San Francisco to observe the clinic there this week. The committee includes Dr. Bowman C. Crowell, associate director of the American College of Surgeons and its director of clinical research, Chicago; Dr. Frederick A. Gesley, professor of surgery at Northwestern University; Dr. M. G. Seelig, profesor of surgery, St. Louis University; Dr. J. P. Simonds, professor of pathology, Northwestern University; Dr. W. E. Lower, director of the Cleveland Clinic, and Dr. Frank W. Lynch, professor of obstetrics and gynecology at the University of California.

Gilmore Plane's Lion Cub Mascot Has First Ride

Lieut.-Col. Roscoe Turner's new flying mascot, a three-weeks'-old lion cub, received his name and his first trip aloft yesterday afternoon at christening ceremonies for the flyer's giant Lockheed Air Express monoplane in which he expects to attempt long-distance speed flights.

The lion, presented to him by Lewis Goebel, was named Gilmore and the cream and red ship was named the Gilmore Lion by Miss Carlotta Miles. The plane is the fastest commercial craft in the world and has flown more than 200 miles an hour. It is powered with a 525-horsepower Hornet motor.

Mrs. Turner held the lion cub on the initial hop. She said the little cat, with feet nearly as large as its body, did not appear to enjoy the first few steep banks and turns, but went to sleep after a few minutes in the air. Turner plans to carry the cub in the cabin in a special nook among the 640-gallon capacity gasoline tanks.

Of Interest to Women

GIRLS IN RIDING COMPETITION

Horsemanship Features Gymkhana

Miss June Bradford

THE annual dual gymkhana riding meet at Girls' Collegiate and the Westridge School held Saturday at the Glendora school was a hotly contested affair featuring many trick races as well as regular horsemanship, with luncheon for the rival teams and supporters served at Girls' Collegiate at noon and the events following at 2:30 o'clock. The collegiate gymkhana team included Misses June Bradford, Petrea Conzelman, Jean Cotton, Frances Elfendahl, Betty Zane Grey, Juanita Lewis, Nancynell Swaffield and Janet Vosburg.

The annual sunrise service conducted by the junior class was held on the hill overlooking the school and the whole San Gabriel Valley yesterday morning. The glee club, under the direction of Clifford Lott, provided the music. Following the service the girls and guests enjoyed the Palm Sunday breakfast.

Among the expert equestriennes participating in the gymkhana was Miss June Bradford, daughter of Mr. and Mrs. L. T. Bradford of San Marino.

Luncheon

balmy weather of the past week served as the magnet responsible for a number of affairs at the beach clubs. The open-air esplanade at the Sea Breeze at Santa Monica provided the setting for the luncheon with which Mrs. Donald B. Keyes entertained in honor of Mrs. David James Kesson, who has just returned from an extended trip abroad. A profusion of spring flowers in pastel shades was used in the table decorations, a yellow color scheme predominating. Those included were Mrs. L. H. Keyes, Mrs. Donald Homes, Mrs. Cliff Bergere, Mrs. Leon Duray, Mrs. Elmer Pratt, Mrs. Cliff Dowell, Mrs. Godfrey Bell, Mrs. Alan Wright, Mrs. Paul Hill, Mrs. Helena Cripps, the hostess and honor guest.

At Arrowhead Hot Springs

The younger set of Los Angeles are enthusiastic over enchanting new bridle trails at Arrowhead Springs, popular watering resort of the Southland. The cool green canyons surrounding the hotel attracted many guests last week, including the Misses M. C. and L. M. Mayhew, Margaret Miller, E. R. Mayhew, W. F. Kennedy, Miss Ruth Burgess, Bennett Leach, Miss Frances Lee, Miss Gladys McCracken, I. Eisner, A. Brownstein, T. J. Williams, Mrs. H. McBride, Mrs. G. H. Shroda, Mr. and Mrs. S. F. Zombro, Mr. and Mrs. David J. Fink, A. Pimover, Miss M. Pimover, Mr. and Mrs. John B. Holtzclaw, Miss Grace Hecht, Mrs. L. L. Nordlinger, Mr. and Mrs. George Dilfer, Mr. and Mrs. G. R. Wilton, Art Klein, A. D. Bennett, Mr. and Mrs. Harry C. Lang, Mr. and Mrs. J. D. Roberts, Mrs. Virginia Harris, Mrs. M. R. Williams, Miss C. V. Kamp, Mrs. F. A. Price, Louis Isaacs, E. B. Drake, Mr. and Mrs. O. D. Starr, Mr. and Mrs. James W. Hellman, Reese Llewellyn, William Llewellyn, Mr. and Mrs. J. Y. Baruh, Mrs. Rhonie Gubin and daughter, Clare Woolwine, Mr. and Mrs. Ralph W. Bramble, and Miss Helen Thomas.

Here and There

Miss Eva Robinson of 200 South Detroit street has been enjoying a visit in New York, where she is registered at Hotel Montclair.

Mrs. Caroline Kendall of 2244 Manning avenue will leave shortly for a six months' tour of the Orient and is now sojourning at the St. Francis in San Francisco, where she will remain for several days visiting with friends. Mrs. Kendall, who has passed her sixtieth birthday anniversary, flew to San Francisco, it being her first trip in the air.

Other Angelenos who are at the St. Francis include Mr. and Mrs. C. F. Walcott, who are en route to Seattle, and have been passing some days in the Yosemite.

Mr. and Mrs. Albert J. Sherer of 101 North Windsor Boulevard, are now in Cairo, Egypt, where they are domiciled at the Shepheard's Hotel and plan to visit Alexandria, again joining the Rotterdam Cruise, later motoring to Nice and Paris.

Mr. and Mrs. C. A. Ducommun of 355 South Arden Boulevard, are en route to Europe, planning a six-months' tour.

Mr. and Mrs. E. E. Ford of 1836 North Wilton Place, are registered at the Edgewater Beach Hotel in Chicago, while Mr. and Mrs. J. H. Jac Intyre are at the Roosevelt, Madison avenue at Forty-fifth street, New York City.

Miss Margaret Goetz has just returned from La Jolla and San Diego, where she was the guest of Mrs. Joseph N. Eisendrath of Chicago. The house party motored to Agua Caliente during the week, others including Adolf Bohm, the distinguished conductor of the Civic Opera Ballet.

Charles Henry Seaver, son of Mr. and Mrs. Everett Seaver, 3143 Wilshire Boulevard, has returned to resume his studies at the Hun Preparatory School in Princeton, N. J., after enjoying the Easter holidays with his chum, Elliott Roosevelt, son of Gov. and Mrs. Franklin D. Roosevelt, at Albany, N. Y. Mrs. Thomas C. Job, who has been making her home at the Normandie since her return last November from Europe, sailed the 5th inst. aboard the City of Los Angeles, for Honolulu.

Among the passengers aboard the Red Star liner Westernland, which arrived in New York from Plymouth, Cherbourg and Antwerk, was Mrs. Edward G. Miller of 308 South New Hampshire street, who is returning from a five-months' trip around the world.

Mrs. Louis Baron of Honolulu, who has been the guest of her sisters, the Misses Ryan of South Berendo street, for the past six months, is returning home in May. Mr. Baron will arrive this month to accompany his wife home.

Mrs. John M. Milliken, who has made headquarters at the Hollywood Plaza for the last three months, while touring the State, is planning to return shortly to her eastern home at the Schenley Apartments in Pittsburgh, Pa.

Mr. and Mrs. James R. McKinnie, Jr., accompanied by Miss Anne Zips, are passing several days at Hotel Del Monte.

Among the Angelenos who are enjoying a sojourn at the Ahwahnee in the Yosemite are Messrs. and Mmes. Standish Mitchell, Ralph Reynolds, Lewis Curtis Torrance, Jr., William Gibbs McAdoo, Louis Cass, Perry Howard, A. R. Martin, A. E. Sommerfield, W. E. McGrew, L. F. Baash, Howard G. Rath, Silsby Y. Spalding, Misses Catherine Howard, Barbara Mitchell, Alta R. Kelly, Deborah Spalding, and Jack Reynolds, Jack and Charles Cass, Ralph Reynolds, Jr., Jack Brandon, Bob Conklin, Don Doig, F. F. King and Jack Burkhardt.

At U.S.C.

The Odonto Club in the college of dentistry, University of Southern California, entertained with a benefit dance Friday night at the Elks' ballroom, with Spencer Crump, president of the dental student organization, in charge of arrangements.

Supper served at midnight, music by Don Warner's radio orchestra and entertainment by Helen and Dick, 7-year-old tap dancers, were some of the interesting features of the dance. Jack Leigh was master of ceremonies.

Assisting with the arrangements were Francis Conley, president of the student body of the Trojan college of dentistry, and officers of the Odonto Club, including James Hendry, Earl Brown, Horace Brown, Harold Blackburn, Henry Penberthy, Adolph Peschelt and Rex Wadoner.

Patrons included Dr. and Mrs. Julio Endleman, Dr. and Mrs. Lewis L. Ford and Dr. and Mrs. A. C. La Touche.

One of the most unusual dances of the school year was that given Saturday evening, the 5th inst. by pledges of Sigma Alpha Epsilon Fraternity in honor of the active chapter. The hosts were Mason Morris, Ralph Hanson, Charles Parsons, Harry Brosman and Ben Clark.

The pirate brig Wilmington, anchored in the Los Angeles Harbor, was the scene of the dance. Pirate flags and skulls were in evidence and the guests wore pirate costumes. Refreshments were served to the guests in the galley of the ship in true sailor style.

Thirteen prominent journalism students at the University of Southern California were initiated into the Press Club Wednesday evening following a dinner in the Student Union with Marc N. Goodnow, Ivan Benson, Tom Curran and George Beale as guests of honor.

The initiates included Misses Elizabeth Hawkins, Ruth Ann Byerley, Morton Morehouse, Lewis Gough, John Dorfner, Mulvey White, Stanley Ewins, Alice Doty, Frances Schulte, Peggy Krause, John McCoy and Mary Alice Parent.

Delta Delta Delta Sorority at the University of Southern California announces the formal initiation of Misses Eleanor Humphreyville, Mary Hyatt Hudson, Marjorie Dunn, Mary Jane Mercer, Marjorie Davis, Constance Tarr, Mildred Morrison, Catherine Rohrer, Virginia Woodward, Elizabeth Hueston and Elizabeth Mellen.

New initiates of Delta Zeta Sorority at U.S.C. are Misses Dorothy Delavan, Marie Drake and Billie Rogers. The ceremony was held at the home of Miss Leora Morley, 5005 South Gramercy Place, Sunday afternoon, the 6th inst.

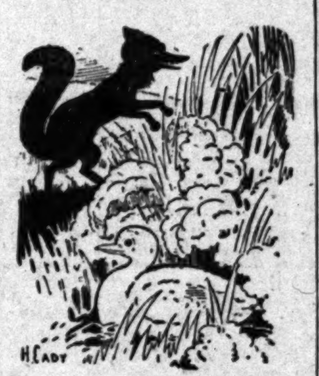
WHEN THE SANDMAN COMES

A Bedtime Story

by THORNTON W. BURGESS

LIGHT FOOTSTEPS

Judge not of things you do not know.
A seeming fact may not be so.
—Mrs. Quack.



"Oh, Dear! What shall I do?" said Mrs. Quack to herself!

Mrs. Quack the Mallard Duck sat on her nest in the little swamp at the head of the Smiling Pool. It was a very comfortable nest, lined with the soft feathers from her own breast. Under her were ten greenish-white eggs. Of course, she thought they were the most beautiful eggs in all the great world. She was sure that there were no other eggs to compare with them anywhere. She dreamed about them as she sat there.

But with all her dreaming Mrs. Quack never for an instant failed to be on guard. Perhaps you think she had an easy job sitting there with nothing to do day after day. That is what Peter Rabbit thought. Peter used to visit her every once in a while. Peter is himself inclined to be somewhat lazy. He told little Mrs. Peter about Mrs. Quack's nest and how Mrs. Quack was sitting there.

"I don't know of anyone who has an easier time than Mrs. Quack," said Peter. "She has nothing at all to do but sit there. She certainly has it as easy as anyone I know of. Farmer Brown's boy knows that she and Mr. Quack are around somewhere and so he puts corn over in the Smiling Pool. All Mrs. Quack has to do is to get a good meal of corn whenever she wants it."

"That's all right, Peter," said little Mrs. Peter, "but I don't believe she has such an easy time of it. She must get very, very tired of just sitting there and doing nothing. And then she must be anxious all the time."

"Anxious!" exclaimed Peter. "Anxious! Why should she be anxious?"

"Well, I know I would be in her place," declared little Mrs. Peter. "Suppose some enemy comes along. She's either got to take a chance that that enemy will not find her or she's got to leave those precious eggs of hers. No, sir, Mrs. Quack isn't having any easy time of it."

Little Mrs. Peter was quite right. Mrs. Quack was not having an easy time of it. She knew that that nest was well hidden, but she also knew that sharp eyes and keen noses were constantly visiting that little swamp and she must always be on guard. Once Bobby Coon had passed and it wasn't until he was over at the Smiling Pool hunting for frogs that Mrs. Quack dared draw a long breath. The very next night she heard light footsteps. They were very light, indeed. You and I wouldn't have heard them, but Mrs. Quack heard and she knew whose footsteps they were.

"Oh, dear, what shall I do?" said Mrs. Quack to herself. "What shall I do? Shall I slip away and leave these eggs? Or shall I take a chance and stay right here? I'm glad it is perfectly still. I am glad that none of the merry little breezes are dancing around. If they were Reddy Fox might get my scent."

She drew all her feathers down very tightly and kept perfectly still. Those footsteps came near and nearer. They stopped right beside her nest. Perhaps you can guess how Mrs. Quack felt then. She could have reached out and pulled the tail of Reddy Fox. But she knew she was giving off no scent and so his wonderful nose would not find her, unless he should happen to poke his head in under the skunk cabbage leaves. Those skunk cabbage leaves were helping to hide her in more ways than one. You know they have a scent very like the scent that Jimmy Skunk carries. That is why the plant is called the skunk cabbage. So, even if there had been just a little faint odor of duck, the stronger odor of the skunk cabbage would have killed it.

For perhaps a minute Reddy Fox stood still there beside Mrs. Quack. He was looking and listening. It seemed longer than a minute to Mrs. Quack. It seemed to her that he never would move on. But at last he did, and once more she could breathe easily.

(Copyright, 1930, T. W. Burgess)

Your Baby and Mine

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

IGNORING CHILD'S QUESTIONS IS INSULT TO CHILD

A baby in the family makes the mother acutely conscious of every other baby. She notes the behavior and each mother's response to it and mentally promises herself to profit by it in the future. One mother, who signs herself flatteringly "An Admirer of Your Work," says: "Since I have a baby of my own I have been observing mothers and children with a view to determining the causes of certain acts. Lately I have noted three things which seem wrong to me and I hope you have the space to comment on them.

"The first is the discussion in lowered tones and veiled language of the details and mysteries of child birth, while 4-year-old stands by quietly with eyes and ears wide open.

"The second is discussing a child's conduct whether good or bad, in the presence of the subject.

SATISFY CHILD'S CURIOSITY

"The third is ignoring a child's questions. Recently, I called upon a mother whose 2-year-old was upstairs taking a nap. During the visit she went to his room to get something she wanted to show me. I heard him ask: 'Mama, who down there?' She paid no attention, thinking, I suppose, that it was no concern of his. He repeated the question and she murmured vaguely, 'You'd be surprised.' Not at all satisfied with this meaningless reply the child kept on repeating the question and the mother, finding what she was hunting for, left the room without answering him.

"What a miserable, unsatisfied state in which to leave a child! She could have said, 'Mrs. So and So' or 'A lady to see mama," and the child would have been satisfied. As it is, some day she will ask him a question which he won't answer and she'll be angry and probably punish him.

"I think even if a child interrupts he should be answered, and later told of his breach of etiquette. It seems to give some adults a satisfying sense of importance to ignore a child."

HUSHED TONES INSPIRE CURIOSITY

You have suggested three big questions which we have dealt with in the past at various times, but they can well bear repetition. Medical conversation is a subject out of place in a child's presence whether it is talk about cancer or boils or birth control or what not. Obviously, hushed tones are pointed barbs to arouse curiosity, and the parent, guilty of talking in hushed tones on a subject about which she probably wouldn't talk freely to the child, is acting in a most childish manner. "I have a secret you don't know and I won't tell you" is pretty much an expression of her attitude.

We have frequently offered leaflets on handling sex questions of children and one contains a direct suggestion to forego this hushed and mysterious attitude.

Children, not being inanimate, should not be discussed before anyone. That would be poor taste in dealing with an adult, and is just as poor taste in dealing with children. Your last suggestion you have discussed so wisely that I am letting it speak for itself.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

CHEF WYMAN'S RECIPES

FRIED OYSTERS

Drain the oysters and dry them well. Beat one egg and add to it two tablespoonfuls of milk, dip the oysters one by one in milk and egg and then roll them in grated cheese, allow them to stand for ten minutes and then dip them again in the egg. Roll them in fine bread crumbs and fry in deep hot shortening.

FRESH ASPARAGUS LOAF

Oil a mold and line it with cooked asparagus tips, place in a saucepan two tablespoonfuls of butter, two tablespoonfuls of flour, teaspoonful of salt, a few grains of pepper and gradually add to it one cupful of cream or rich milk. Stir and cook for five minutes. Remove from the fire, add to the sauce one cupful of cooked asparagus tips and four eggs that have been well beaten. Turn the mixture into the mold that has been lined with the asparagus tips, set the mold in a panful of hot water and bake in a moderate oven until firm in the center. Turn out on a hot dish, take triangles of bread, dip them in beaten egg and milk and fry until brown. Place these around the loaf, cover with any desired sauce and serve.

STRAWBERRY AND PINEAPPLE PIE

Take a pie pan and line with rich pastry, prick with a fork, place in a hot oven for the first ten minutes, then reduce the heat and finish the baking. When the shell has cooled fill it with the following mixture. Take one cupful of drained, grated or chopped pineapple, one cupful of strawberries and one cupful of whipping cream. Chill the pineapple and strawberries, place a layer of the chilled pineapple on the bottom of the baked pastry, then cover with halved strawberries. Sprinkle with powdered sugar and continue until the shell is filled, whip the cream until stiff, sweeten with two tablespoonfuls of the powdered sugar, spread on top of the fruit and garnish with whole strawberries. Do not allow the pie to stand over fifteen minutes after being filled.

JELLIED GINGER ALE SALAD

Three tablespoonfuls of gelatine, four tablespoonfuls of cold water, one-half cupful of boiling water, two tablespoonfuls of sugar, one-third of a cupful of chopped nut meats, one and one-half cupfuls of ginger ale, two-thirds of a cupful of grapefruit pulp, one-eighth of a cupful of grapefruit juice, one-eighth of a cupful of lemon juice, two oranges, one banana.

Soak the gelatine in the cold water, then dissolve in the boiling water, add the lemon and grapefruit juice, sugar and ginger ale, separate the oranges in sections and discard all the membrane, slice the banana thin, when the ginger ale mixture begins to stiffen fold in the fruit and nuts, turn into individual molds which have been dipped in cold water and chill. When ready to serve place on beds of crisp lettuce, garnish with sections of oranges and serve with a mayonnaise to which whipped cream has been added.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Friday.—(All rights to reproduce reserved by A. L. Wyman.)

WANT-AD RATES

EFFECTIVE DECEMBER 1, 1928.

Rates per line insertion, 30 consecutive times, 24c Daily, 29c Sunday; 7 to 29 consecutive times, 25c Daily, 31c Sunday; 3 to 6 consecutive times, 28c Daily, 35c Sunday; ONE TIME, 40c Daily, 50c Sunday.

SITUATIONS WANTED, 7 or more consecutive times, 16c Daily, 19c Sunday; 3 to 6 consecutive times, 17c Daily, 20c Sunday; ONE TIME, 24c Daily, 27c Sunday. Advertisements for the subheadings, "PAINTING, DECORATING, CARPENTERING," "DRESSMAKERS & SEAMSTRESSES" and "NURSES" are not classified as Situation Wanted Advertising and will be charged for at the General Want-Ad Rates, 40c Daily and 50c Sunday.

EMPLOYMENT AGENCIES, MOTION-PICTURE ADVERTISING, etc., under any classifications, 30 consecutive times, 29c Daily, 33c Sunday; 7 to 29 consecutive times, 27c Daily, 34c Sunday; 3 to 6 consecutive times, 30c Daily, 40c Sunday; ONE TIME, 43c Daily, 55c Sunday.

Advertisements on rate-holder rates on application.

Advertising rates from outside of Southern California on application.

MINIMUM CHARGE 2 LINES

To estimate the cost of want ads count 5 average words per line. Words containing more than 6 letters should be counted as two words.

Advertisers should retain receipts given by The Times for payment of Want Ads, as no mistakes will be rectified without them.

Cancellation of advertisements before appearance cannot be guaranteed to take effect until after the advertisements have appeared once. Countermands must be received by 2:30 p.m. for daily issue and 6 p.m. Friday for Sunday Times. Cancellation of advertising running cannot be accepted after 4:30 p.m., except as noted above.

Rates for display advertising will be furnished on request.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

The inadvertent omission or incorrect publishing of advertising will be rectified only by cancellation of the charge made for the service rendered.

Friday, 8 p.m., is closing hour for all ads for the early issue of the Sunday Times. Closing hour for the final and complete Sunday Real Estate Ad Section is Saturday, 12 noon. Cancellation of any advertisement running in the Real Estate Section cannot be accepted after this hour.

WE ARE NOT in the USED CAR BUSINESS

But at times are compelled to be in possession of some cars. These we convert into cash or put them out on contract as soon as we find the owner is not able to redeem. To do this quickly we usually accept far less than the car's value. We have found this plan more satisfactory than waiting for a profit.

862 W. WASHINGTON.

	Used Car Manual Value.	Our Price.

CHAMBER HAILS PORT VICTORY

Austin Gratified by Decision of Army Engineers

Project Has Been Advocated for Seven Years

Approval of Congress Now Eagerly Awaited

Calling attention to the fact that the Chamber of Commerce has been working on the Los Angeles-Long Beach breakwater extension for years, John C. Austin, president of the chamber, yesterday expressed the satisfaction felt by himself and the board of directors over the recommendations made by the Board of Army Engineers for Rivers and Harbors in favor of the project.

While the appropriation for the project is not yet a reality, the action of the engineers during the past week is a tremendously important part in the program for harbor development and presages the approval of the Rivers and Harbors Committee in the House of Representatives, and the final adoption of the project by Congress itself at an early date, Austin believes. President Austin has wired congratulations to Representative Evans, who, he believes, to be one of the most important factors in the success of the project. Austin also said that the co-operation of Mayor Porter with the Los Angeles and Long Beach Chambers to achieve harmony at the time their delegation was sent to Washington some months ago, is deserving of high commendation.

RECORD UNDERTAKING

"The approval of the breakwater project in its present form, as presented to the board of engineers by the chamber and the harbor authorities of Los Angeles and Long Beach last November," Austin said, "opens the way for one of the most important harbor projects ever undertaken in the United States.

"The chamber initiated this breakwater extension project more than seven years ago, and the study of this project was one of the most important works of the Greater Harbor Committee.

"The first hearing on the project was held by the board of engineers at a meeting in the old Chamber of Commerce Building on March 21, 1924, and a number of additional hearings have been held since.

"One of the main purposes for which the Los Angeles chamber was organized was the development of water commerce and trade with other countries. This was set forth in its articles of incorporation, and its first big job had to do with the task of obtaining an appropriation for the present breakwater. That fight lasted ten years and was consummated in 1896, with the decision to build the breakwater in San Pedro Bay, and an appropriation was made therefor.

HARBOR BEGINNING

"The present breakwater was one of the most important engineering projects of its kind when it was built. It was the beginning of our present great harbor. No one dreamed at the time that Los Angeles would achieve the position it has in world commerce or that there would ever be a demand for another breakwater twice as long as the present one. Yet that condition came about, and more than seven years ago the chamber began the agitation for such a breakwater extension to protect the entire south side of Terminal Island and to bring the Long Beach end of the harbor within the protected area, making an enclosed harbor six miles from one end to the other virtually fenced off from the open sea.

"Back in 1924, the breakwater extension project was approved by the board of engineers and subsequently by Congress, but with certain conditions attached before work on the great project could begin. Los Angeles has consistently endeavored to comply with these conditions and a number of them have been met. It has become evident that others can not be complied with immediately.

CONDITIONS REMOVED

"For this reason Los Angeles and Long Beach joined in recommending last November that all further conditions be removed from the breakwater project and that the government authorize that the project proceed unconditionally. This proposition is what has now been approved by the board of engineers and if it gets by Congress there is no reason why our greater breakwater project should not get under way, although possibly a few months may be necessary for the preliminaries.

"What this project means, not only to the future of Los Angeles alone, but to the entire Southwest, and, in fact, to the commercial history of the Pacific, can hardly be estimated. While eight or ten years may be necessary for the completion of the breakwater extension, it will make available for commercial development a vast amount of deep water frontage which will be an important element in the growth of commerce on the Pacific.

"We are looking forward to the rapid approach of what shipping men refer to as 'the Pacific era,' when this great ocean on which we face will be the dominant arena in world commerce, as the Mediterranean and the Atlantic have been in centuries past. The building of this great breakwater extension is a prominent feature in the picture of future Pacific commerce.

EXPANSION ROOM

"When the project took definite shape six years ago, it was proposed to build a complete breakwater fixing the definite limits of the harbor just west of the Long Beach diversion channel. Since then there has developed the possibility that the ultimate harbor will extend past Long Beach, although this is still only an idea. For this reason, however, the easterly end of the harbor will be left open to await further developments.

"The chamber is tremendously gratified over the progress which has been made in Washington recently in forwarding this great project, and the citizens not only of Los Angeles, but of this entire region have cause for rejoicing over this accomplishment.

"The fact that the chief of engineers also recommends that the project be built entirely at government expense, is another recognition of the importance of this harbor as a great national asset."

Two Plays by Pride Will be Given in East

Leo B. Pride, Los Angeles author and playwright, returned from New York yesterday with news that two of his recent plays have been accepted for presentation in the East and that one of his last books is to be published by the Appleton company.

LEO B. PRIDE

Pride is author of the "Shadow of the Mine," the "Underground Savage," the "Barbarian" and other plays.

The Theater Guild of New York and the Detroit Guild Playhouse have undertaken to produce two other plays by Pride. He lives at 195 East Thirty-sixth street and gained much of the material for his books and plays while working in the coal mines of Central Illinois.

Filipino Housing Will be Argued

Seven lawsuits directed against the occupation of houses by Filipinos, on the ground that they are not Caucasians, to members of which race residence on the property is restricted, will be before Superior Judge Gates today for argument on the granting of injunctions.

The suits were filed by William E. Wintermute, whose attorney of record is Victor L. Bentson. The property is located in the southeast section of the city.

HARBACH HERE TO MAKE TALKIE

Playwright and Family Arrive by Ship

Mr. and Mrs. Otto Harbach and Their Sons Robert and William

OTTO A. HARBACH, New York playwright, arrived with his wife and sons William and Robert on the Dollar liner President Adams yesterday, to join Warner Brothers.

His latest talkie picture, which has not been titled, will start production in three weeks, he said, with Jerome Kern writing the score.

Harbach has been writing plays and lyrics since his maiden effort, "Three Twins," in 1910. They include "The Desert Song," "Mme. Sherry," "Katinka," "Firefly," "No, No, Nanette," "Sonny" and "Rose Marie," the last three either done in talkies or are to be. His last play is "Nina Rosa," now running in Chicago.

The playwright said Broadway, which means New York, actually is becoming worried over the loss of its theatrical talent to Hollywood. Hordes of producers and writers either are here or are on their way out here, he said.

"And why shouldn't we come?" he added. "You treat us all so wonderfully." They will get a house somewhere.

LEGION HEAD ON VISIT TO SOUTHLAND

Commander Bodenhamer Will be Welcomed Today at San Bernardino

American Legion officials will greet National Commander O. L. Bodenhamer at San Bernardino and welcome him to the State this morning on the occasion of his first visit to California. A great welcome will be extended upon his arrival in this city, according to the present plans.

Department Commander Clarence Kincaid, Department Adjutant James K. Fisk and other officials will compose the committee of welcome, which will greet him at San Bernardino. The commander will visit Redlands, Riverside and Santa Ana today and will speak tonight at the Santa Ana High School.

On Tuesday, Bodenhamer will visit Covina, Pasadena, South Pasadena and points in Los Angeles and Hollywood. Tuesday evening he will review Legion bands and drum corps of the county in front of the University of Southern California auditorium, after which he will give a public address. He leaves for Bakersfield Wednesday morning.

CONCLUSION OF GLIDER TRIP SHOWN

'Times' News Reel Depicts Hawks' New York Landing and Many Other Events

Air feats of recent note feature the current release of The Times-Universal Newsreel, now on view at Southern California theaters. Among the scenes is the arrival of Capt. Frank Hawks at Van Cortland Park, New York City, in the glider in which he spanned the continent recently in tow of an airplane. Dense crowds are shown witnessing the landing.

Another aerial chapter in the latest release depicts the army air maneuvers at Mather Field, where 150 planes participated in various battle formations.

California happenings are further represented by scenes of the underwater wedding solemnized at the Los Angeles Boat Show, the $50,000 oil-well fire at Santa Fe Springs and a quaint clock-shop at Long Beach, where hundreds of odd timepieces are displayed.

All events in the news reel are described by Graham McNamee.

RECKLESS DRIVING SHORT CUT TO JAIL, SAY JUDGES

With a policy of jail sentences announced in every case where motorists convicted of reckless driving are found to have endangered the lives of other persons, Municipal Judges Valentine and Bush, presiding in traffic court, declared they will make the sentences even more severe in view of the sixty-four traffic deaths reported by the Coroner last month.

Straight jail terms are to be imposed in cases of speed in excess of fifty miles an hour in the city limits and in cases of reckless driving in which liquor is involved, the traffic judges said.

Three men yesterday started serving jail sentences imposed by Judge Valentine for reckless driving. In each case police reported the defendant had been drinking. Douglas A. Powning, 5819 Gregory street, and Charles Drane, 415 Lindaraxa avenue, Alhambra, were sentenced to thirty days in jail each and John Shultz, 806 North Harvard Boulevard, was fined $50 and sent to jail for ten days.

DEATH CASE APPEAL ON COURT LIST

Arguments in Conviction of Bolton for Slaying of Wife to be Heard Today

Arguments will be heard today by Division Two, District Court of Appeal, on the appeal of John Dewey Bolton, 26 years of age, found guilty in Superior Court of the murder of his wife Lucille in an automobile in the Roosevelt Highway.

Bolton maintained that his wife was shot by bandits. The State contended that he slew his wife to obtain $10,000 insurance money.

A hearing also will be held on the appeal of Macea B. Sheffield, former detective lieutenant, from conviction on bribery charges.

Division One of the Appellate Court will hear arguments on an alternative writ of prohibition obtained by John A. Evans and the John A. Evans Corporation enjoining Superior Judge Tappaan from hearing twelve damage actions involving $260,000 in realty deals. It is contended that the judge is biased.

Parties accusing the Evans concern assert that they purchased interests in a "trust" established to subdivide a tract of land and that Evans, by making assertedly false representations, induced them to sell their ownership shares back to him.

KIN OF SLAV PRESIDENT CITY GUEST

George Slavicek Found in Hollywood Studying Film Industry

After spending nearly a year in Hollywood unannounced, George Slavicek, step-grandson of President Masaryk of Czecho-Slovakia, is about to return to his native land to engage in motion-picture production, it was learned yesterday. He plans to leave this month, and on his arrival in Europe will produce films with the aid of his distinguished grandfather.

GEORGE SLAVICEK

Slavicek has been occupying a small Hollywood apartment while studying the picture industry and not until yesterday did his presence here become known. He came to the United States with forty other young men sent here by the Masaryk Academy of Labor to study American industry. The delegation has been scattered to all parts of the country.

Motion pictures, according to Slavicek, have advanced mechanically more than artistically, and continue to lack sufficient artistry to satisfy the European taste.

Ex-Follies Girl Enters Films in Important Role

Within six weeks after her arrival in Hollywood, virtually unknown on the Coast, Claudia Dell has won the leading feminine roles in two of the year's important pictures. This was made known with the announcement that she has been chosen to play opposite Al Jolson in his next picture, "Big Boy."

CLAUDIA DELL

The role was originally to have been intrusted to Jolson's wife, Ruby Keeler, but a change in the story made necessary a different type of actress. After scores of tests and interviews with various actresses Miss Dell was decided upon suddenly when Jolson and Jack Warner witnessed some of her scenes in "Sweet Kitty Bellairs."

Miss Dell, a former Ziegfeld actress, had never appeared in pictures before.

WATER NEEDS TO BE TOLD

Mayor's Proclamation to Launch Information Campaign for $38,800,000 Bond Issue

The people of Los Angeles are to be given first-hand information relative to the water situation at a luncheon meeting Wednesday at the Alexandria, it is indicated by President Austin of the Chamber of Commerce under whose direction the meeting is arranged.

With civic leaders and heads of commercial and business groups from every section of the city scheduled to attend, the luncheon meeting is to be the occasion for the official launching of a five-week campaign in behalf of the water bonds, it was pointed out by Mr. Austin.

MAYOR'S PROCLAMATION

The water bond campaign officially will be launched by the reading of a proclamation by Mayor Porter. In his proclamation it is expected the Mayor will reaffirm his previously stated declaration that the city faces a water crisis that only can be met by the approval of the proposed water bonds at the May 20 election.

Assurance that approval of the water bonds will in no way increase taxes or assessments also will be given by the Mayor, he has stated.

Following the delivery of the proclamation, an address on the "Los Angeles Water Situation" is to be given by Joseph Scott, general chairman of the Citizens' Water and Power Committee.

WILL BE BROADCAST

Other civic leaders, including spokesmen from business, organized labor, women's clubs and service organizations, are scheduled to speak briefly in support of the water bond issue.

President Austin will be chairman. Radio station KGFJ will broadcast the Mayor's proclamation and Mr. Scott's address. The broadcast will start at 1 p.m. Wednesday and will continue until 2 o'clock.

"This job of authorizing by an overwhelming vote on May 20 the $38,800,000 water bond issue, is a job that must be shouldered by every citizen—man and woman—in Los Angeles," said Mr. Scott.

ALL MUST HELP

"The value of every home and business, the security of every pay check is absolutely dependent upon the success of this bond issue. We might just as well face the hard facts. We need water and need it immediately—and the only way we can obtain this water is by voting the water bonds on May 20.

"The Citizens' Water and Power Committee has been organized to give the people full information on the bonds. These bonds will not increase our taxes 1 cent because all the bond charges will be paid from the earnings of the City Water Bureau.

"The campaign being launched Wednesday is for the purpose of carrying all the facts to all of the people. We need the active co-operation of every citizen to do this work effectively."

CANADIANS ASSEMBLE FOR PICNIC

Five Thousand Attend Semiannual Event at Brookside Park

By a "Times" Staff Correspondent

PASADENA, April 13.—Occasional drops of rains failed to dampen the enthusiasm of 5000 members of the Canadian and American Tourists' Association who attended the organization's semiannual picnic meeting in Brookside Park today.

A program of music, speeches and crowning of beauty queens was held under the direction of John Hooper, president of the association, assisted by G. M. Grant, president of the Canadian Club of California. Judge Haas of Los Angeles Municipal Court, welcomed the Canadians and stressed the fact that those who hope for the ultimate abolition of war cite the years of friendly relations between the United States and Canada as proof that such hopes are not vain.

Miss Miriam Louise Cook of Toronto was crowned "Miss Canada," and Miss Marjorie Yves-Wright, who this year was adjudged the most beautiful girl in Ontario, was crowned "Princess Imperial."

Other titles awarded today on the basis of popularity, beauty and personality, were won as follows: "Princess Columbia," Mabel Thomas of British Columbia; "Princess Alberta," Phyllis Burton of Edmonton, Alta.; "Princess Saskatchewan," Vera Swain of Melfort, Sask.; "Princess Manitoba," Anna Yost of Winnipeg, Man.; "Princess Quebec," Marion White of Montreal, Que.; "Princess Brunswick," Phyllis Hughes of New Brunswick, and "Princess Scotia," Dorothy Macdonald of Nova Scotia. Mrs. Perle Young of Los Angeles was crowned "Miss Columbia."

ELKS' RODEO VIEWED BY THOUSANDS

Chaps and Saddle Stars Thrill Sunday Throngs on James J. Jeffries' Ranch

"Ride 'em, cowboy!" yesterday resounded through Burbank as stars of chaps and saddles participated in the Burbank Elks' Lodge's first annual rodeo on the ranch of James J. Jeffries, former world heavyweight champion, on Victory Boulevard. More than 17,000 spectators sat about the big arena and cheered the events.

Andy Jauregui won the calf-roping; Eddie Ward the bucking-broncho contest; Sam J. Garrett the trick and fancy rope spinning; Ken Cooper the steer-riding, and Lloyd Saunders the steer-bulldogging. Trick and fancy-riding exhibitions were given by Drew Stanfield, Sam J. Garrett, Ed Wright, Paris Williams, Mabel Strickland, Bonnie Grey and Rose Smith. King Tut, famous jumping horse, with Bonnie Grey up, closed the exhibition with a leap over an automobile.

Proceeds of the rodeo will be devoted to the Burbank Elks' building fund. The committee in charge of the affair was headed by Exalted Ruler W. E. Lawrence and included Ralph O. Walton, Earl L. White, R. O. Church, R. L. Bergh, Leo F. Gentner, H. H. Lawson and A. C. Fillbach.

Count Karolyi of Hungary to Arrive Today

Count Michael Karolyi, first president of the Hungarian republic, will arrive at the Southern Pacific station at 5:30 p.m. today to fill a number of speaking engagements in and about Los Angeles. A previous announcement erroneously stated that he would reach here yesterday.

The distinguished Hungarian is to be met by a reception committee headed by Dr. Emory Singer and escorted to the Ambassador, where he will make his headquarters while in the city. His tentative schedule calls for addresses at University of California at Los Angeles Wednesday and at a Hungarian banquet at the City Club next Saturday, as well as at California Institute of Technology, Pasadena, and a mass meeting of service clubs at Redondo. The program is being arranged by the Magyar Munkas Otthon, an organization of Hungarian working men.
